

(B) PROGRAM SPECIFIC OUTCOMES (PSOs)

Department of Mechanical

Program shall specify 2-4 program specific outcomes.

- PSO1:** Apply basic knowledge related to Mechanical Design, Manufacturing, Thermal Engineering and CAD/CAM to solve various engineering / societal problems.
- PSO2:** Design, verify, Fabricate and suitable Mechanical functional elements for different applications, with skills to interpret and communicate results.
- PSO3:** Engineering and management concepts are used to analyze specifications and prototype Mechanical experiments/projects either independently or in groups.
