| 13. Mr. M. Rama Rao, Retd., S.E.                          | Member                              |

The following Items are placed before the Academic Council and the resolutions are taken.

Item No 1:

To implement the grace marks in 4 year B.Tech Degree course, who have admitted with BR-16 and BR-18 regulations, not exceeding 0.15% marks of the total marks to one or two subjects in which the student has failed. The students have to acquire 186 credits out of 192 credits to be eligible for the award of B.Tech Degree.

Reasons:

1. Certain representations have been received from the various students and stake holders as it benefits the students to complete the degree.
2. Adding these grace marks helps the student to i) pass in these one or two failed subjects and ii) get eligibility to receive the degree.
3. As JNTUH has implemented grace marks rule (i) Procds No. A1/2557/XXXVIII SCAS/2018 (5) Dated 30.08.2018 ii) Proce.No.JNTUH/EB/210/2020 dated 07-10-2020), students of our college are representing to implement the same.

Item no.2

The eligibility for pursuing B.Tech Degree is not less than four academic years and not more than eight academic years. To implement the extension of another two more years so that the students who took the admission in the academic year 2013 onwards can get benefited. This rule may be made eligible for the students who took admission under BR-12 regulation (i.e. the students who got admitted in the academic year 2012 can also get benefited). After the implementation, the students can complete their B.Tech Degree in ten academic years.

Reasons:

1. Certain representations have been received from the students and stake holders to implement the rule of extension of two more years so that they can complete their B.Tech Degree.
2. As JNTUH has implemented the extension of two more years rule (JNTUH ACADEMIC REGULATIONS R13 FOR B.TECH)

Item no.3

To implement the rule of not cancelling the seat as the student who is unable to clear the subject after having written first time in regular and five more attempts being made, accepting the condition that student needs to write the exam with revised syllabus of the same subject as per the next successive regulations.

Reasons:

1. Certain representations have been received from the students and the parents to implement the above rule.

2. As JNTUH issued guidelines (Univ. Procds No. A1/2557/XXXVIII SCAS/2018(2) dated 30-08-2018.

#### DECISION ON RESOLUTIONS:

##### Resolution (1): Approved

After a thorough discussion, the Academic Council members have agreed to implement the grace marks in 4 year B.Tech Degree course for the students admitted with BR-16 and BR-18 regulations not exceeding 0.15% marks of the total marks of the course from all the semesters, restricted to one or two subjects in which the students has failed thus allowing the students to score 186 credits out of 192 credits to be eligible for the award of B.Tech Degree. However, the remaining candidates will be governed by SICET Academic regulations of 2016-18 academic regulations as mentioned in Note No. 2 of Section 10.

##### Resolution (2): Approved

Taking into consideration all the above points and also in view of the students representations, the members of the Academic Council, after a thorough discussion, have agreed to permit the candidates to write the examinations for two more years after eight academic years of course of study so that within 10 years the students can complete the B.Tech Degree following the JNTUH Academic regulations of R13. This rule will be applicable to the students who got admitted into B.Tech Degree from the academic year 2012 onwards.

##### Resolution (3): Approved

After a thorough discussion, the Academic Council Members approved to implement the rule of not cancelling the seat as the student who is unable to clear the subject after having written first time in regular and five more attempts being made, subject to the condition that student needs to write the exam with revised syllabus of the same subject as per the next successive regulations following the JNTUH guidelines.

# Massive Open Online Courses (MOOCs)

A massive open online course (MOOC) is an [online course](#) aimed at unlimited participation and open access via the Internet. In addition to traditional course materials such as Video lectures, readings, and [problem sets](#), many MOOCs provide interactive user forums to support community interactions among students, professors, and [teaching assistants](#). **Free online learning is easily available at the click of a mouse. We can also find many alternate sources to help user understand user current course material online.**

## ABOUT SWAYAM

---

**SWAYAM is the National MOOCs Portal being developed by MHRD and Govt. of India.**

SWAYAM is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all.

This is done through an indigenous developed IT platform that facilitates hosting of all the courses, taught in classrooms from 9th class till post-graduation to be accessed by anyone, anywhere at any time. All the courses are interactive, prepared by the best teachers in the country and are available, free of cost to the residents in India. More than 1,000 specially chosen faculty and teachers from across the Country have participated in preparing these courses.

The courses hosted on SWAYAM will be in 4 quadrants – (1) video lecture, (2) specially prepared reading material that can be downloaded/printed (3) self-assessment tests through tests and quizzes and (4) an online discussion forum for clearing the doubts. Steps have been taken to enrich the learning experience by using audio-video and multi-media and state of the art pedagogy / technology. In order to ensure best quality content are produced and delivered, seven National Coordinators have been appointed: They are

[NPTEL](#) for engineering, [UGC](#) for post-graduation education, [CEC](#) for under-graduate education, [NCERT](#) & [NIOS](#) for school education, [IGNOU](#) for out of the school students and IIM for management studies

**Courses delivered through SWAYAM are available free of cost to the learners, however students wanting certifications shall be registered, shall be offered a certificate on successful completion of the course, with a little fee.**

SWAYAM platform is indigenously developed by [Ministry of Human Resource Development \(MHRD\)](#) and [All India Council for Technical Education \(AICTE\)](#) with the help of Microsoft and would be ultimately capable of hosting 2000 courses and 80000 hours of learning: covering school, under-graduate, post-graduate, engineering, law and other professional courses.

**All NPTEL online Certificate Courses are SWAYAM Courses too, and they are available on the SWAYAM platform as well.**

## **ABOUT NPTEL**

The main objective of NPTEL is to make learning material available to students of engineering institutions through easier means. The broad aim of the project is to facilitate the competitiveness of Indian industry in the global markets through improving the quality and reach of engineering.

NPTEL provides E-learning through online Web and Video courses in Engineering, Science and humanities streams. NPTEL is an acronym for National Programme on Technology Enhanced Learning a project funded by the Ministry of Human Resource Development (MHRD), provides e-learning through *online* Web and Video *courses* in Engineering, Sciences, Technology, Management and Humanities. This is joint initiative by seven Indian Institutes of Technology (IIT Bombay, Delhi, Guwahati, Kanpur, Kharagpur, Madras and Roorkee) and Indian Institute of Science (IISc) for creating course contents in engineering and science. Contents for the above courses were based on the model curriculum suggested by All India Council for Technical Education (AICTE) and the syllabi of major affiliating Universities in India.

### **NPTEL Online Certification Courses**

From March 2014 onward, NPTEL started offering online certification courses. Every January and July, anywhere between 250-300 courses are offered online - free of cost - for anyone to enroll and learn from. The certification involves writing an exam that is proctored and conducted in 120+ cities across India. 1010 online certification courses have been completed as on date with 288+ courses currently open for enrollment at [onlinecourses.nptel.ac.in](http://onlinecourses.nptel.ac.in). Through an online portal, 4, 8, or 12 week online courses, typically on topics relevant to students in all years of higher education along with basic core courses in sciences and humanities with exposure to relevant tools and technologies, are being offered .

#### **The features are:**

The course enrollment and learning is free while the exam comes for a nominal fee.

- The courses are offered by the faculty of IITs, CMI, IMSc, etc which are of duration 10,20 or 40 hrs.
- Lessons and assignments are released every week. Also there is a discussion forum in which students can interact with the faculty member directly.
- At the end of the course, an in person proctored exam is conducted (which is optional) and the student gets a certificate.

#### **Benefits for a student who participates in an NPTEL online certification course:**

- ✓ **INTERNSHIPS-** From 2018 summer onward, NPTEL has started offering internships to NOC exam toppers with the respective course instructors. Such internships will be offered twice a year.
- ✓ Students gain tangible end results
- ✓ Students can review and assess their own progress through assignments(weekly)
- ✓ Continuous assessment and interaction with course faculty
- ✓ Discussion forum of like-minds to discuss problem areas

✓ Students get access to mentors Certificate from the IITs, to improve job prospects

**Link:** <https://onlinecourses.nptel.ac.in/>

A MOOC (Massive Open Online Courses) is a platform where free online courses are available. Any person, student, faculty, researcher etc can enroll and improvise their knowledge in specific domains of their choice and interest. Students can gain new knowledge, advance their career options; learn new skill set in an affordable and flexible way.

SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged.

National Programme on Technology Enhanced Learning (*NPTEL*) is a project of MHRD initiated by seven Indian Institutes of Technology (Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati and Roorkee) along with the Indian Institute of Science, Bangalore in 2003, to provide quality education to anyone interested in learning from the IITs. The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level.

Justice Basheer Ahmed Sayeed College for Women, Teynampet, Chennai is an ACTIVE SWAYAM-NPTEL Local chapter. Students and faculty members regularly take up SWAYAM MOOC courses every semester and have successfully obtained certificates. Some of the courses taken up by the students include leadership, financial accounting, python for data science, operations research, stress management, cloud computing, human resource development, consumer psychology, fluid mechanics, software engineering, population studies, etc.,

Our College has been recognized as the "BEST LC IN ARTS, SCIENCE AND COMMERCE CATEGORY" outside the top 100 local chapters based on the performance in NPTEL online certification courses during the June-Dec 2019 session.

### Women Empowerment and Grievance Cell

"AN EMPOWERED WOMAN IS POWERFUL BEYOND THE MEASURE  
AND BEAUTIFUL BEYOND THE DESCRIPTION"

#### Visionary points

Sri Indu College of Engineering and Technology WEGC have been instituted to provide a conducive environment for girls and women to ensure their freedom, safety and security in an atmosphere of equality and dignity also to facilitate their participation and success in higher education.

**PRINCIPAL**

Sri Indu College of Engineering and Technology

(V): SHERIGUDA-501 510,

Ibrahimpatnam(M), R. R. Dist.

## **Mission**

The Women Cell shall strive to create a better and just society by creating awareness of feminine potential.

## **Objectives**

- To make the women staff and students aware of their social and legal rights and to equip them to stand against gender violence and gender discrimination.
- To address the grievances and to provide a dignified, congenial working environment for women employees and students, where they can work, study and explore their maximum potential.
- To highlight the importance of health and hygiene.
- To develop multidisciplinary approach for the overall personality development.
- To encourage greater participation and to develop responsible and value oriented leadership in the students.
- To promote awareness about sexual harassment in their daily life formally or informally.
- To encourage and develop the entrepreneurial skill in women through seminars and workshops.

## **Role and responsibilities of WEGC (SICET) faculty representative**

- To monitor and counsel women students of their department, in the case of requirement.
- To bring awareness among women about government support services and college support services.
- To conduct competitions such as presentations, elocution, essay writing and painting to encourage women students to express their ideas.

**PRINCIPAL**  
Sri Indu College of Engineering and Technology  
(MIR): SHERGUDA-501 510,  
Washimnatham(M), R.R.Dist.

## Role and responsibilities of Student in charges

- To spread the objectives of WEGC among the women students.
- To participate actively in the events and competitions organized by the cell and encourage other women students to participate.
- To interact regularly with the women students of the class.
- To bring to the notice of the faculty representative of their respective department, if any gender specific issue arises among the women students.

## How to reach us

- Any women student of SICET can contact WEGC members either in phone or through email about their problem where it can be solved highly confidentially
- This cell is meant for maintaining the records of grievances, actions taken thereon and settlement of grievances. The cell is headed by the Principal, consisting of administrative officer and faculty members. The grievance box is placed in the girl's waiting rooms where students have to drop their grievances, if any. The box is opened once in a week and checked. Any grievance found in it is scrutinized and necessary actions are immediately taken by the Cell. In case of emergency, the Principal calls a meeting and addresses the problems immediately. During the cell is resolving the difficulties of the girl students' grievances. It was settled amicably.
- **Coordinator or Principal** regularly attends to these problems.
- In order to maintain safety and security to the girls and women, a cell has been constituted for redressed of grievances. Our women grievance cell stays alert all the time to prevent any sexual abuse towards the students and female workers. If the students face any harassment from the staff or workers, then they can complain at our women grievance cell. The members will look into the issues, gather the evidence, and take the necessary action against the guilty. We also focus on preventing this kind of harassment by using secret monitory services, which keep a keen eye on the entire campus.
