

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF ELECTRONICS AND COMMUNICATON ENGINEERING

SAFETY MEASURES IN LABORATORIES

Sr. No.	Name of the Laboratory	Safety measures
1	Electronic Devices and Circuits Laboratory	<ol style="list-style-type: none">1. General Rules of Conduct in Laboratories are displayed.2. First aid box, Fire extinguisher is kept in the laboratory.3. CCTV camera attached in all labs.4. Periodical servicing of the lab equipment.5. Maintain a clean and organized laboratory.6. Avoiding the use of cell phones.7. Appropriate storage areas8. Permission denied for pen drives.9. Sign the log-out register before leaving the lab.10. Computers should be turned off properly before leaving the lab.11. Students must remove their foot wears before entering into the lab.12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).
2	Basic Simulation Laboratory	<ol style="list-style-type: none">1. General Rules of Conduct in Laboratories are displayed.2. First aid box, Fire extinguisher is kept in the laboratory.3. CCTV camera attached in all labs.4. Periodical servicing of the lab equipment.5. Maintain a clean and organized laboratory.6. Avoiding the use of cell phones.7. Appropriate storage areas8. Permission denied for pen drives.9. Sign the log-out register before leaving the lab.10. Computers should be turned off properly before leaving the lab.11. Students must remove their foot wears before entering into the lab.12. The student must check the computer unit and its peripherals attached before using it. The

		student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).
3	Digital System Design Laboratory	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).
4	Electronic Circuits Analyses Laboratory	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).

5	IC Applications Laboratory	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer(hardware/software).
6	Analog and Digital Communication Laboratory	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).
7	Data Communication and Network Lab	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment.

		<ol style="list-style-type: none"> 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer (hardware/software).
8	<p style="text-align: center;">Microprocessors and Microcontrollers Laboratory</p>	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives. 9. Sign the log-out register before leaving the lab. 10. Computers should be turned off properly before leaving the lab. 11. Students must remove their foot wears before entering into the lab. 12. The student must check the computer unit and its peripherals attached before using it. The student must immediately inform the instructor if there's any defect, error or damage observed at the computer(hardware/software).
9	<p style="text-align: center;">Digital Signal Processing Laboratory</p>	<ol style="list-style-type: none"> 1. General Rules of Conduct in Laboratories are displayed. 2. First aid box, Fire extinguisher is kept in the laboratory. 3. CCTV camera attached in all labs. 4. Periodical servicing of the lab equipment. 5. Maintain a clean and organized laboratory. 6. Avoiding the use of cell phones. 7. Appropriate storage areas 8. Permission denied for pen drives.
