# **ENVIRONMENTAL POLICY**

## **Policy Statement:**

**SICET is committed to impart quality education in a serene, conducive environment with extreme care for nature in all the activities conducted towards the ultimate good of society.**

## **The objectives of the policy in promoting sustainability and environmental awareness are:**

- To ensure sustainable Green Campus through landscaping with trees and plants, reduce air pollution, and maintain a plastic-free environment.
- To conserve water resources by Rain Water Harvesting, recharging of bore wells, recycling of wastewater, and maintaining a clean water distributionsystem.
- To reduce energy consumption, energy waste and to promote clean energyresources.
- To handle and dispose of degradable and non-degradable waste through safe and environmentally sustainable methods.
- To educate the students and the staff on the sustainable development, conservation of natural resources and encourage them to work in an environmentally responsible manner.
- To inspire the students and the faculty to involve in collaborative research, innovative projects, start-ups related to environmental issues, sustainable solutions, and rural development, and also to contribute to national-level initiatives by the government.
