International Women's Day

8th March, 2022 is International Women's Day - devoted to celebrating the achievements of women and seeking gender equality. The theme this year is BreaktheBias - and campaigners are urging people to call out gender stereotyping and discrimination when they see it.

The United Nations observance of International Women's Day will be held virtually on 8 March

The theme for this year's observance is "Gender equality today for a sustainable tomorrow".

The year 2022 is pivotal for achieving gender equality in the context of climate change, and environmental and disaster risk reduction, which are some of the greatest global challenges of the twenty-first century. Without gender equality today, a sustainable future, and an equal future, remains beyond our reach.

This year's IWD observance is in recognition and celebration of the women and girls who are leading the charge on climate change adaptation and response, and to honour their leadership and contribution towards a sustainable future.

Lighting the lamp on the inaugural ceremony of Women's day and also delegates of legal departments invited to share their valuable information on Law Awareness Programme .

Chairman Sir addressing the gathering on the occasion of International Women's Day 2022 Celebrations

National Science Day

28th February is celebrated as National Science Day (NSD) in India. NSD is celebrated to commemorate discovery of the 'Raman Effect', which led to Sir C.V. Raman winning the Noble Prize.

In 1986, the National Council for Science and Technology Communication (NCSTC) asked the Government of India to designate 28 February as National Science Day which the then Govt. of India accepted and declared the day as National Science Day in 1986. The first National Science Day was celebrated on February 28, 1987.
The theme of NSD-2022 is "Integrated Approach in S&T for Sustainable Future".
The four fold approach of integration would consist of

- integration of all the scientific departments which can work on theme based approach;
- extended scientific integration encompassing engineering, medical and other institutions;
- extra scientific integration involving identification of the needs of other ministries like jal shakti, railways etc; and
- extended science driven all inclusive approach integrating startups & industry.

National Science Day on 28-02-2022

Mother Language Day (Mathrubasha Diwas)

Multilingual and multicultural societies exist through their languages which transmit and preserve traditional knowledge and cultures in a sustainable way. International Mother Language Day is observed every year to promote linguistic and cultural diversity and multilingualism.

The theme of the International Mother Language Day 2022 is “Using technology for multilingual learning: Challenges and opportunities”. It will highlight the potential role of technology to advance multilingual education and support the development of quality teaching and learning for all, according to the UNESCO website.

Prof. Dr. P.Mallesham, delivering speech on Mother Language Day (Mathrubasha Diwas) on 21-02-2022

Basant Panchami

Basant Panchami is a **Hindu festival, celebrated during Spring usually in February**. Goddess Saraswati is worshipped on this auspicious day, who is the goddess of knowledge, music, and learning. Schools, colleges, and other educational institutes celebrate this day throughout India.

Basant or Vasant Panchmi is one of the prominent Indian festivals that celebrates the advent of Spring Season. This festival is also celebrated as Saraswati Puja, an ode to Goddess Saraswati, the deity of wisdom, knowledge or gyan, art, and culture. This auspicious festival is celebrated with a lot of joy, happiness, excitement, and devotion. People get dressed up in yellow, representing the mustard fields of Haryana and Punjab. On this day, children attending the school for the first time are encouraged to write their first words in front of the Goddess Saraswati Pooja.

History Of Basant Panchmi

Although there are lots of stories about Basant Panchmi and why it is celebrated, one story that finds a lot of credence is about Kalidasa, the famos poet. As the legend goes, when Kalidasa was spurned by his wife, he decided to put an end to his misery and commit suicide. He decided to jump in a river and end his life by drowning. As he was about to jump, Goddess Saraswati emerged from the river and blessed him with immense wisdom. He went on to become a famous poet.

BASANTHA PANCHAMI PUJA IN THE CAMPUS 2022

The auspicious festival of Basant Panchami is being celebrated on 05-02-2022 in the campus. Goddes decorated with New Saree and flowers. The day is dedicated to Goddess Saraswati, who is regarded as the Goddess of knowledge, music, arts, science, and technology. Basant Panchami is also known as Shri Panchami, Vasant Panchami, and Saraswati Panchami, in some parts of the country. Dr. G.Suresh Principal, Professor Dr. Mallesham, Sri. L. Satyanaryana and Sri G. Balakrishna Reddy Administrative officers, All HODs Teaching and Non Teaching Staff attended and celebrated in puja.

Republic Day

Republic Day is celebrated on January 26 every year to remember the day when the Constitution of India came into effect after India gained independence after a very long freedom struggle. A salute of 21 guns and the unfurling of the Indian National Flag by Dr. Rajendra Prasad heralded the historic birth of the Indian Republic on that day. Thereafter 26th of January was decreed a national holiday and was recognised as the Republic Day of India.
Ever since the historic day, January 26 is celebrated with festivities and patriotic fervor all around the country.
Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of progressive India and the glorious history of its people, culture and achievements. Azadi ka Amrit Mahotsav is an embodiment of all that is progressive about India's socio-cultural, political and economic identity. The official journey of "Azadi ka Amrit Mahotsav" commenced on 12th March, 2021 starting its 75-week countdown to our 75th anniversary of Independence.

About IIC 4.0

IICs is a faculty-experts-student council which takes on multiple activities to promote Innovation and Entrepreneurship round the year. IIC's objective is to prepare the students with skills like critical thinking, Design Thinking, Innovative thought process and Entrepreneurial mindset.

IIC 4.0 is an upgraded version of IIC 1.0, 2.0 & 3.0. Many features regarding monitoring & submission of reports, assessment criteria, star scheme, type of activities etc. have been added on IIC portal. IIC 3.0 is more comprehensive and will be able to establish a strong ecosystem of innovation, IPR and entrepreneurship in HEIs.

Features:

- Semester Based Approach for Preparing and Advising Annual Calendar Plan for IICs.
- Learning Modules for the Activities scheduled as part of IIC Annual Calendar.
- Self Driven and MIC Driven Activities and Differential weightage/ scoring system for each type of activity category.
- Report submission and evaluation by MIC on Quarterly Basis.
- Introduction of New Scoring Mechanism for Rating & Quarterly Rating System.

Mathematics Day

Every year, 22 December is observed as **National Mathematics Day** to mark the birth anniversary of Srinivasa Ramanujan, a legendary Indian mathematician. His contributions to number theory, infinite series, mathematical analysis, etc., are considered instrumental. Mathematics Day is marked to celebrate his works and recognize him as a legend in mathematics.

National Mathematics Day is an occasion to remember Ramanujan's great achievements and reflect on the significance of mathematics in our everyday lives. Know more about the history and significance of this day here. On the occasion of Mathematics Day 2022, it is important to know more about the man after whom this day is dedicated. Srinivasa Ramanujan was born to a Tamil Brahmin family in 1887 at Erode in Tamil Nadu. Although he did not receive a formal education in mathematics, his contributions provided in-depth analyses to solve complex mathematical problems using new concepts and ideas. Ramanujan is fondly known as 'the man who knew infinity.'

Mathematics Day

Smart Agriculture, E-Agriculture, Agriculture Drone, IOT based Soil Monitoring System

Climate-smart agriculture (CSA) is **an approach that helps guide actions to transform agri-food systems towards green and climate resilient practices**. CSA supports reaching internationally agreed goals such as the SDGs and the Paris Agreement

Smart farming" is an emerging concept that refers to managing farms using technologies like IoT, robotics, drones and AI to increase the quantity and quality of products while optimizing the human labor required by production.

e-Agriculture is a global community of practice that facilitates dialogue, information exchange and sharing of ideas related to the use of information and communication technologies (ICTs) for sustainable agriculture and rural development.
The mission of e-Agriculture is to facilitate the discussion on the adoption and use of ICTs and digital innovations in agriculture, forestry, fisheries, natural resource management and rural development.
e-Agriculture was born out of **Action Line C7 ICT Applications: e-agriculture** from the World Summit on the Information Society (WSIS). The Food and Agriculture Organization of the United Nations (FAO of the UN) was assigned as facilitator of this action line and also took up the role of the facilitation of the e-Agriculture Community of Practice

37 Career guidance

Career guidance is the guidance given to individuals to help them acquire the knowledge, information, skills, and experience necessary to identify career options, and narrow them down to make one career decision. This career decision then results in their social, financial and emotional well-being throughout.

Ultimately, career counselling can **help individuals make informed decisions about their careers, leading to greater satisfaction and success**. Navigate the job market: A career guidance counsellor can help an individual learn about different job options that are available, and help them understand the job market.

Education Matters through Global education career

EDUCATION MATTERS, established in 2003 is a leading professional international education consulting company. We apply an inspirational approach to the world of learning, successfully integrating the process of education and career counselling into a unified vision. Our head office is in Chennai-South India with company owned office in Hyderabad. Our work has the best wishes of His Excellency Shri M. Venkaiah Naidu and our Honorable Prime Minister Mr.Narendra Modi. On our 10th Corporate and, Education Matters is privileged to receive a message of good wishes from Her Majesty the Queen of England.

Student Development Program

Student Development Programme focuses on the enhancement of the skills of the students apart from regular academic development. It aims at increasing levels of understanding of the concepts and practical implementation of knowledge along with their research aptitude.

The main purpose of the program was to enhance students Perception and Cognitive Thinking Abilities. Events & activities are planned & organized by the students themselves, which provides them an opportunity to learn ideation, planning & execution, team & resource management, time management etc.

Day Company Specific Training Programme

Employee training is a program that helps staff receive specific knowledge or skills to enhance performance in their current job positions. Employee development is a broader concept. It is focused more on employee growth and addresses a future role, rather than a current one.

Types of training to develop a holistic employee.

- Technical or Technology Training. ...
- Quality Training. ...
- Skills Training. ...
- Soft Skills Training. ...
- Professional Training and Legal Training. ...
- Team Training. ...
- Managerial Training. ...
- Safety Training.

General training raises a given worker's productivity equally at all firms. Specific training has no effect on the productivity of trainees that is useful in other firms.

Behavioral coaching is a form of mental health care that's more accessible than traditional therapy. It involves a skilled professional who provides support and guidance to people struggling with mild to moderate mental health issues like anxiety and depression.

Career Counselors - Skills and Abilities

- Listen to others and ask questions.
- Speak clearly so listeners can understand.
- Understand written information.
- Understand spoken information.
- Read and understand work-related materials.
- Write clearly so other people can understand.

World Recorder for Motivational Speech

The first record that Mr Naga Prasad made was on the 25th of January, 2001, on the campus of Gogte Institute of Technology, Belgaum, and Karnataka. In the presence of the judges, press, principal of the college and staff & students of the college, he made the record over a period of one hour of making 505 paper rockets and flying them at a minimum throwing distance of 5 feet. It was a commendable target to achieve, breaking the previous record of 263 paper rockets in one hour, by Mr.Ramesh Babu, a Professor.

Motivational Programs

1. Overcome adversity-capturing the value in every failure as well as every success
2. Take control of their own accomplishments and their own destiny
3. Relate to others with increased empathy
4. Gain perspective and match their life to their values
5. Motivate themselves and those around them
6. Come to terms with potential negatives
7. Creativity and Creative problem solving
8. Human Resource Development tools and Technology
9. Motivation and Achievement Laboratory
10. Mind Management for Managers
11. Business Coach
12. Coaching mentoring
13. Be a future corporate leader
14. Igniting minds to overcome thresholds
15. Peak Performance Coaching
16. Life coaching
17. Emotional Fitness Coaching
18. Stress Free Excellence Coaching
19. Executive Personal Brand and Image Coaching
20. Personal Coaching / Mentoring Program
21. Business Costs of Emotional Illiteracy-The Missing Ingredient
22. How to synergize personal traits to suit the organisational need
23. Becoming the best in the world
24. Faculty development program
25. Entrepreneurship development program
26. Orientation

Three days Induction classes were conducted for
1st year B.Tech. students admitted for the AY 2021-22 batch.

Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed.

Induction training must be comprehensive, collaborative, systematic and coherent to be effective and make a positive impact with the trainee. According to TPI-theory, training should include development of theoretical and practical skills, but also meet interaction needs that exist among the new employees.

During an induction, you will: be introduced to the people you will be working with. Be shown around your place of work. be told about what you will be doing on a day to day basis.

Orientation programmes are aimed at familiarizing the students to an unknown campus environment, its faculties and infrastructure. It enables them to make essential connection with studies and develop network among other peers.

At orientation, you'll learn the lay of the campus and meet with your academic advisor so you can pick and register for classes. You'll also learn more about the campus culture and traditions and have the opportunity to make friends.

The Orientation programme is of three weeks duration with a minimum of 18 working days and 108 contact hours (six hours per day).

One of the main objectives of an orientation program is to integrate employees into their new work environment. The goals of orientation are to: Familiarize new hires with your organization's history, current undertakings, and future plans. Inform them about relevant policies and procedures.

SOFT SKILLS TRAINING

Soft skills are a combination of abilities related to people and social situations rather than a person's technical abilities. Some common examples of soft skills are relationship-building, teamwork, communication, problem-solving, and leadership.

The seven soft skills that are commonly requested by employers are: teamwork, problem solving, communication, adaptability, critical thinking, and time management and interpersonal.

Quantitative aptitude, Reasoning - Analytical, Logical, Verbal ability - Vocabulary, Grammar, Reading – Comprehension, Goal setting, Group Discussion Skills, HR Interview skills, Resume preparation & Drafting Job application and Spoken / Communicative English

Traditional Day

It's **a day designated for all to come in traditional attire from their home state, or specific culture of their choice**. Everyone at the institute came dressed in their best ethnic attires. Students, teaching and non-teaching staff participated with great ecstasy.

National Youth Skill Day Celebrations 5 Days

The resolution highlighted the importance of youth skills development at a global level. The resolution was adopted on 18 December 2014 and it was declared that every year **15 June** will be observed as World Youth Skills Day

The celebrations of World Youth Skills Day 2022 highlighted the ongoing focus on the Transforming Education Summit (September 2022), and contributed to the work being done under its Thematic Action Track "**Learning and skills for life, work, and sustainable development**".
