INFOSYS CAMPUS CONNECT

Campus connect launched by Infosys is a unique academia -industry Initiative to “architect the education experience. It conducts “**Train the Trainer Program**” on various technologies including Foundation level Advanced and soft skills. Infosys provides training to Faculties and Students so that they can equip students for placement Drives.

SOFT SKILLS TRAINING

In the present world largely driven by service industry, soft skills are much sought after, especially by IT companies. Very often recruiters, because of absence of these skills reject majority of the candidates. As we are all aware, the undergraduate years coincide with the most impressionable age of the students where their attitudes are developed and preference & interests formed. Therefore before stepping into the world of work students require proper initiation and the right personality. Personality enhancement program at our college are thus exclusively designed to prepare entrepreneurial, learnable and employable students.

GUEST LECTURES/ FDPs/SEMINARS/WORKSHOPS

Several Guest Lectures from various Institutional and Industrial Experts in various fields were organized by departments for an in-depth understanding of the subjects. Through guest lectures, we bring our students to face to face with eminent academicians, Industries and entrepreneurs.

START-UP & INNOVATION

Sri Indu College of Engineering and Technology (SICET) formed “Start-up & Innovation Cell” intending to create an integrated, college and university-based innovation ecosystem to support innovations and ideas of faculty members and young students and provide a conducive place and environment for optimum output of their thoughts and creative ideas.

The Entrepreneurial vision, defined by discovery and risk-taking, is an indispensable part of a nation’s capacity to succeed in an ever-changing and fiercely competitive global marketplace. A Start-up & Innovation Cell has been established at our institute to support this vital need of the present times.

The Start-up & Innovation Cell aims to provide a platform for the convenient merger of innovative and entrepreneurial efforts. The idea is to foster and facilitate innovation and entrepreneurship among the faculty and students through mentoring, training, and financing. The thrust is on innovation and incubation to transform a seemingly simple and novel idea into a marketable product and thus help an innovator of today to become an entrepreneur of tomorrow.
