PROCESS MANUAL FOR SLOW LEARNERS

&

ADVANCE LEARNERS

(IDENTIFICATION & ACTIVITIES)

METHODOLOGIES TO SUPPORT SLOW LEARNERS (WEAK STUDENTS) AND ENCOURAGE FAST LEARNERS (BRIGHT STUDENTS)

Guidelines to identify Slow Learners (weak students)

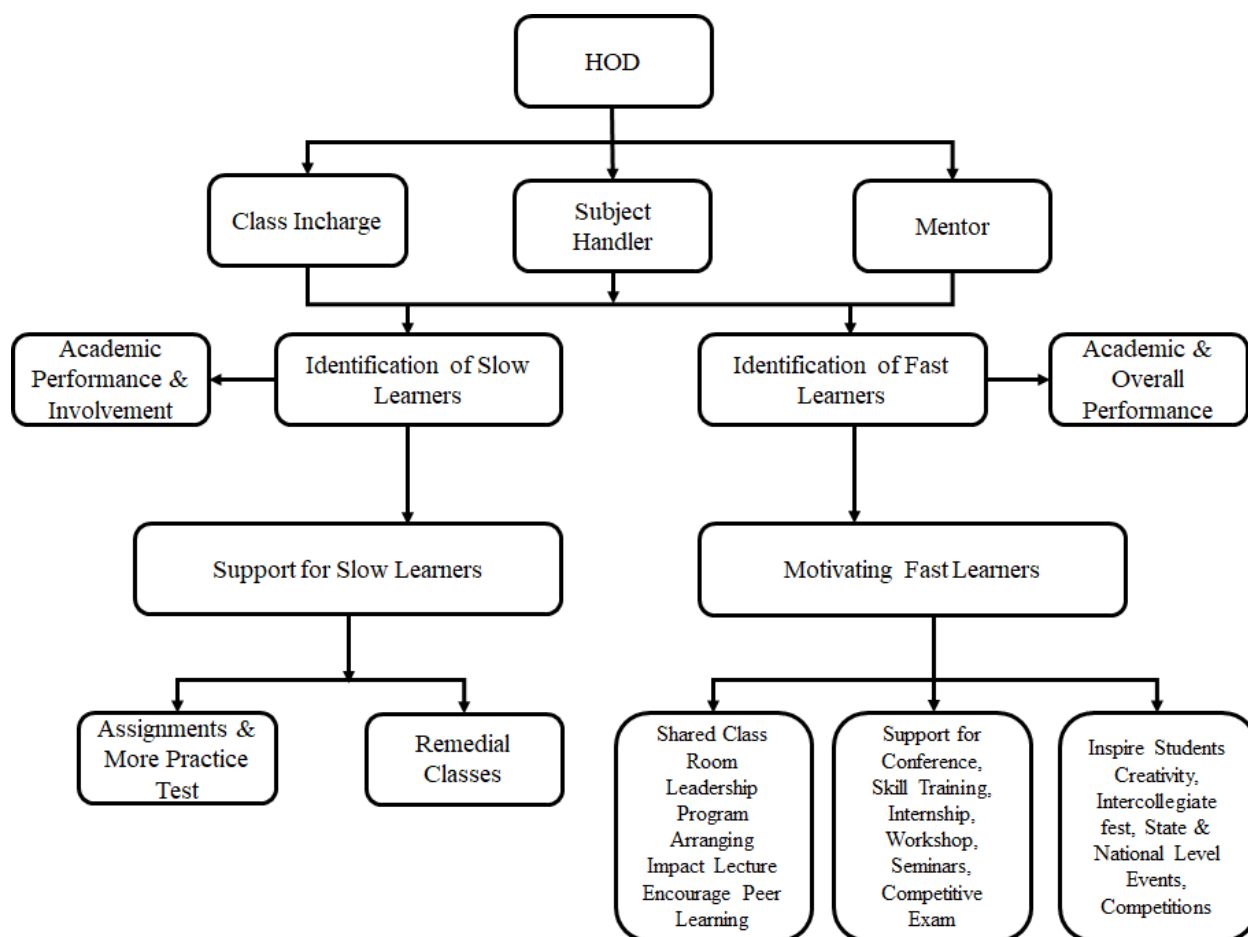

The Counselors regularly conduct meetings regarding progress of their mentees and are responsible to identify students who scored less than 50% marks in their internals. Under the HOD direction, the students Counselors evaluates the progress of those students who score below 50% marks in three or more subject and below 75% attendance are considered as **academically weak students** and same is also intimated to their parents.

Identification Criteria	Actions taken
Students scoring less than 50% of marks in Internal Assessment.	1. Student counselor follows their progress regularly advising students about attending classes, making up classes missed, and getting additional help. 2. Intimating parents to counsel their wards. 3. Conduction of remedial classes
Diploma students who entered with less basics of mathematics	Conduction of remedial classes.
Students who fail in semester exams	Conduction of extra classes to those who failed in previous semester subjects.

Guidelines to identify Bright students

Identification Criteria	Actions taken
Students awarded with First Class with Distinction (FCD) in their Semester exams.	FCD functions are conducted to felicitate those students and Mementos are also distributed to motivate them to continue their Excellency in academics. to take up mini projects& encourage to participate in inter college national/international fest, motivate to take Competitive Exams, Civil Service Exams etc.,
Top three students of each class.	Awarded with mementos
Students securing ranks at University level.	Distribution of Gold medals

PROCESS FOR ENCOURAGING BRIGHT STUDENTS AND ASSISTING SLOW LEARNERS

Activities for slow learners:

- i) Special Coaching class for slow learners.
- ii) Providing handwritten notes for easy understanding.
- iii) Giving counseling for slow learners.
- iv) Group study methodology.
- iv) Giving additional learning materials like question bank, university question papers etc.

Following Special activities are conducted for Advanced Learners:

- i) Guiding for career planning.
- ii) Discussion or seminar on the advanced topic
- iii) Guiding and encouraging communicating research papers in conferences/Journals
- iv) Guiding the students for GATE/Competitive Examinations.

- v) Training programs for gaining advanced technical know-how.
- vi) Encouraging to participate in various symposiums like quiz, poster presentation, Conferences, inter institution competition etc.

Roles and Responsibilities of Subject Teacher:

Subject Teacher is responsible for carrying out different aspects of slow learner and advanced learner identification and activities to be conducted

Subject Teachers will be responsible for:

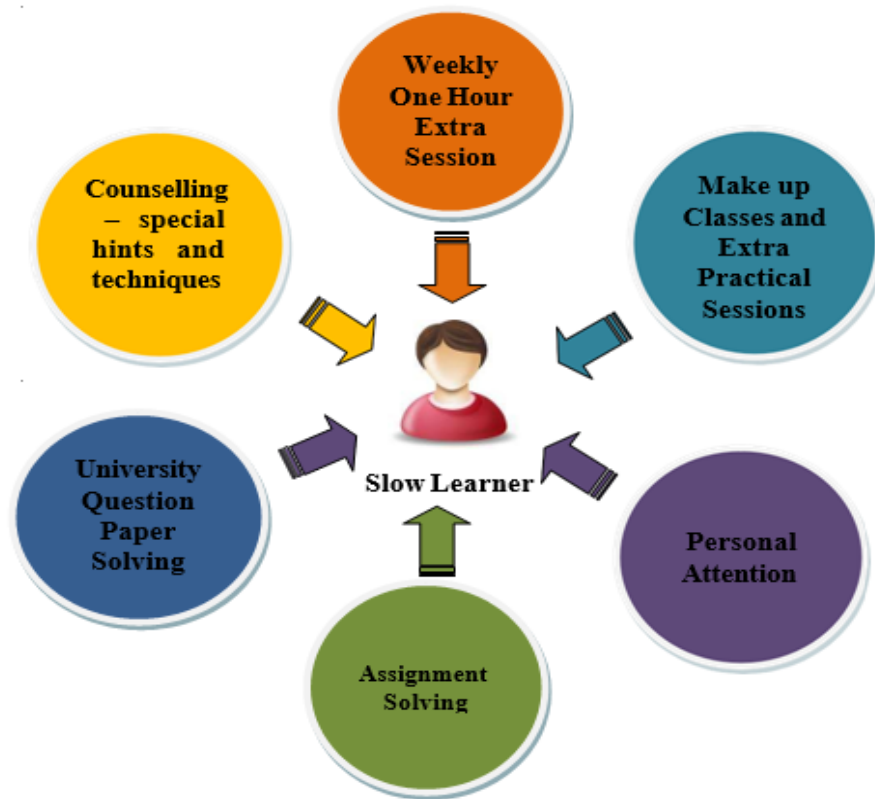

- i) Conducting class test on unit 1 of 20 marks and duration of one hour.
- ii) Evaluation of class test answer sheets and preparing the class test result report of class
- iii) Preparing and maintaining report for whole class based on parameter decided for assessment of the learning levels of the students with their weightage
- iv) Preparing separate list of slow and advanced learners
- v) Preparing schedule for extra sessions /problem solving sessions / revision sessions for slow learners.
- vi) Conducting the sessions for slow learners as per prepared schedule.
- vii) Maintaining the attendance of slow learners sessions.
- viii) Preparing the list of advanced assignment or list of tasks assigned to advanced learners.
- ix) Preparing the report after university result declaration of current semester which shows the improvement in performance of slow learners to close the loop.
- x) Maintain the all records for slow learners and advanced learners activity

Documents to be maintained

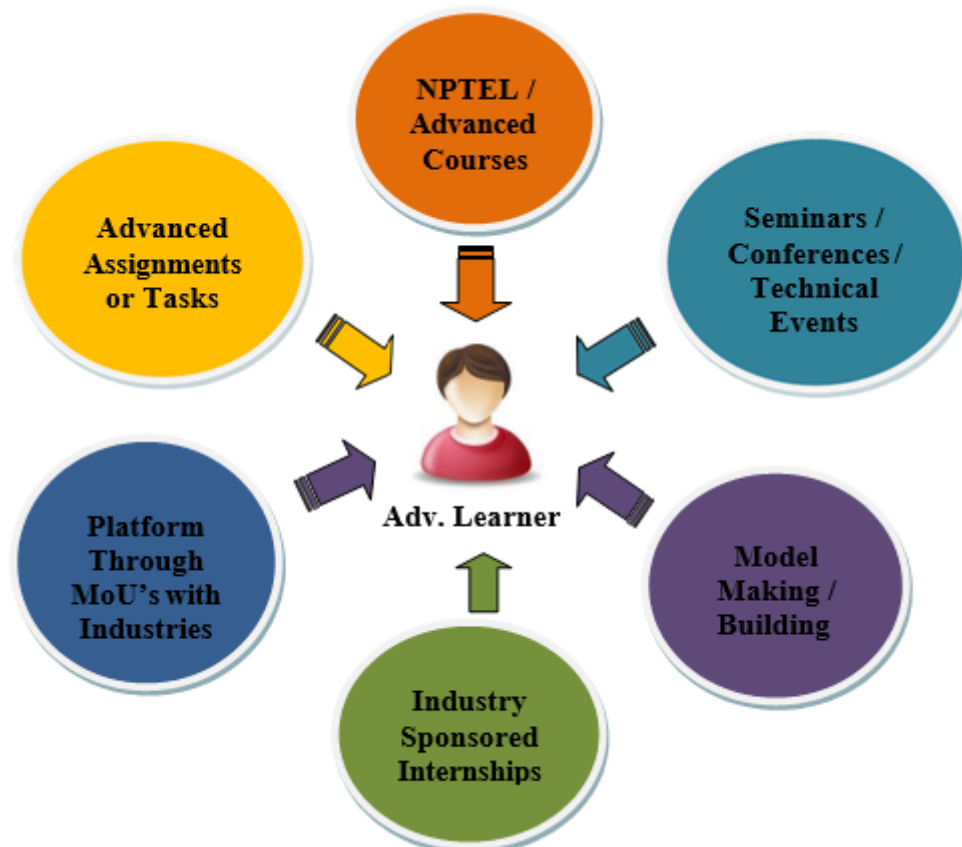

- i) Cover page for Slow & Adv. learners Activity
- ii) Report of result of class test / unit test
- iii) Report of marks obtained based on above parameter
- iv) List of slow learners
- v) List of Advanced Learners
- vi) Schedule of activity for slow learners
- vii) Attendance record for session conducted for slow learners
- viii) Report of performance improvement for slow learners
- ix) List / Record of tasks given to advanced learners
- x) Photos as proof of evidence

Expected Outcome

- i) Timely conduction of slow learners activities
- ii) Records based on student progress and observation.
- iii) Improvement in University Result.
- iv) Improving Students skills
- v) Up skilling the Quality of Self-Learning

SRI INDU COLLEGE OF ENGINEERING & TECHNOLOGY

Department of Computer Science & Information Technology

II Year – I Semester

Subject Name: Data Structures

Remedial Test (MCQs - Questions)

Multiple Choice Questions:

Q1 Provide the format for the representation of string in the memory in C language?

1. Represented as an array of characters
2. Can be represented as an object of some type of class
3. Could be the same just as the other primitive data types
4. Could be the Linked list of Characters

Answer: 1

The correct way for the representation of string in the memory in C language is represented as an Array of Characters.

Q2 Can you tell the advantage of using the array data structure among the following statements?

1. The entities of mixed type of data types could be easily stored
2. The access to the elements present in the array is a little easy
3. Always the index number of the first element present starts from the number 1
4. None of the above

Ans: 2 is the correct answer because, in an array, the elements present are stored in the block of memory. So it becomes easy to access it.

Q3 Which among the following is the queue data structure's applications?

1. When among the many or multiple users, a resource is shared.
2. Balancing of the load.
3. When the transferring of the data is asynchronous
4. All of the above

Answer: 4 All the above as all these features are the applications of queue type of data structure

Q4 Name the type of data structure among the following that could be used to implement queues?

1. Linked List type of data structure
2. Array type of data structure

FORNITURA DI MATERIE PLASTICHE

14 June 1900

Soph

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Department of

ECE

Date: 29/12/22
Session: FN

Sub. Code & Title

R20EEE2104 Network Theory

Academic Year:

22-23

Year/Sem.

II/I

Faculty Name & Designation

T. SRINIVAS Asst. Prof.

Type of Student (Tick)

Slow Learners

Advance Learners

DETAILS OF REMEDIAL CLASS - C-sec

Name of the Activity

Board presentation & PPT

Venue

Class Room:

EC106

Duration:

1 hour

No. of Students Participated

12

Contents

Transient Response of RLC series & 11el ckt's

Objective/Purpose

To get more marks

Outcomes

Assignments submitted

Effectiveness

More Topics given on Assignment

Faculty In-charge

HOD

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE & INFORMATION TECHNOLOGY

2.2.1 The institution assesses the learning levels of the students and organises special Programmes to cater to differential learning needs of the student

SLOW LEARNER IMPACT ANALYSIS

	Modes		
Action Taken	Remedial Test	Question wise Discussion	Open Book Test
	Key Word Preparation	Counseling	Home Test & Assignment
	Measures		
Effectiveness	Assessment Conducted	Academic Involvement	Technical Fitness
	Feedback	End Exam Results	Confidence
	Outcomes		
Impact	After conducting Remedial Test, students were able to score above 70% based on the outcome of the assessment.		
	Their activeness in the classroom measures the academic involvement of the individuals.		
	Content delivery in the remedial test evidencing the technical fitness		
	Collected feedback on support for slow learners, which ensured the importance and usefulness of the initiatives		
	Improved overall end examination results were proving the direct impact of the slow learners support.		
	All these supportive activities were built the confidence level of the weaker students which made them to be highly regular to the class with positive mindset.

Circular

Year/Sem : III/I

Date: 14.11.2022

In order to motivate the advance Learners to enrich their Knowledge and Skills, the department has taken an initiative and Identified various Skill Oriented Activities and also Faculty Coordinator were Identifies for various Group of Advance Learners. The following details were includes Student Coordinator's, Faculty Coordinator's and List of Advance Learner.

The schedule of classes is attached with this circular.

All the students are informed to follow the Schedule without fail.

Following Special activities are conducted for Advanced Learners:

- i) Guiding for career planning.
- ii) Discussion or seminar on the advanced topic
- iii) Guiding and encouraging communicating research papers in conferences/Journals
- iv) Guiding the students for GATE/Competitive Examinations.
- v) Training programs for gaining advanced technical knowledge
- vi) Encouraging in participating various symposiums like quiz, poster presentation, Conferences, inter institution competition etc
- vii) Guiding and encouraging the students to take membership in the reputed technical forums, like IETE, ISTE etc,.

In the month of Jan – 2022, the department established a Student Chapter in IETE. 176 students are initially joined in this Chapter. This ISF is started with the intension of conducting many technical programs in the department. Following are the proof for the ISF.

Head of the Department (ECE)

Along with the Subjects Schedule, additional facilities are also included in the time table for students like Sports, Seminar, Counseling, Internet, Soft Skills and Library.

- In Sports hour, students will communicate with each other and they develop leadership qualities and team work.
- In the Seminar hour, Students will present their Presentation Skills, Gestures, Communication skills.
- Counseling hour is used for Faculty- student interaction. Students will specify their academic problems and counseling is given by the lecturers.
- Internet hour is used by the students for preparation of seminar topic, presentation, projects.
- Soft skills are the personal attributes, personality traits, inherent social cues, and communication abilities needed for success on the job. Soft skills characterize how a person interacts in his or her relationships with others. Soft skills include attitude, communication, creative thinking, work ethic, teamwork, networking, decision making, positivity, time management, motivation, flexibility, problem-solving, critical thinking, and conflict resolution.
- A Library is collection can include books, periodicals, newspapers, manuscripts, maps, prints, documents, microform, CDs, videotapes, DVDs, Blu-ray Discs, e-books, audio books, and other formats. Student's uses all the available resources for the preparation of seminar topics, notes.

24	DACHEPALLY SANTHOSH	18D41A0557	AI For Everyone	https://www.coursera.org/account/accomplishments/verify/PFEE7VTVRU8K
25	Srivani	19D45A0519	Algorithmic Toolbox	https://www.coursera.org/account/accomplishments/verify/DBPL7GA6DKJG

NPTEL PROOFS

II-I

NPTEL topic on An Introduction to Programming Through C++

II-I

NPTEL Topic On Python for Data Science

III-I

NPTEL topic on the Data Science for Engineers

III-I

NPTEL topic on Blockchain and its Applications

IV-I

NPTEL topic on Cloud Computing and Distributed Systems

IV-I

NPTEL topic on AI:Constraint Satisfaction

II YEAR-I SEMESTER (21 - 22)

Roll No	Name of the Student	Seminar Title
21D41A1230	KADIYALA SHIVANI	Search In Social Media
21D41A1232	KAMATHAM GOPIKA	Deep Learning
21D41A1236	KASTHALA SHARATH CHANDRA	Register Transfer Commutation
21D41A1246	MOHAMMED TAJUDDIN	Quantum Complexity Theory
21D41A1208	BADUGULA HINDU REDDY	Kernel Methods For Patten Analysis

SEMINAR PHOTOS:

Seminar on Search In Social Media

Seminar on Deep Learning

Seminar on Register Transfer Commutation

Seminar on Quantum Complexity Theory

Seminar on Kernel Methods For Patten Analysis

III YEAR -I SEMESTER (20-21)

Roll No	Name of the Student	Seminar Title
20D41A1217	J. MAMATHA	Experiment In Computer Science
20D41A1233	M. NIKHITHA	Advanced Topics In Text Format
20D41A1256	V. AKHIL	Ethical Hacking
20D41A1233	G. AKSHITHA	Black Chain Technology
20D41A1206	KEERTHANA	Blue Eye Using Machine Learning

SEMINAR PHOTOS

Seminar on Experiment In Computer Science

Seminar on Advanced Topics In Text Format

Seminar on Ethical Hacking

Seminar on Black Chain Technology

IV YEAR -I SEMESTER (19-20)

Roll No	Name of the Student	Seminar Title
19D41A1215	J.VINEETH	Workflow Engine for Clouds
19D41A1246	T. SRI HARSHA	Supply Chain Portal
19D41A1201	A.MANI TEJA	Information Security Model
19D41A1211	G.RUSHIKA	Clustering high dimensional data
19D41A1248	K.VIGNESH REDDY	Python program with Raspberry PI with focus of interfacing external gadgets

Seminar on Workflow Engine for Clouds

Seminar on Supply Chain Portal

Seminar on Information Security Model

Seminar on Clustering high dimensional data
