SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
DEPARTMENT OF CYBER SECURITY
OUTREACH PROGRAM

On

“Child Education” Dated on 04.05.2023

The department of Cyber security has organized outreach program on Child Education at ZPH school, Ibrahimpatnam and local village.

A total of 15 students and 01 faculty member from Sri indu college of engineering and technology have participated and organized the event. This activity is organised to motivate the children about importance of education and different opportunities. The coordinator of the program is K.Jotsana , Assitant Professor of Cyber security.

The basic theme of child education revolves around nurturing the physical, emotional, social and intellectual development of children like physical and emotional development, life skills education, ethical and moral development and sustainable education.

Our Students interacted with school children, parents and daily wage labours to convey the importance of education, opportunities, government schemes under education etc.,

Activity Outcomes: Student able to

- Create aware of the importance of education which leads to higher enrolment rates among children.
- Enhance socio-economic development.
- Empower of girls and women.
- Advocacy and policy change

Motivating children about importance of education

Discussing with parent about child education

Interacting with vegetable vendors about importance of child education and higher studies

Conducted Rally on child education

Faculty interacting with parents

" Teachers open the door
but you must enter by yourself "

'Education breeds confidence
Confidence breeds hope
Hope breeds peace.'

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF CYBER SECURITY & NSS

OUTREACH PROGRAM

On

“Clean India” dated on 15.04.2023

Department of cyber security in association with SICET NSS organized an outreach activity on Clean India at Bongloor (village)Telangana, 501510 on 15.04.2023. A total of 12 students and 01 faculty member from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to create awareness on cleanliness of our soundings. The Coordinator of the program is K.Shewetha Reddy , Assistant Professor of Cyber security.

The basic theme of the clean India campaign also known as swatch Bharat Abhiyan is to promote cleanliness, hygiene and sanitation across the country. Students conducted Clean India activity at Bongloor (village) Telangana, 501510. Campaign which includes key components like waste management.

Activity Outcomes: Student able to

- Gain the knowledge on health and hygiene improvement.
- Learn about social responsibility.
- Learn about waste management

Clean India@ Bongloor

Name of the Outreach Program	CYBER SURAKSHA		
Date of Event	07.10.2023	No. of Students Participated	120
Association With	CSI Chapter		
Objective	<p>This outreach program was conducted in ZPH Govt. School, Ibrahimpatnam in association with computer Society of India organized by Sri Indu College of Engineering and Technology. Dr.K.S.Sadasiva rao, Dean/CSE has delivered welcome address, Dr.Chandra Daska, Representing from CSI chapter for giving lecture on cyber security issues. During the program more than 120 school students were participated and got benefitted.</p> <p>A program that addresses cybersecurity issues faced in our day-to-day life. Students who wish to become part of the rapidly growing Cybersecurity industry and who want to create a lucrative career path for themselves.</p> <p>Cyber Suraksha is offered to students who meet the following eligibility criteria:</p> <p>The Cyber Awareness Program is open to students aged 13 and above. The Cyber Smart program is available for students aged 16 and above. The Cyber Workforce program is designed for students aged 18 and above, who hold a graduation degree. Final year students are also eligible to enrol. Preferred degree students include B.Tech, (CS/IT), BCA, MCA, BSc IT, and M.Tech and are looking for jobs in cybersecurity domain.</p> <p>The Awareness Session Covers:</p> <ul style="list-style-type: none"> • The Need for Cybersecurity • Attacks, Concepts, and Techniques • Protecting Your Data and Privacy • Protecting the Organization • Will Your Future Be in Cybersecurity? • Tips to protect your social identity, Cyberbullying • Stories of fraud on Online and offline transactions, how to protect us from fraud

Name of the Outreach Program	Awareness Program on “Defend Against Dengue”		
Date of Event	29.07.2022	No. of Students Participated	45
Association With	H&S and NSS		
Objectives	<p>The awareness programme on Dengue held on 29.07.2022 at LB Nagar, Hyderabad. First year students had educated people about dengue awareness by giving health education through poster presentation. The Program of community awareness on dengue was successfully conducted. Effort was taken by all teaching faculty as well as non- teaching staff. The awareness program on dengue has benefited by people of LB Nagar, Mangalpalli and Ibrahimpattanam.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The Key facts explained in the session</p> <ol style="list-style-type: none"> 1. Spreading awareness about dengue, informing people about the disease. 2. Encouraging them to take the necessary precautions to prevent it. 3. How to reduce the burden of dengue. 4. How to reduce mortality and morbidity from dengue. 5. Understand the signs and symptoms of Dengue fever. 6. How to prevent from Dengue fever outbreak. 7. Providing information among people how to prevent dengue fever. 		

Name of the Outreach Program	SKILL DEVELOPMENT PROGRAM FOR DROPOUT STUDENTS		
Date of Event	11.10.2022	No. of Students Participated	50
Association With	NSS & AIDS		
Description	<p>Awareness program was conducted by AIDS department in association with NSS as an outreach activity for mangalpalli and sheriguda village school, college dropout students on 11.10.2022. our students and faculty were demonstrated various schemes for self-employment, career guidance and skill development courses.</p> <p>MSME Loan schemes were also detailed for becoming an entrepreneur.</p> <p>The following objectives:</p> <ul style="list-style-type: none"> • Provide fresh skill development training to school dropouts, college dropouts and unemployed youth through short term courses • Recognise the skill available of the current work force through skill certification • Engage the local group in the implementation of the scheme leading to capacity development • Improved quality of training infrastructure along with alignment of training with the needs of the industry • Encourage standardization in the certification process and initiate a process of creating a registry of skills. • 		

Skill Development program for Dropout students

Name of the Outreach Program	AWARENESS ON E-WASTE MANAGEMENT		
Date of Event	13.08.2022	No. of Students Participated	32
Association With	AIDS		
Objectives	<p>Department of AIDS has taken initiative on conducting awareness on E-Waste management and its impact. 32 students were taking part in interacting with the people for sharing the importance of E- Waste disposal</p> <p>Compared to the past days the e-waste products or items have increased abundantly nowadays; The major everyday use electronic products are computers, ACs, mobile phones, television, fax machines, etc.; A proper methodology should be followed to control the pollution caused by e-waste products.</p> <p>One of the major objectives of e-waste management is to reduce, reuse & recycle;</p> <p>In this policy, the producers are given a vital responsibility for the disposal and treatment of the products;</p> <p>Whereas some of the electronic waste may contain hazardous chemical materials which should be disposed of carefully without causing harm to nature.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>After discussing the objectives of e-waste management, it is clear that e-waste management is a great challenge for governments of many developing countries such as India. This is becoming a big health issue and is exponentially increasing by the day. In order to separately collect, efficiently treat, and dispose of e-waste, as well as divert it from conventional landfills and open burning, it's vital to integrate the informal sector with the formal sector. The capable authorities in developing & transition nations need to set up mechanisms for handling & treating e-waste in a safe & sustainable manner.</p>		

Name of the Outreach Program	NATIONAL EDUCATION DAY		
Date of Event	11.11.2022	No. of Students Participated	145
Association With	Department of AIML		
Description	<p>On the occasion of National Education Day, November 11, 2022 a commemorative program was held at Sri Indu College of Engineering and Technology coinciding the birthday of Bharathratna Maulana Abul Kalam Azad, First Union Minister of Education. He had a profound impact on many sectors of life, especially in the field of education. At the event, all the faculty members, research scholars, students, and participants from various departments were present. The program was organized by Department of Artificial Intelligence and Data Science.</p>		
Significance	<p>The event initiated with a prayer song . Dr.J.S.Adeline Johnsana , Head, Department of Artificial Intelligence and Data Science, gave welcome speech in which she welcomed the Principal Dr.G.Suresh, Dr.Mallesham, Director of Mechanical Science, Dean, HoDs, all faculty members, students, and participants. In her welcome speech, Dr.J.S.Adeline Johnsana stated the significance of Education with two famous quotes “Power of Education Must Never Be Underestimated”</p> <p>“The Goodness of Education Must Never Be Ignored”. “Right to an Education makes every individual to live a complete life”. Dr.G.Suresh. Principal inaugurated the celebration and addressed the gathering with detailed information about the current education systems, what kind of skill set is expected by the society from an individual. And also stated the focus of education in future and some important aspects of NEP 2020. Dr.P.Mallesham, Director of Mechanical Sciences, addressed the gathering about preparation of an individual towards the cutting edge technologies like python, cyber security, machine learning, e-vehicle etc.</p>		

Title	FOOD RELIEF ACTIVITY		
Date	07.08.2022		
Organized by	Department of ECE		
Academic Year	2022-2023	Program Type	Community OutReach
Program Theme	Food Donation for 500 people		
No. of Students Participated	30	No. of Faculty Participated	10
No. of External Participants	700		
Objective	To feed the need To create awareness among the people about wasting food To show the importance of food		
Benefits in terms of Learning/Skill/Knowledge Obtained	Students and participants noticed the need of food for everyone to survive there life cycle The basic need of life is food		
Description	One Day Food Relief Activity - 2023 program conducted by ECE Students of R&D - Block, in this program students helped the foundation people in planting tress. In this program 4 th year, 3 rd year and 2 nd year students are participated.The main theme of students is to come forward and help the poor and feeding them because feeding them once will give them a hope for tomorrow this program is to change the mindset of people and to make them to help atleast once this may change the number of deaths caused due to lack of food atleast we may save one each one save one

OUTREACH PROGRAM

On

“Food Relief Activity” dated on 10.02.2023

Department of Cyber security organized outreach program on food relief activity at Slum area, near TKR college on 10.02.2023.

A total of 10 students and 01 faculty member from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to serve the needy people and 60 participated. The coordinator of the program is V. Swathi Reddy, Assistant Professor of Cyber security.

The basic theme of food relief activity is revolving around providing immediate assistance to those in need, ensuring their nutritional well-being, promoting self-sufficiency and advocating for long term solutions to eradicate hunger and food insecurity globally.

The faculty of AIML and CS prepared the food and total 60 food packets and fruits were distributed to small children by students. The primary goal of food relief programs is to ensure that everyone has access to an adequate and nutritious diet, especially during crises. While distributing food packets awareness was given on” Not to waste food”.

Students made little children to give slogan on

“DON’T WASTE FOOD AND SAVE FOOD”

Activity Outcomes: Student able to

- Project community engagement.
- Learn about sustainability.
- Gain knowledge on dignity and empowerment.
- Learn not to waste food.

Name of the Outreach Program	FREE HEALTH CHECKUP CAMP		
Date of Event	26.11.2022	No. of Students Participated	130
Association With	SICET NSS		
Objective	A health camp was organized in our college for all the students and staff to spread awareness about health check-up and maintaining a healthy life. The program started at 9.45 a.m with the introductory speech given by our respected principal and head of the doctor's team which came to our school. By 10.00a.m we were all asked to make them to get height and weight checked to calculate BMI (body mass index) which explains whether the person is unhealthy or not. By 1 pm every student with staff got themselves checked for BMI, blood report and other health conditions if any. We all were advised some type of food and exercises by the doctors to maintain a healthy lifestyle. It was advised to get eyes checked up for spectacles as they think number has increased. Our class had the maximum number of healthy kids and thus we were appreciated by the doctors and principle sir as well. We all were happy to know about so many things which we can learn from doctors.		
Significance	<ol style="list-style-type: none"> 1. To create awareness on healthy life 2. To understand lifeskill management 3. To keep the body and mind relaxed and more fit

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
**DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND MACHINE
LEARNING**

OUTREACH PROGRAM

On “Social media awareness” @ 17.12.2022

Department of Artificial Intelligence and machine learning organized outreach activity on social media awareness at Mangalpalli (village) and Sree datta college Engineering, Ibhrahimpatnam, Telangana, 501510 on 17.12.2022. A total of 10 students and 01 faculty member from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to interact with every age people including school students and from Sree Datta College of Engineering around 60 students participated. The Coordinator of the program is E.Mounika Reddy, Assistant Professor of AIML.

The basic theme of Social media has become an integral part of our daily lives, significantly shaping how we communicate, share information, and connect with others. While it offers numerous benefits, such as facilitating communication and information dissemination, it also presents various challenges, including privacy concerns, cyberbullying, and misinformation. As a result, the concept of "social media awareness" has gained prominence in recent years.

The students discussed about a group of passionate individuals has taken to the streets to engage with the community and shed light on the world of social media. With the aim of promoting informed and responsible usage, they have embarked on an educational journey to highlight both the advantages and disadvantages of this digital realm. Students actively interacting with residents, engaging in conversations, and providing insights into the benefits of social media, such as enhanced communication, access to information, and networking opportunities.

A remarkable and innovative initiative unfolded at the Sree Datta Group of Education Institutions, where students took the stage to explore the effects of social media in a thought-provoking and playful manner. This unique act featured students embodying popular social media apps, effectively demonstrating their roles and influence through a lively and engaging play.

Activity Outcomes: Student able to

- Educate behavioral Change and sustainability.
- Learn about digital literacy.
- Encourage balanced use of social media

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING OUTREACH PROGRAM

On

“TREE PLANTATION AND WATER HARVESTING”

Date of Event: 26.05.2023

Department of Artificial Intelligence and machine learning organized outreach activity at Spoorthi Jyothi Foundation, Ibbrahimpatnam, 501506. Tree plantation is the process of transferring of seedlings from one place to another for different purposes. Furthermore, there are various reasons behind tree plantation but the most important are forestry, land reclamation, and landscaping. Each process of tree plantation is important and unique.

A total of 22 students and 02 faculty members from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to spread awareness and about importance of plants, to help the foundation people and to encourage active participation and engagement from the local community, fostering a sense of responsibility and ownership over the environment. Total 20 people from foundation participated. The Coordinator of the program is M.B.Harikumar, Assistant Professor of AIML.

The basic theme of the outreach program is about the forest is very important for maintaining the ecological balance of the environment of the earth. Also, earlier the forest used to cover a major part of the surface of the earth. But, now due to the rapid cut down of forest due to industries, and land for settlement the number of forests has reduced. Apart from that, the forest grows naturally but in order to increase the speed of reforestation, our contribution is a must for it.

Students discussed about importance of plantation and water harvesting. Plantation renders a good feeling and makes the place worth living.

Activity Outcomes: Student able to

- Nurture a sense of environmental responsibility.
- creating a sustainable and thriving environment within educational settings.
- Learn to conserve water resources

Name of the Outreach Program	NATIONAL UNITY DAY		
Date of Event	31.10.2022	No. of Students Participated	15
Association With	S-Hub		
Objective	<p>National Unity Day or Rashtriya Ektha Diwas is celebrated every year on 31st October since 2014 to mark the birth anniversary of Iron Man of India– Sardar Vallabhbhai Patel. This year marks the 144th birth anniversary of the freedom fighter and an ace politician. Sardar Patel played a major role in the integration of India (Ek Bharat) from over 560 princely states. To acknowledge his efforts in uniting the nation, India celebrates National Unity Day on his birth anniversary. We celebrated the “National Unity Day” on 31st October 2022. The celebration commenced by invoking God’s blessings. The essence of the day was highlighted by a meaningful cultural program by the teachers. Sardar Vallababhai Patel, an icon for National Unity was fondly remembered. His vision for the Nation was articulated by the teachers taking a pledge striving towards “Ektha”.</p>		
Significance	<p>The basic idea is to enable students to appreciate the value of synergic effort rather than individual effort so that students go back to the society as ambassadors of unity, peace and safety.</p>

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
COMMUNITY OUTREACH PROGRAM THROUGH UNNAT BHARAT
ABHIYAN(UBA)

On “**VILLAGE ADOPTION SCHEME**” dated on **24.09.2022**

Department of Artificial Intelligence and machine learning and NSS organized outreach activity at Patelguda (village), Ibrahimpatnam, Telangana, 501510 on 24.09.2022 through **Unnat Bharat Abhiyan (UBA)** which visions to enable higher educational institutions to help rural development.

A total of 21 students and 01 faculty member from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to interact with every age people including school students. Total 25 families participated in this event. The Coordinator of the program is M.Swathi Reddy, Assistant Professor of AIML.

The basic theme of the outreach program is about village adaptation scheme through **Unnat Bharat Abhiyan (UBA)** which visions to enable higher educational institutions to help rural development with basic needs of food, clothing, shelter, sanitation, health care, energy, livelihood, transportation, and education are locally met.

The students discussed about women empowerment, self-employment, healthy life style, importance of education, voting, rain harvesting system, organic farming. People interacted very well.

Students also discussed about consequences of using plastics, village issues and suggested how to tackle them. They also shared few tips and methods to follow proper practices that leads for better life and better environment.

Activity Outcomes: Student able to

- ☐ Explore how to transform the rural landscape.
- ☐ Identify development challenges and evolving appropriate solutions for accelerating sustainable growth.
- ☐ Understand various schemes under women empowerment.
- ☐ Design for societal objectives as the basis of higher education.

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Department of Artificial Intelligence and Data Science

OUTREACH PROGRAM ON “VOTER AWARENESS” dated on 27.08.2022

Department of Artificial Intelligence and Data Science, Sri Indu College of Engineering has stepped forward to make the student and public aware about right to vote and its importance. In this regard, an outreach activity “Voters Awareness Program” was organized in and around L.B.Nagar Hyderabad on 27.08.2022.

The one-day campaign was organized to create awareness about the right to vote among the youngsters. The basic objective beyond this campaign was to make the student and the public aware about the right to vote was successfully conducted under the guidance of Dr.J.S.Adeline Johnsana (Head of the Department), Mrs.Kavitha and Mrs.Udayasri.

The Students actively participated in the campaign. Even the first time voters are also a part of the drive. The Volunteers motivated the students and the general public to vote and cast their vote righteously

The faculty coordinators Dr.J.S.Adeline Johnsana ,Mrs.Kavitha and Mrs.Udayasri assembled the public and convinced them to attend the program by explaining the necessity in attending the program on VoterAwareness

The students explained about

- Who has to Vote?
- Importance of voting
- Challenges
- Common man’s opinion about voting
- Facts about Voting System
- Scenario of Voting in India
- Public opinion about voting
- Ballet paper vs EVM which is better
- How voting helps in country’s development

The program ended up successfully with the thanks quote from Dr.J.S.Adeline Johnsana

OUTREACH PROGRAM

ON

“SAFE WOMEN” dated on 07.09.2022

Department of cyber security organized outreach activity on safe women awareness at Patelguda (village) and ZPH school IbbrahimpatnamTelangana:501506 on 07.09.2022.

A total of 10 students and 01 faculty member from Sri Indu college of engineering and technology participated and organized the event. This activity is organised to interact with girl students and women. The Coordinator of the program is K.Shewetha, Assistant Professor of cyber security.

The basic theme of safe women activity is Women's hygiene is a crucial aspect of their overall health and well-being. However, due to societal taboos and lack of education, many women face challenges in maintaining proper hygiene practices. This report aims to shed light on the importance of women's hygiene awareness and the need for comprehensive initiatives to address this issue. Menstruation is a natural process, yet it is often surrounded by shame and secrecy. By promoting menstrual hygiene awareness, we can break the stigma and ensure that women have access to clean and safe menstrual products. Education on proper hygiene practices during periods is essential to prevent infections and maintain good health.

Students educated women about proper hygienic practices, such as regular handwashing, proper disposal of sanitary products, and maintaining personal hygiene, is essential. This knowledge empowers women to take control of their health and prevent infections.

Activity Outcomes: Student able to

- Empower women to prioritize their health
- Create awareness on women's hygiene

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF INFORMATION TECHNOLOGY

OUTREACH ACTIVITY

Name of the Outreach Program	EMBRACING WOMANWOOD		
Date of Event	23.03.2022	No. of Students Participated	45
Association With	NSS & IT		
Description	Department of IT students and faculty members have visited ZPH Govt Shool for making the girl students more aware and pride on their work and any kind of competitive situations. The importance of women's empowerment and employability and quality to prove on their career were detailed. Totally 45 students were participated during their discussion.		
Significance	As women of God we need to operate out of our femininity and embrace all the facets of it. Being relational, nurturing, vulnerable, soft, beautiful, and responsive are wonderful qualities that God Himself has bestowed upon us and we can bear His image rightly as we function in them. We can walk with men in a way that honours them and nurtures their masculinity. We can submit to God and His design for us and find the joy that comes from obedience and embracing who we really are. We are His daughters, and thus we should define ourselves as He does and not as the world, television, pop music, feminism, and pornography do. As in all things, we look to Him, and it is there that we might find rest as women. So let us move forward as biblical women who are honouring God in our essence and action. Let us be feminine women.		
Activity Outcomes	A Diversity and Inclusion Advisory Council to advise the Board on best practices and current perspectives The female leadership programme focused on building a network of effective future business leaders Our female mentoring programme designed to support the development of mentees' personal skills while encouraging knowledge and perspective sharing with mentors (both male and female) Supportive maternity and paternity leave policies		

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

OUTREACH ACTIVITY

Name of the Outreach Program	Awareness Program on Drug Menace in association with Cyberabad Police Department on 05-02-2022, At L.B Nagar.		
Date of Event	05.02.2022	No. of Students Participated	60
Association With	Cyberabad Police Department		
Description	To create awareness about the harmful effects of tobacco consumption. (ii) Reduce the production and supply of tobacco products. (iii) Ensure effective implementation of the provisions under “The Cigarettes and Other Tobacco Products (iv) Help the people quit tobacco use, and (v) Facilitate implementation of strategies for prevention and control of tobacco advocated by WHO Framework Convention of Tobacco Control.		
Significance	The tobacco epidemic is one of the biggest public health threats the world has ever faced, killing more than 8 million people a year around the world. More than millions of those deaths are the result of direct tobacco use while around 1.2 million are the result of non-smokers being exposed to second-hand smoke. Around 80% of the 1.1 billion smokers worldwide live in low- and middle income countries, where the burden of tobacco related illness and death is heaviest. Tobacco use contributes to poverty by diverting household spending from basic needs such as food and shelter to tobacco. Government of India launched the National Tobacco Control Programme (NTCP) in the year 2007-08, during the 11th Five-Year-Plan. Baseline data generated through the Global Adult Tobacco Survey, indicating high level of prevalence of tobacco use, it was up scaled with a goal to reduce the prevalence of tobacco use by 5% by the end of the year.		

Awareness Program on Drug Menace in association with Cyberabad Police Department on 05-02-2022, At L.B Nagar

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Name of the Outreach Program	Eye Checkup Camp		
Date of Event	12.05.2022	No. of Students Participated	100
Association With	Zenstar RPG Foundation		
Objectives	The objective of this camp was to spread awareness on eye disorders, early detection of ailments, and to detect refractive errors and provide corrective glasses free of cost to the underprivileged communities.		
Benefits in terms of Learning/Skill/Knowledge obtained	A transformative event unfolded as we organized a remarkable free eye checkup camp. Our primary objective was to extend a helping hand to those in need, ensuring that no one's vision would go unnoticed or untreated. Through this camp, we diagnosed as well as informed people regarding various eye-related issues and also distributed free medicines to those who required them.

“CHILD EDUCATION” Dated on 12.11.2021

Name of the Outreach Program	CHILD EDUCATION		
Date of Event	12.11.2021	No. of Students Participated	12
Association With	CSE		
Description	<p>The department of Computer Science and Engineering has organized outreach program on Child Education Ibrahimpatnam and local village.</p> <p>A total of 12 students and 03 faculty member from Sri indu college of engineering and technology have participated and organized the event. This activity is organised to motivate the children about importance of education and different opportunities.</p>		
Significance	<p>The basic theme of child education revolves around nurturing the physical, emotional, social and intellectual development of children like physical and emotional development, life skills education, ethical and moral development and sustainable education.</p> <p>Our Students interacted with school children, parents and daily wage labours to convey the importance of education, opportunities, government schemes under education etc.,</p>		
Activity Outcomes	<p>Create aware of the importance of education which leads to higher enrolment rates among children.</p> <p>Enhance socio-economic development.</p> <p>Empower of girls and women.</p> <p>Advocacy and policy change</p>		

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

DEPARTMENT OF CSE (Internet of Things)

OUTREACH ACTIVITY

Name of the Outreach Program	Clean India, Green India		
Date of Event	03.01.2022	No. of Students Participated	35
Association With	Department of IOT		
Description	The department of internet of things students have visited the ibrahimpatnam panjayath board for creating awareness on green environment for tomorrow's eco system for sustainable energy conservation. Totally 35 students were participated in Greener tomorrows outreach activity. All faculty members from school were supported a lot to make this event more reachable.		
Significance	"Green" refers to a world in which natural resources, including oceans, land, and forests, are sustainably managed and conserved to improve livelihoods and ensure food security. It's a world in which healthy ecosystems increase all the economic returns from the activities they support. Growth strategies are focused on overall wealth rather than GDP as it is currently measured. Governments pursue regulations that encourage innovation, efficiency, sustainable budgeting, and green growth. Biodiversity is protected as an economically critical resource. In this world, good policies enable the private sector to use natural resources sustainably as part of good business, creating jobs and contributing to long-term growth.		
Outcomes	Students can able to Understand the importance of maintaining green campus Create eco-friendly environment Energy conservation Clean and sustainable environment

“HACKING THE TRUTH” ON 19.06.2022

Information technology department organized the “**hacking the truth**” awareness program at Challengers ICF high school” at ambothanda on 19.06.2022. A total of 5 students along with 01 faculty member from SICET and organized the event. This activity is organized for VI, VII,VIII,,IX and X class girls and boys . The coordinator of the program is varsha reddy , Mentor of IT.

The basic theme of the outreach program is about “Hacking the truth”. The discussion about cybercrimes and hacking social media and secure tomorrow’s world. All the session was very much interactive.

Activity outcomes:

1. Students understood about the knowledge on hacking
2. Students learned how to secure tomorrow’s world

With the faculty and hod of IT department

Interaction with boys

Interaction with girls

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
OUTREACH PROGRAM

Title	INTERNATIONAL WOMEN'S DAY		
Organized by	Sri Indu College of Engineering and Technology		
Academic Year	2021-22	Date	08.03.2022
Program Theme	Gender Equality Today for a Sustainable Tomorrow		
No. of Students Participated	100	No. of Women	240
Objectives	<ul style="list-style-type: none"> ▪ In order to ensure that the most vulnerable members of our society have equal rights in all areas ▪ It allows us to create and maintain relationships, ▪ it helps us participate in civic activities in our community. ▪ by being independent, confidence pushes women to get things done. If they have a shortage of confidence, self-esteem, and motivation are also lost. 		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The importance of women's day when is it celebrated in order to ensure that the most vulnerable members of our society have equal rights in all areas, this day also aims to promote gender equality by encouraging equal participation in social, economic, cultural, and political activities. The key message for International women's day is Investing in women uplifts all people, communities, and countries. Let us work together – across governments, the private sector and civil society –to build a more inclusive, just, and prosperous world for women, girls, men, and boys everywhere.</p>		
Summary	<p><u>INTERNATIONAL WOMEN'S DAY</u> was organized by Sri Indu College of Engineering and Technology.</p> <p>2022 theme of WOMEN'S DAY is Purple, green and white are the colours of International Women's Day. Purple signifies justice, dignity and being loyal to the cause. Green symbolizes hope and white represents purity. March 8 is being celebrated as International Women's Day under the theme "Digital: Innovation and technology for gender equality. International Women's Day celebrated on 08-03-2022 in the college campus to encourage the Women.</p> <p>International Women's Day has celebrated the achievements and strength of women around the world, encouraging creators to come up with their own International Women's Day event ideas. Events focused on women are a great way to bring colleagues and organizations together to honor the women of the past, present, and future and learn more about the issues</p>		

women face today. The theme of this year's International Women's Day (on March 8, 2022) is "Break the Bias," which is inspiring creators to hold events aimed at eradicating gender bias.

If you're looking for International Women's Day celebration ideas, read on for inspiration from other Event bright creators. We've also put together 10 creative International Women's Day event ideas as jumping-off points to help you plan an event that celebrates women's achievements, raises awareness about workplace bias, and takes action for equality. We hope these will motivate you to organize your own amazing functions — on International Women's Day and beyond.

The theme this year aims to recognize and celebrate the contribution women and girls are making to technology and online education. International Women's Day takes place every year on 8 March. It is an opportunity to celebrate the achievements of women and to create positive change for women and girls. All around the world, people are demanding gender equality and protesting about situations where women do not have basic rights and freedoms. Empowering women is very necessary for bringing gender equality. Those societies flourish well where women are given equal respect and are not taken for granted.

Title	FOOD SAFETY AWARENESS PROGRAM		
Organized by	SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY		
Academic Year	2022-2023	Date	07.06.2022
Program Theme	To create awareness on Food Safety among the students and staff members.		
No. of Students Participated	35	No. of Faculty Participated	5
Objectives	1.To emphasize food safety in college 2.To encourage prevention of foodborne illness 3.To protect the students and staff from harm 4.To apply safe procedures for receiving, storing, preparing and serving food 5.To reduce common errors in handling potentially hazardous foods 6.To encourage proper waste disposal		
Benefits in terms of Learning/Skill/Knowledge Obtained	➤ The Lecture session provides a awareness on food safety for faculty members and students that how to recognize how to prevent foodborne illness. ➤ Main benefit of the awareness programme is to maintain safety procedures for receiving storing and preparing and serving food.		
SUMMARY	A Guest Lecture on “Food Safety ” was organized by Sri Indu College of Engineering and Technology. The programme was started at 11:00 am with mutual greetings, followed by Dr.N.C SendhilKumar Professor has delivered the welcome address and introduction about the chief guest. The event started with giving outline of the event as <ul style="list-style-type: none"> ➤ Food Safety when cooking ➤ Personal Hygiene ➤ Storing Foods ➤ Avoiding cross contamination ➤ Heating and reheating safely ➤ Waste Management. 		

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY			
OUTREACH PROGRAM			
Title	AWARENESS PROGRAMME ON “GENDER EQUALITY”		
Organized by	NSS TEAM of SICET		
Academic Year	2021-22	Program Type	Lecture
Date	26 th Aug, 2021	Time	10:00a.m to 12:00 pm
Program Theme	To create awareness on Gender Equality among the Faculty members and students.		
No. of Students Participated	200	No. of Faculty Participated	45
Total Participants	245	Mode of Session	Offline
Objectives	<p>Gender awareness raising aims to promote and encourage a general understanding of gender-related challenges, for instance, violence against women and the gender pay gap.</p> <p>Training for gender equality is a transformative process that aims to provide knowledge, techniques and tools to develop skills and changes in attitudes and behaviors.</p> <p>The overall objective of gender equality is a society in which women and men enjoy the same opportunities, rights and obligations in all spheres of life.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>It also focuses on personality development and over all development of the Students</p> <p>The programme gives the opportunity to the aspiring professional communication of Sri Indu College of Engineering and Technology, to a great deal of learning and the replacement of ideas by the eminent Speakers</p> <p>The aim is to fill the gap that exists between the skill set required by the corporate world and the skills acquired by the students</p>		
Summary	<p>A Lecture on Gender Equality was organized by Department of H&S of Sri Indu College of Engineering and Technology. Girls are denied schooling, a childhood, dreams, an identity just because they are girls. Join the generation that is working to make the world <i>equal</i> and violence-free. Training for gender equality is a transformative process that aims to provide knowledge, techniques and tools to develop skills and changes in attitudes and behaviors. The overall objective of gender equality is a society in which women and men enjoy the same opportunities, rights and obligations in all spheres of life. Become An E-Volunteer. Be A Part of Team Change. Breakthrough. Conducted program which is attended by 100 students with chief guest and Principal, HOD's of various departments became success and gave lot of awareness to students. 25 students gave their paper presentations on various issues of gender equality. The overall objective of gender equality is a society in which women and men enjoy the same opportunities, rights and obligations in all spheres of life.</p>

Outreach Activity

On

“GLOBAL WARMING” Dated on 14.05.2022

The students of NSS & **Information Technology** jointly organized the outreach activity **“Global Warming on heavy usage of single use plastic”** conducted at **Ibrahimpattanam** Chavara. Totally 10 student members conducted the event with successfully. The slogans were delivered that conveys environment pollution. Due to **global warming** the system of **greenhouse** effects raises a lot that leads to poor health conditions.

“Say no to plastic to save our self from greenhouse gases”

Objectives

Recognize the natural and human-driven systems and processes that produce energy and affect the climate

Explain scientific concepts in language non-scientists can understand

Use numerical tools and publicly available scientific data to demonstrate important concepts about the Earth, its climate, and resources

Activity Outcomes:

1. Delivery information to the people on single use plastic that cause the planet dead.
2. Slogans raised to stop on usage of single use plastic that leads the bad atmospheric and human health conditions.

Program at Ibrahimpatnam, chavrastha.

Started Raising the Slogans to Delivery Impact On Global Warming

Delivered speech on global warming

Completed the program by raising slogans

Name of the Outreach Program	Harithaharam Programme		
Date of Event	25.07.2021	No. of Students Participated	320
Association With	SICET		
Objectives	<p>The objectives of tree plantations are to know the value of environment, benefits of trees, beautification in and around the environment. Tree plantation is a great way to increase student's interest in their local environment and achieve academic goals.</p> <p>To reduce the surface run-off discharge and checking soil erosion along the embankments. To reduce temperature and increase humidity. To reduce noise pollution to the neighboring household population.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The eco-friendly environment tells us the importance of trees. Trees are indispensable resources for the survival of all living beings. Trees offer food and shelter to diverse organisms, including animals, birds, insects, fungi, etc. In other words, it can be said that they ensure the stability of our entire ecosystem.</p> <p>They give us clean water to drink, air to breathe, shade and food to humans, animals and plants. They provide habitats for numerous species of fauna and flora, firewood for cooking and heat, materials for buildings and places of spiritual, cultural and recreational importance.</p> <p>By planting more trees, it will contribute to global reforestation efforts, restoring lost forests, repairing damaged ecosystems</p> <p>Trees provide a significant contribution to their surroundings by giving oxygen, sustaining species, improving air quality, saving water, maintaining soil.</p>

Outreach Activity

On

Road Safety Awareness on 04.06.2022

The students of **Information Technology** organized the outreach activity at Sri Indu college main gate to Mangalepalle road to give awareness to the people about road safety and traffic rules. Totally 15 students were participated for creating awareness and explained the reports of **accidents** and some **slogans** that convey the road safety rules.

Objective

To decrease and completely remove out the road accidents, road accident death, and injury cases by applying the road safety measures.

To encourage all the travelers to follow the traffic rules and wear helmets and seat belts while driving.

To implement the new preventative measures which are proved to lessen the risk of road accidents, death or injury.

To be aware the people about the speed limit of vehicles to prevent road accidents.

To maintain the speed and required distance from other vehicles

Activity Outcomes:

1. We bring awareness about road accidents occurring daily.
2. We negated some slogans that brought the road safety rules.

Students gather with the vehicles for rally

Started rally from college main gate

Identified group who are not following road safety rules and given them the awareness

Slogans are raising from us to bring road safety awareness

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Name of the Outreach Program	REPUBLIC DAY CELEBRATION-2022		
Date of Event	26.01.2022	No. of Students Participated	40
Association With	SICET		
Description	<p>Republic Day is the day when our country officially adopted its own constitution. We put forth our own set of citizen-friendly laws from Republic Day. Republic Day signifies the transition from a “dependant” nation to an “independent” one in terms of governmental laws, acts and policies.</p> <p>Honour the people who made an independent India possible: Countless lives were sacrificed so that we can hold our heads high in our own motherland. Republic Day made sure that the sacrificed lives were not spent in vain. Hence, this day should be celebrated by every Indian citizen as a sign of respect to the historic freedom fighters.</p> <p>To show our patriotism towards our country: Every citizen of India is expected to be patriotic and pay importance and respect to its history. Being patriotic is synonymous to celebrating the important milestones of the country and Republic day is one such event.</p>		
Significance	<p>On January 26, 1950, the Preamble to the Constitution of India a statement presenting the key principles of the Constitution came into effect. This completed the country's transition to a sovereign republic. The Constitution establishes fundamental rights that should be enjoyed by all citizens of this country, regardless of their political beliefs. It also establishes some fundamental duties for all citizens of the country to abide by.</p>		
Activity Outcomes	<p>Students can able to</p> <p>Understand the importance of republic day celebration</p> <p>Cultivate patriotic among them</p> <p>Know the sacrifices of our leaders</p> <p>Service for the society</p>		

REPUBLIC DAY -26.01.2022

**SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
OUTREACH PROGRAM**

Title	“SELF GROWTH ON HUMAN VALUES”		
Organized by	ENGLISH DEPARTMENT(H &S)		
Academic Year	2021-22	Program Type	Guest Lecture
Date	03.09. 2021	Time	10:00Am to 12:30PM
Program Theme	To create Awareness that <i>Human values</i> are most important in life— Self-improvement and personal growth are an important, and highly valuable, part of our career and life in general.		
No. of Students Participated	150	No. of Faculty Participated	15
Total Participants	165	Mode	Offline
Objectives	<p>The main objective of self-development is to make the personal and social life. So happy and successful that he lives a joyful life.</p> <p>The main objectives of self-development are as follows: Personality Development, Positive Attitude, Self-respect, Knowledge, Self Confidence, Thoughts, Organization Efficiency.</p> <p>The importance of personal growth cannot be understated, as it allows individuals to become the best versions of themselves, giving them the skills and confidence necessary to navigate any situation.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The Guest Lecture session provides a platform for students that how to motivate.</p> <p>Self-improvement and personal growth are an important, and highly valuable, part of your career and life in general.</p> <p>The Five Areas of Development is a holistic approach to learning for Cerebral, Emotional, Physical, Social and Spiritual development.</p>		
Summary	<p>A Guest Lecture on AWARENESS PROGRAMME ON “SELF GROWTH ON HUMAN VALUES “was organized by NSS team of Sri Indu College of Engineering and Technology. The program was started at 10:00am with mutual greetings, followed by MENTOR, and has delivered the welcome address and introduction about the chief guest. Totally, there were 165 faculty members and students who have joined in the event.</p> <p>The 6 types of human values are <i>autonomy, community, creativity, justice,</i></p>		

power and self-direction. These values are the things that motivate us. the Interaction will lead to better clarity in understanding the Ethics and Human Values for Self Growth. This would, in turn, lead to much better grades and eventual success in academics. It improves the reading knowledge of Students of Sri Indu college of Engineering and Technology keeping in view of the present elective. The programme gives the opportunity to improve the reading skills of students

DEPARTMENT OF H & S

OUTREACH ACTIVITY

Name of the Outreach Program	SHAME, NAHIN KSHMATA HAI		
Date of Event	19.02.2022	No. of Students Participated	80
Association With	Department of Humanities and Science		
Description	<p>The awareness program on “period is not shame, it’s a capacity to build a woman” was conducted to school students on 19.02.2022. During the interactive session all the students were felt open to share their issues and given suggestions for the same.</p> <p>"Earlier, girls and women used to keep working even when they were in pain or had uncomfortable periods as they were not able to talk to their families about it. But now families are aware when a woman is menstruating and they are more understanding,"</p>		
Significance	Shame, stigma and misinformation around periods in our society stop young girls and women from talking about it openly leaving them vulnerable to gender discrimination, exclusion and health issues. Let’s break the silence around periods by starting a conversation today!		
Outcomes	We’ve been able to make a positive impact on the lives of so many children, all thanks to your unwavering support.

OUTREACH PROGRAM

Title	‘SUCCESS IS A JOURNEY, NOT A DESTINATION’		
Organized by	EDC		
Academic Year	2021-22	Date	11.09.2021
No. of Students Participated	112	No. of Faculty Participated	8
Objectives	It helps One becomes productive by cultivating the habit of success, that is, by being persistent, disciplined, and determined. "helps us to map out the milestones and sub-goals that we'll need to reach along the way.". Helps to develop the plan has to be developed based on your strengths and the nature of your goal. During this stage, believing in yourself is vital .		
Benefits in terms of Learning/Skill/Knowledge obtained	One becomes productive by cultivating the habit of success, that is, by being persistent, disciplined, and determined. To be a standout success is to take each new beginning and follow it through to the end. The success journey is the process of working through each step to arrive at the next one, with each step motivating and inspiring you to press on without fail. The aim is to gradually build a picture of the child's individual learning styles, their interests, knowledge, and what they can do. It helps the learners to navigate appropriately. It helps them to gain knowledge independently. A well-aligned learning journey brings additional structure to a learning system. It provides a structured environment that helps to maintain discipline in the learning process.		
Summary	The advantages of time management are straightforward. Good time management allows you to achieve greater outcomes in less time, which offers you more time freedom, improves your attention, allows you to be more productive, reduces your stress, and spends more time with the people who mean most to you.		

Name of the Outreach Program	Tree Plantation Program		
Date of Event	04.05.2022	No. of Students Participated	200
Association With	SICET		
Objectives	<p>The objectives of tree plantations are to know the value of environment, benefits of trees, beautification in and around the environment. Tree plantation is a great way to increase student's interest in their local environment and achieve academic goals.</p> <p>To reduce the surface run-off discharge and checking soil erosion along the embankments. To reduce temperature and increase humidity. To reduce noise pollution to the neighboring household population.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The eco-friendly environment tells us the importance of trees. Trees are indispensable resources for the survival of all living beings. Trees offer food and shelter to diverse organisms, including animals, birds, insects, fungi, etc. In other words, it can be said that they ensure the stability of our entire ecosystem.</p> <p>They give us clean water to drink, air to breathe, shade and food to humans, animals and plants. They provide habitats for numerous species of fauna and flora, firewood for cooking and heat, materials for buildings and places of spiritual, cultural and recreational importance.</p> <p>By planting more trees, it will contribute to global reforestation efforts, restoring lost forests, repairing damaged ecosystems</p> <p>Trees provide a significant contribution to their surroundings by giving oxygen, sustaining species, improving air quality, saving water, maintaining soil.</p>

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

OUTREACH ACTIVITY

Name of the Outreach Program	Awareness Rally on “World Health Day”		
Date of Event	07.04.2021	No. of Students Participated	30
Association With	NSS		
Description	<p>World Health Organizations (WHO) and The United Nations urge everyone including individuals, organization and communities worldwide to take active part and educate others with real scientific data related to health issues. Every year, many organizations and communities actively take part in promoting and supporting many world health days observed globally. These days are focusing on particular health problems and medical conditions. World Health Organizations (WHO) and The United Nations urge everyone including individuals, organization and communities worldwide to take active part and educate others with real scientific data related to health issues.</p> <p>Every individual should take part in this observance to help in promoting healthier lifestyle. Educating others related to the alcohol and smoking deadlier effects on the body, donating blood every year and healthy food habits can make a healthier world.</p>		

Awareness Rally on “World Health Day”

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

OUTREACH PROGRAM

Title	Awareness on “Child Education”		
Organized by	AIML		
Academic Year	2020-21	Date	26.04.2021
Program Theme	To Create Awareness on Child Education		
No. of Students Participated	28	No. of Faculty Participated	3
Objectives	<p>Education enables students to make a good living in the future. It makes them independent and successful not just culturally but also financially.</p> <p>Occupational competence should be a strong focus of education.</p> <p>To create awareness among child and parents about importance of education.</p> <p>To spread the information on free educations and support.</p> <p>To impart knowledge on benefits of studies.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>Education is a never-ending journey. Its primary goal is to promote a child's holistic development. As the child grows, the results of education are visible in the form of a better and more prosperous life. This is mainly because education empowers people to become mindful of their liberties and obligations in a societal structure. It equips them with cognitive ability, physical growth, morals, and ideas. In this way, by empowering future citizens, education also benefits society.</p>		

AWARENESS ON CHILD EDUCATION ON 26.04.2021

DEPARTMENT OF HUMANITIES AND SCIENCE

OUTREACH ACTIVITY

Name of the Outreach Program	CREATE GREN ENVIRONMENT		
Date of Event	14.04.2021	No. of Students Participated	45
Association With	Nelathalli Foundation		
Description	The department of H&S has conducted an awareness program on creating green environment for tomorrow's eco system for sustainable energy conservation. Totally 45 students were participated in Greener tomorrows outreach activity. All faculty members from school were supported a lot to make this event more reachable.		
Significance	"Green" refers to a world in which natural resources, including oceans, land, and forests, are sustainably managed and conserved to improve livelihoods and ensure food security. It's a world in which healthy ecosystems increase all the economic returns from the activities they support. Growth strategies are focused on overall wealth rather than GDP as it is currently measured. Governments pursue regulations that encourage innovation, efficiency, sustainable budgeting, and green growth. Biodiversity is protected as an economically critical resource. In this world, good policies enable the private sector to use natural resources sustainably as part of good business, creating jobs and contributing to long-term growth.		
Activity Outcomes	Students can able to Understand the importance of maintaining green campus Create eco-friendly environment Energy conservation Clean and sustainable environment

**SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
OUTREACH PROGRAM**

Title	AWARENESS PROGRAM ON “HEALTHY HABITS”		
Organized by	Innovation Club,SICET		
Academic Year	2020-21	Date	14.02.2021
Program Theme	To create awareness on ‘ Healthy Habits organized among the Faculty members and students.		
Total Participants	85	Mode of Session	Offline
Objectives	<p>To enable the student to have good health.</p> <p>To enable the students to develop a scientific point of view of health with reference to traditional and modern concept of health. 2. To enable the students to identify health problems and understand their own role on health and to medical agencies in meeting those problems.</p> <p>To achieve and maintain healthy body weights.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>Improved flexibility and range of motion, Increased strength muscle tone.</p> <p>Reduced stress and anxiety, Improved sleep quality, Reduced risk of energy.</p> <p>Improved cardiovascular health, Increased energy and vitality, Enhanced immune health, To promote health and reduce the risk of developing chronic diseases</p>		
Summary	<p>‘Healthy Habits aims to develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence. Yoga helps to keep the internal organs in the body to function properly by increasing the oxygen and blood flow. The purpose of nutrition awareness Adequate and proper nutrition is an important aspect of a healthy lifestyle. Therefore, it is essential to promote an awareness of the nutrients contained in foods in relation to their roles in body maintenance, growth, reproduction, health, and disease prevention in humans. Empowers students with knowledge and skills to make healthy food and beverage choices.</p>		

**SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
OUTREACH PROGRAM**

Title	Awareness on “International Mother Language Day”		
Academic Year	2020-21	Date	21.02.2021
Program Theme	To know the importance of “International Mother Language Day”		
No. of Students Participated	100	No. of Faculty Participated	20
Objectives	<p>*To promote linguistic and cultural diversity and multilingualism. A day that promotes the preservation and protection of all languages. promote awareness of linguistic and cultural diversity. *To promote awareness of linguistic and cultural diversity, and to acknowledge the invaluable contribution of languages to the development of individuals, societies, and cultures.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>International Mother Language Day recognizes that languages and multilingualism can advance inclusion, and the Sustainable Development Goals' focus on leaving no one behind. UNESCO encourages and promotes multilingual education based on mother tongue or first language. 21st February, 1952 is a milestone in our history of struggles to establish Bangladesh and Bengali language as our state language. This is a solitary event in the world history that a sovereign and independent country was born in 1971 based on a nation's mother tongue. The idea of marking this day started in Bangladesh where 21 February is the anniversary of the day people in that country fought to recognize the Bengali (Bangla) language. In Bangladesh people still lay flowers at the Shaheed Minar (Martyr's Monument) to remember the day.</p>

46.	Is sufficient water collected for campus use from the rain water harvesting structures?	✓		
47.	Do you have roof water harvesting for every building and surface water harvesting in every low lying and rainwater stagnation area done?	✓		
48.	Has the SAP team of the Institution/Swachh/Jal Shakti Team got the Institutions water audited? (personal chambers, Staff rooms, Classrooms, Halls, Canteen, open Campus)	✓		
49.	Is water budgeting done by the Institution?	✓		
50.	Does the Institution use reclaimed water/ treated waste water?		✓	
51.	Are water sprinklers used for gardening?	✓		
52.	Does the Institution provide hand sanitizer as an alternative to hand washing with water?	✓		
53.	Have you installed low-flow faucets, automatic faucets, and/or faucet aerators/ low-flow shower heads/ low-flow toilets and urinals?	✓		
54.	Does the Institution use collected rainwater for onsite watering need/laboratories/washrooms/gardens?		✓	
55.	Is Feedback collected from all campus buildings on water supplies, quantity, quality and conservation?	✓		
56.	Does the Institution limit the purchase of single-serve bottles and containers?		✓	
57.	Does the campus have adequate water pots/ potable water taps/water filling stations/ water dispensers that promote easy filling of reusable water bottles?	✓		
58.	Is renovation of traditional and other water bodies/tanks on campus done (groundwater recharge, maintaining water balance, watershed development, etc.)	✓		
59.	Is there a Policy formed for monitoring aspects of water conservation with dedicated staff and periodic reporting system in place?	✓		
Waste and Sustainability		Yes	No	Points Scored (by MGNCRE)
60.	Is waste management done in every building of the campus – academic, administration, kitchen, hostels, etc.?	✓		
61.	Is wet waste management/external dry waste management conducted in the campus?	✓		
62.	Are toilets in your campus as per the recommended ratio 1:20	✓		
63.	Are separate toilets available for the differently abled?	✓		
64.	Are ramps, wheelchairs and supportive equipment available for the differently abled?	✓		
65.	Is specific hygiene maintained for the ladies' toilets?	✓		
66.	Is continuous running water available in the toilets?	✓		
67.	Are exhaust/air purifiers installed in the toilets?	✓		
68.	Are the toilets cleaned daily at periodic intervals and the times cleaned monitored?	✓		
69.	Is it ensured that toilets are used hygienically and soap/hand wash/sanitizer is available throughout?	✓		
70.	Are garbage bins labeled appropriately : Dry Waste/Wet Waste?	✓		

71.	Are you using color-coded containers or bins: landfill = black/gray, compost = green, and recycle = blue?	✓		
72.	Are the different types of waste – solid, liquid, E waste, laboratory, biomedical, properly segregated before disposal?	✓		
73.	Are cleaning products, grease, strippers, batteries, fluorescent lighting, science lab materials, and other potentially hazardous products disposed of properly?	✓		
74.	Is biomedical waste disposed off as per legal norms (using incinerators, segregation)	✓		
75.	Does the campus have adequate waste disposal/waste collection centers?	✓		
76.	Does the SAP Committee monitor the waste collection and the times the waste is collected and disposed out of campus?	✓		
77.	Do the dining spaces/kitchens/storage facilities have safety and sanitized surroundings?	✓		
78.	Does the SAP Committee make periodic checks of the water quality and ensures safety of the drinking water?	✓		
79.	Is cooking hygiene maintained – wearing of caps/ gloves/apparel?	✓		
80.	Do the kitchens have chimney/smoke outlets?	✓		
81.	Is the cooking equipment/cooking vessels/dining plates/cutlery properly sanitized and used in hygienic conditions?	✓		
82.	Is kitchen waste properly segregated – dry and waste?	✓		
83.	Is meal planning and strategy done by kitchen staff regularly - providing desirable food, minimizing food waste, encouraging students to take only what they think they will eat, providing opportunities to share leftover food?	✓		
84.	Is there a dedicated staff for kitchen/dining hygiene maintenance?	✓		
85.	Is there a Biogas plant installed on campus for catering to the fuel needs of the canteen kitchen?		✓	
86.	Is “Waste Audit” conducted in the Institution?	✓		
87.	Is recycling of waste done on campus?		✓	
88.	Are recycled items promoted on campus?		✓	
89.	Do you have paper shredders in campus to reduce paper waste?	✓		
90.	Do you encourage reducing paper wastage by promoting digital note taking and reading, email correspondence, printing only when necessary?	✓		
91.	Is there a Policy formed for monitoring aspects of waste management with dedicated staff and periodic reporting system in place?	✓		
Energy		Yes	No	Points Scored (MGNC RE)
92.	Have you done an energy audit?	✓		
93.	Have you introduced LED Lights for energy conservation on campus - in every building and street in the campus?	✓		
94.	Do you immediately report fused/burnt lights and other non-functional appliances?	✓		
95.	Do you turn off lights, computers, and other equipment when not in use?	✓		
96.	Have you enabled the power management settings on your	✓		

	computers/monitors/all-in- one machine?			
97.	Have you installed Solar Panels or other forms of renewable energy in your campus?	✓		
98.	Do you offer renewable energy lessons and programs /trainings?	✓		
99.	Do you have a Policy for monitoring aspects of Energy Conservation with dedicated staff and periodic reporting system in place?	✓		
100.	Have you prepared any case studies/ caselets/action research papers from your Institution on Swachhta and water conservation activities?		✓	

Sri Indu College of Engineering and Technology
WEBINAR ON POST PANDEMIC FUTURE

OVERVIEW

Objective:	To create awareness on post pandemic future in business perspectives and entrepreneurship initiatives	Benefit in terms of learning/Skill/Knowledge obtained:	To understand real scenario in industry scopes, To forecast post pandemic directions and best B-plan, To develop our own startups
Academic Year:	2020-21	Program driven by:	Self-driven Activity
Month:	July	Program /Activity Name:	Webinar on Post Pandemic Future
Program Type:	Motivation Speech	Other:	null
Program Theme:	Entrepreneurship	Other:	NA
Date & Duration (Days):	07/10/2021-07/10/2021-0	External Participants, If any:	18

Student Participants:	490	Faculty Participants:	25
Expenditure Amount, If any:	null	Remark:	null

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY
DEPARTMENT OF INFORMATION TECHNOLOGY
OUTREACH ACTIVITY

Name of the Outreach Program	ORPHANAGE VISIT		
Date of Event	14.05.2021	No. of Students Participated	50
Association With	NSS & IT		
Description	<p>The students and faculty of Department of information Technology were taken initiative on charitable object for the benefit of the needy people. The students visited the orphanage for distributing groceries, biscuits and rice bags on their own interest for cultivating helping minds and creating humanities with societal causes. Around 50 students were took part in this helping hands activity on 14.05.2021 for blind people</p>		
Significance	<p>The Society shall strive to achieve the following charitable objects for the benefit of all, irrespective of caste, creed, race, religion, sex and language.</p> <ol style="list-style-type: none"> a. To support children and needy people in necessity of care and protection and to help destitute poor, neglected needy and orphan children. b. To promote and provide formal and informal education to the children, functional literacy in the community they live and vocational training to the youth. c. To undertake relief to those affected by natural calamities and emergencies. d. To help the poor and the needy in achieving self-reliance, carry out charitable, development and relief work in co-operation with Government, Strategic Alliances and Organizations. e. To address the issues of poverty that hinders child survival, their growth and development through various interventions and Strategic Alliances. f. To monitor and evaluate programs funded by International and National Donors. g. To offer and provide consultation, technical and professional advice to various Organizations h. To receive funds from International and National Donors, Individuals, Corporates and Government for carrying out the main aim of rehabilitation and social integration of children. 		
Activity Outcomes	<p>The students should have</p> <ol style="list-style-type: none"> 1. The mindset of helping economically weaker section 2. To support the orphans 3. To cultivate team work 		

ORPHANAGE VISIT ON 14.05.2021

Title	Awareness on “Tree Plantation Programme”		
Organized by	Sri Indu College of Engineering and Technology		
Academic Year	2020-21	Date	05.06.2021
Program Theme	To create awareness on “Plantation Programme” Among the Faculty members and students.		
No. of Students Participated	75	No. of Faculty Participated	10
Objectives	<p>The objectives of tree plantations are to know the value of environment, benefits of trees, beautification in and around the school. Tree plantation is a great way to increase students interest in their local environment and achieve academic goals.</p> <p>To reduce the surface run-off discharge and checking soil erosion along the embankments.</p> <p>To reduce temperature and increase humidity. To reduce noise pollution to the neighboring household population.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>Tells us the importance of trees. Trees are indispensable resources for the survival of all living beings. Trees offer food and shelter to diverse organisms, including animals, birds, insects, fungi, etc. In other words, it can be said that they ensure the stability of our entire ecosystem. They give us clean water to drink, air to breathe, shade and food to humans, animals and plants. They provide habitats for numerous species of fauna and flora, firewood for cooking and heat, materials for buildings and places of spiritual, cultural and recreational importance.</p> <ul style="list-style-type: none"> ➤ By planting more trees, it will contribute to global reforestation efforts, restoring lost forests, repairing damaged ecosystems ➤ Trees provide a significant contribution to their surroundings by giving oxygen, sustaining species, improving air quality, saving water, maintaining soil

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY OUTREACH PROGRAM			
Title	International Yoga Day		
Organized by	NSS		
Academic Year	2020-21	Date	21.06.2021
Program Theme	To create awareness on International Yoga Day organized in the campus, among the Faculty members and students.		
No. of Students Participated	60	No. of Faculty Participated	10
Objectives	<p>To enable the student to have good health.</p> <p>To practice mental hygiene.</p> <p>To possess emotional stability.</p> <p>To integrate moral values. The ultimate goals of yoga are stilling the mind and gaining insight, resting in detached awareness, and liberation (Moksha) from saṃsāra and duḥkha: a process (or discipline) leading to unity (Aikyam) with the divine (Brahman) or with one's self (Ātman). This goal varies by philosophical or theological system</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>Improved flexibility and range of motion.</p> <p>Increased strength muscle tone.</p> <p>Reduced stress and anxiety.</p> <p>Improved sleep quality.</p> <p>Reduced risk of energy.</p> <p>Improved cardiovascular health.</p> <p>Increased energy and vitality.</p> <p>Enhanced immune health.</p>		
Summary	<p>International Yoga Day aims to develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence. Yoga helps to keep the internal organs in the body to function properly by increasing the oxygen and blood flow. This year, the Ministry of Ayush has coined the theme “Yoga for Humanity”. The theme was selected with the aim to activate and inspire the yoga community for sustainability and global development. In India. International Yoga Day organized in the campus, 21st June, 2021. Meditation and Positive thinking.</p>

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Name of the Outreach Program	REPUBLIC DAY CELEBRATION-2020		
Date of Event	26.01.2020	No. of Students Participated	60
Association With	SICET		
Description	<p>Republic Day is the day when our country officially adopted its own constitution. We put forth our own set of citizen-friendly laws from Republic Day. Republic Day signifies the transition from a “dependant” nation to an “independent” one in terms of governmental laws, acts and policies.</p> <p>Honour the people who made an independent India possible: Countless lives were sacrificed so that we can hold our heads high in our own motherland. Republic Day made sure that the sacrificed lives were not spent in vain. Hence, this day should be celebrated by every Indian citizen as a sign of respect to the historic freedom fighters.</p> <p>To show our patriotism towards our country: Every citizen of India is expected to be patriotic and pay importance and respect to its history. Being patriotic is synonymous to celebrating the important milestones of the country and Republic day is one such event.</p>		
Significance	<p>On January 26, 1950, the Preamble to the Constitution of India a statement presenting the key principles of the Constitution came into effect. This completed the country's transition to a sovereign republic. The Constitution establishes fundamental rights that should be enjoyed by all citizens of this country, regardless of their political beliefs. It also establishes some fundamental duties for all citizens of the country to abide by.</p>		
Activity Outcomes	<p>Students can able to</p> <p>Understand the importance of republic day celebration</p> <p>Cultivate patriotic among them</p> <p>Know the sacrifices of our leaders</p> <p>Service for the society</p>

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

Event: Elimination of Violence against Women

Date: 03.09.2019

No. of Students: 85

Description:

Violence against women and girls is a human rights violation, and the immediate and long-term physical, sexual, and mental consequences for women and girls can be devastating, including death. Violence negatively affects women's general well-being and prevents women from fully participating in society.

Summary:

This summary provides a factual account of the presentations given at the workshop. Opinions expressed within this summary are not those of the Institute of Medicine, the forum, or its agents, but rather of the presenters themselves. Statements are the views of the speakers and do not reflect conclusions or recommendations of a formally appointed committee. This summary was authored by a designated rapporteur based on the workshop presentations and discussions and does not represent the views of the institution, nor does it constitute a full or exhaustive overview of the field.

The workshop summary is organized thematically, covering the major topics that arose during the two-day workshop, so as to provide a larger context for these issues in a more compelling and comprehensive way. As well, the thematic organization allows the summary to serve as an overview resource of important issues in the field. The themes were chosen as the most frequent, cross-cutting, and essential elements that arose from the workshop, but do not represent the views of the IOM or a formal consensus process.

The summary begins with a brief introduction of the issue, followed by two parts and an appendix. The first part consists of four chapters that provide the summary of the workshop; the second part of the report consists of submitted papers and commentary from speakers regarding the substance of the work they presented at the workshop. These papers were solicited from speakers to provide further information of their work.

Outcome:

Students can able to

1. Understand the social importance
2. Should know to protect women form violence
3. To make gender equality

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

AWARENESS PROGRAMME ON PETROL ADULTERATION AND ENERGY CONSERVATION

Date: 13.08.2019

No. of Students: 190

Students are invited to visit the institution, where they will be given lectures-cum-interactive sessions on renewable energy, energy conservation and environment protection followed by a visit to the energy park of the institution to get more insight into the actual working of the units.

Objective:

- To create awareness among the students on renewable energy, energy conservation and environment protection.
- To educate them on renewable energy sources & devices, energy conservation, scarcity of fossil fuels and their impact on environment, forest conservation, rainwater harvesting, energy audit etc.
- To provide practical demonstration on technologies and power generation units such as biomass gassifier, bio-fuel production unit and kitchen waste biogas plant, vermicompost unit, wind energy generation unit, solar power generation, etc.
- To provide information and knowledge on waste management hierarchy, hygienic and scientific way of waste disposal and importance of separating dry & wet waste.

Expected outcome:

- Greater concern for environment among students.
- Students' active participation in energy conservation.
- Gain better knowledge of renewable energy resources and technologies.
- Convince their parents to use solar energy, conserve energy, adopt rain water harvesting, segregate solid waste etc

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY**OUTREACH ACTIVITIES 2018-2019**

Name of the Outreach Program	International Yoga Day-2018		
Date of Event	21.06.2018	No. of Students Participated	85
Association With	NSS SICET		
Objectives	The main objective behind this observation is to make this ancient practice popular among the present generation of people who are unaware of its benefits. Adopting this practice is believed to provide significant relief from physical ailments and mental tension which plagues our day to day life. International Yoga Day aims to develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence.		
Benefits in terms of Learning/Skill/Knowledge obtained	Practicing yoga would lead to stronger bonds between people from different background, irrespective of caste, religion or language barriers. It would help to promote the feeling of communal harmony and create a conjugal atmosphere for global peace. It creates impact on preparation of subjects with good concentration and mental relaxation among young minds.		

Name of the Outreach Program	Voters Awareness Program		
Date of Event	23.05.2019	No. of Students Participated	45
Association With	Mech		
Objectives	<ul style="list-style-type: none"> • To creating awareness among the people/public/voter regarding the importance of the three tier local electoral system • To enhance people's participation in the voting system • To create awareness to select effective people centric leaders • To ensure smooth implementation/execution of our planned activities • To get pre-election commitment from contesting candidate 		
Benefits in terms of Learning/Skill/Knowledge obtained	Voter awareness is a critical aspect of a healthy and functioning democracy. It refers to the level of knowledge and understanding that citizens have about the electoral process, their rights and responsibilities as voters, and the candidates and issues at stake in an election. A well-informed and engaged electorate is essential for the democratic process to work effectively.		

Name of the Outreach Program	Swachh Bharath Campaign		
Date of Event	17.09.2018	No. of Students Participated	60
Association With	SICET		
Objectives	The campaign was aimed for making the streets, roads and offices clean from filth and garbage. One of the main objectives of the drive is to make India Open Defecation Free (ODF). The campaign also targets raising public awareness about cleanliness through rigorous media campaigns and to institute door to door garbage collection in rural/urban household and ensuring its safe disposal.		
Benefits in terms of Learning/Skill/Knowledge obtained	Swachh Bharat Mission is very important considering the condition of sanitation, cleanliness and hygiene in India. Millions of deaths in India have been reported in previous years due to diseases resulting from poor sanitation and hygiene. Also, people were not fully aware of the need for cleanliness and its impact on their health and social life. Every urban/rural Indian household as well as offices were generating a good quantity of waste every day. This waste was either being accumulated or was strewn on streets in the absence of proper collection and disposal mechanism. It had become imperative to make people aware of the nuisance caused by open defecation and also to strengthen the local bodies for proper door to door efficient collection of waste and its disposal.		

Name of the Outreach Program	Rally on Save Girl Child, Educate Girl Child		
Date of Event	29.06.2018	No. of Students Participated	45

Objectives	<p>To create awareness among students, faculty members and all community for the importance of girl students and their empowerment in day today life. To educate the girl students to educate entire society.</p> <p>To prevent gender biased sex selective elimination. To ensure survival and protection of the girl child. To ensure education and participation of the girl child.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The outcome of All These Schemes is-</p> <ol style="list-style-type: none"> 1. Ensuring a girl child is provided with an opportunity to get an education. 2. Preventions of selective gender-based abortions as it is vastly committed in remote villages. 3. The schemes ensure the survival of a girl child and provide security to her life when she is an infant. 4. To provide a girl child a healthy and secure environment to live and grow. 		

Name of the Outreach Program	Pulse Polio Campaign		
Date of Event	28.01.2019	No. of Students Participated	50
Association With	Grama Panchayat		
Objectives	<p>The Pulse Polio Initiative was started with an objective of achieving hundred per cent coverage under Oral Polio Vaccine. It aimed to immunize children through improved social mobilization, plan mop-up operations in areas where poliovirus has almost disappeared and maintain high level of morale among the public.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<ul style="list-style-type: none"> • to immunise those children who are not earlier immunised or are partially immunised • to boost the immunity of children already immunised • to replace disease carrying wild virus by harmless vaccine virus in the environment <p>This programme involved simultaneous administration of polio drops to children under three years of age on a single day throughout the nation. Under this programme, 2 doses of vaccines are given 4-6 weeks apart. The days on which this programme is carried out are pre-fixed and are called National Immunisation Days.</p>		

Name of the Outreach Program	International Literacy Week		
Date of Event	08.09.2018	No. of Students Participated	40
Association With	NSS		
Objectives	The Literacy Week aims to encourage mass participation and inculcate a sense of responsibility among all citizens in achieving complete literacy in India. Various stakeholders including students, teachers, volunteers, employees and citizens will participate in the campaign.		
Benefits in terms of Learning/Skill/Knowledge obtained	The theme this year is 'Promoting literacy for a world in transition: Building the foundation for sustainable and peaceful societies'. The globe to remind the public of the importance of literacy as a matter of dignity and human rights and to advance the literacy agenda towards a more literate and sustainable society.		

Name of the Outreach Program	HARITHAHARAM- Tree Plantation		
Date of Event	05.08.2018	No. of Students Participated	100
Association With	NSS SICET		
Objectives	<p>The objectives of tree plantations are to know the value of environment, benefits of trees, beautification in and around the environment. Tree plantation is a great way to increase student's interest in their local environment and achieve academic goals.</p> <p>To reduce the surface run-off discharge and checking soil erosion along the embankments. To reduce temperature and increase humidity. To reduce noise pollution to the neighboring household population.</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The eco-friendly environment tells us the importance of trees. Trees are indispensable resources for the survival of all living beings. Trees offer food and shelter to diverse organisms, including animals, birds, insects, fungi, etc. In other words, it can be said that they ensure the stability of our entire ecosystem.</p> <p>They give us clean water to drink, air to breathe, shade and food to humans, animals and plants. They provide habitats for numerous species of fauna and flora, firewood for cooking and heat, materials for buildings and places of spiritual, cultural and recreational importance.</p> <p><i>By planting more trees, it will contribute to global reforestation efforts, restoring lost forests, repairing damaged ecosystems</i></p> <p><i>Trees provide a significant contribution to their surroundings by giving oxygen, sustaining species, improving air quality, saving water, maintaining soil.</i></p>		

Name of the Outreach Program	Dengue Awareness		
Date of Event	14.04.2019	No. of Students Participated	70
Association With	NSS		
Objectives	The awareness programme on Dengue held on 14/04/2019 at Ibrahimpattanam, Hyderabad. 3 rd year students had educated people about dengue awareness by giving health education through poster presentation. The Program of community awareness on dengue was successfully conducted. Effort was taken by all teaching faculty as well as non- teaching staff. The awareness program on dengue has benefited by people of Ibrahimpattanam.		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>The Key facts explained in the session</p> <ol style="list-style-type: none"> 1. Spreading awareness about dengue, informing people about the disease. 2. Encouraging them to take the necessary precautions to prevent it. 3. How to reduce the burden of dengue. 4. How to reduce mortality and morbidity from dengue. 5. Understand the signs and symptoms of Dengue fever. 6. How to prevent from Dengue fever outbreak. 7. Providing information among people how to prevent dengue fever. 		

Gathering of faculty coordinators and volunteers at event venue

Student Volunteer Explaining and creating awareness on handling DENGUE

Students made DENGUE Posters – utilized in explanation session

Name of the Outreach Program	Cashless Transaction Campaign – Awareness Program		
Date of Event	23.03.2019	No. of Students Participated	120
Association With	ECE SICET		
Objectives	<ol style="list-style-type: none"> 1. Seeding of Bank Accounts with Aadhaar and mobile numbers. 2. Enabling Public Financial Management System (PFMS) facility. 3. Adopting digital payment facilities at ration shops and fertiliser shops to enable digital payments. 4. Enabling digital payment facilities at Revenue (Tehsil) offices. 5. Increasing revenue collection from electricity bill payment through digital modes. 6. Ensuring transparency/accountability in promoting digital payments and implementing digital infrastructure. 7. Developing digital payment ecosystem comprehensively. 		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>With limited cash in hand and an indefinite crunch in sight, most people are rushing to cashless transactions. Digital transactions bring in better transparency, scalability and accountability. The new move will compel more merchants to accept digital money. Cash may no longer be king. While you wait for the serpentine queues at ATMs to peter out and currency notes of Rs 100 denomination to become easily accessible again, the adoption of digital payment solutions is picking up at a furious pace. Everyone from the neighborhood vegetable vendor to the chai and bhelpuri-wala is embracing digital payment solutions to tide over the cash crunch. ET Wealth conducted an online survey to find out the level of adoption of digital payment solutions and user habits. The findings reveal that while people are getting comfortable with cashless payments, some mindset issues are holding back many from embracing the newer platforms. The findings also suggest that the usage habits of those who have taken to cashless modes could be exposing them to security threats</p>		

Name of the Outreach Program	Campaign on Road Safety		
Date of Event	28.07.2018	No. of Students Participated	30
Association With	NSS SICET		
Objectives	<p>The campaign emphasizes various measures that people should take to comply with the government's safety regulations and, as a result, keep themselves and their loved ones safe.</p> <p>Promote and encourage the safe use of public roads by all classes of road users through the circulation of advice, information and knowledge gained from research</p> <p>To conceive, develop and implement programmes and courses of action designed to improve road safety, these to include the carrying out of any projects or programmes intended to educate young children or others in the safe use of public roads</p>		
Benefits in terms of Learning/Skill/Knowledge obtained	<p>To improve knowledge and/or awareness of new in-vehicle systems, risk, etc. and appropriate preventive behaviours;</p> <p>To change underlying factors known to influence road-user behaviour;</p> <p>To modify problem behaviours or maintain safety-conscious behaviours;</p> <p>To decrease the frequency and severity of accidents.</p>		

Name of the Outreach Program	GENDER ISSUES IN AN AGEING SOCIETY		
Date of Event	24.03.2019	No. of Students Participated	65
Association With	SICET Women's Empowerment Cell		
Description	<p>AWARENESS PROGRAMME ON “ GENDER ISSUES IN AN AGEING SOCIETY” Intension of this program conducting by English , H& S dept , SICET is to create Awareness in students for “ GENDER ISSUES IN AN AGEING SOCIETY” Many aspects of our ageing society are deeply gendered. The number of older women is substantially larger than the number of older men. Women are also more likely than men to live the latter part of their life without a spouse. Relatedly, they are more likely than men to be involved in caring for other ill or disabled older family members. This article examines how the combination of gender differences in life expectancy, marriage, care roles, workforce participation and current policy settings combine to produce gender inequality in old age. It identifies policy measures to redress this imbalance. Conducted program which is attended by 65 students with chief guest and Principal, HOD's of various departments became success and gave lot of awareness to students. chief guest and others dignities addressed students. Students also participated very actively and presented some posters and ppts.</p>
