

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

VISION AND MISSION OF THE INSTITUTION

VISION

To be a premier Institution in Engineering & Technology and Management with competency, values and social consciousness.

MISSION

- IM1 Provide high quality academic programs, training activities and research facilities.
- IM2 Promote Continuous Industry-Institute interaction for employability, entrepreneurship, leadership and research aptitude among stakeholders.
- IM3 Contribute to the economical and technological development of the region, state and nation.

Quality Policy

SICET is committed to provide consistent quality education and training to students in the field of the Engineering and Technology to achieve international recognition for its contribution in the field of Engineering and Technology with 44 Years of enriched experience in the arena of Education. To achieve the quality objective, continuous monitoring evaluation.

Nature of Governance

SICET is strict adherence to the norms and guidelines of UGC, AICTE, Department of HE and JNTUH and striving for continuous improvement through the implementations of ISO 9001:2015 and IQAC norms and participating in various assessments & Accreditations like., NBA, NAAC, NIRF, ARIIA, etc. for ensuring the quality. Well-structured systems, procedures and policies have been developed, approved by the Management and documented. (<https://sriindu.ac.in/iqac/>)

A Governing Council has been formulated with members from The Management, nominees from JNTUH, State Govt., Industry, External and Internal faculty members and convened by the Principal. (<https://sriindu.ac.in/governing-body/>)

PRINCIPAL
Sri Indu College of Engineering and Technology
(VII): SHERIGUDA-501 5&O,
Ibrahimpatnam(M), R.R.Dist.

Various policy decisions are done through Academic Council and are percolated to departments through Board of Studies, HOD's meetings and Department Meetings (<https://sriindu.ac.in/academic-council/>)

Financial freedom is extended to the Principal and each Head of the departments to approve at a time a sum of Rs. 25,000/- and Rs. 5,000/- respectively to utilize it for college and department activities Instituting awards for Research, Best faculty in departments, Best students in departments, Best project work, Awards to the students excelling in the Academic, Co-curricular and Extra Curricular activities etc.

The manpower, infrastructure and financial requirements are identified at the department level based on which college level requirements on these aspects are finalized. Whenever there is an additional intake or a new program, faculty strength and infrastructure requirements are identified and necessary action is taken to ensure the adequacy. In all the activities connected with development, implementation and continuous improvement, the top Management extends total support and reviews the proceedings when required

Perspective/Strategic Plan

Implementation of National Education Policy (NEP) and National Innovation and startup Policy (NISIP) within the institute (<https://sriindu.ac.in/nisp/>), institution's innovation councils (<https://sriindu.ac.in/institutional-innovation-council/>) and club activities. Establishing more Research Centers / Centers of Excellence and promoting the culture of research among the faculty and students.

Involving more numbers of faculty and students in consultancy and problem solving for industries through the Industry Institute Partnership Cell (IIPC) to increase the competency level of the faculty and students' progression.

To promote industry linkage with outside world conducting more numbers of International and National Level Technical Conferences, Symposium, workshops and FDPs and professional societies.

Decentralization:

PRINCIPAL
Sri Indu College of Engineering and Technology
(VII): SHERIGUDA-501 540,
Ibrahimpatnam(M), R.R.Dist.

The roles and responsibilities are Effectively decentralized within the campus in order to enable the activities in a preplanned manner. The internal & external activities of the institution are categorized into various sector heads namely Academic, Planning, Affiliation & Ranking, Industry relations, R&D, Student Affairs, Accreditation & Higher Education, Placement Training, Science & Humanities, Public Relations and Alumni, innovation, professional development, career guidance, skill development which are governing under the Coordinators, conveners and members. Faculty members are given responsibilities for organizing various events, coordinating various club activities, Councils and Committees (<https://sriindu.ac.in/institutional-innovation-council/>). Also, the students' members encouraged to involve and execute number of technical and non-technical events through various students' associations, cells, committees and clubs. These types of active roles enhance the leadership and entrepreneurial skills of the students' community.

Participative Management:

The college encourages a culture of participative management system in a organization. Students and faculty members are involved at various levels in decision making and implementation of strategies Participative management is encouraged by including faculty members in the statutory bodies such as Governing Council, Academic Council, Finance Committee, IQAC, Board of Studies, Disciplinary Committee, Anti Ragging Committee and other Institutional level committees. All academic activities are planned by the faculty members at department level in line with college goals Program Assessment Committee (PAC) & Department Advisory Committee (DAC) are formed at the department levels to monitor the teaching learning process and also to fine tune the activities. Strategies to improve teaching learning process and the academic environment are discussed. For each semester a meeting is convened by the Principal to discuss the general issues of the students relating to academics, placement, co-curricular activities, infrastructure facilities, etc. These activities are guided by association faculty in-charges of respective departments. A number of Clubs with Student centric activities function in

the college and Students are actively involved along with the Faculty in Charge of the respective Clubs in planning and conduct of various programs of the clubs. Participation of alumni in Board of Studies and involving them in curriculum development also promotes participative management.

PO	Description
PO 1	Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
PO 2	Problem Analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
PO 3	Design / development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
PO 4	Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PO 5	Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
PO 6	The engineer and Society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PO 7	Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
PO 8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice
PO 9	Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PO 10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PO 11	Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PO 12	Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological Change

SWOC

STRENGTH		WEAKNESS	
S1	College is rated among top 4 colleges in the region	W1	Additional number of faculty with Ph.D. for research & consultancy not available
S2	Good Infrastructure	W2	Inadequate Faculty Development Programmes (FDPs) including Pedagogical training
S3	Well Experienced Faculty	W3	R&D and innovation culture is weak
S4	The college has signed MoU with University of Bridgeport, USA for higher studies	W4	Use of modern Teaching Aids and learning resources are inadequate
S5	Good placement as priority action	W5	Internet facility in the campus needs expansion
S6	Pollution free learning environment - modern day Engineering and Technology GURUKUL	W6	Less number of publications by faculty
S7	Student discipline is good	W7	Needs enough attention to weak students
S8	Supportive & Cooperative management	W8	Insignificant IRG generation and utilization
S9	Adequately equipped Laboratories - as per current syllabus	W9	Emerging areas should be included in the syllabus
S10	NBA Accreditation for three programmes. For other UG and PG programmes application submission is in progress	W10	Labs should be augmented with latest equipment
S11	College has Jawahar Knowledge Centre*(JKC) - Institute of Electronic Governance(IEG) which helps in placement	W11	Industry Institute interaction needs to be concentrated
S12	Management is financially strong	W12	No of user licenses for software popularly used is insufficient
S13	Good transport facility provided by the college and Govt. as it is located on national highway.	W13	Training of students in soft skills inadequate
S14	Well-equipped Library	W14	Lack of employment oriented learning resources and simulation/design software (CAEs)
S15	Co-Curricular Activities (Cultural fests and Technical fests) are organized. Participated by students from all over the country	W15	Institutional automation needs to be introduced
S16	Employee incentives and salaries are given on time	W16	Support staff and technical non-teaching staff needs training
S17	The college has a regular practice of appointing a faculty member as a Mentor for every Class	W17	Less entrepreneurship related activities
S18	Multi-Disciplinary Activities are taken up successfully as many Colleges are under one management		
S19	Positive Environment & Freedom for Innovation		
S20	Eminent Guest speakers from academia, Industry and Service sector are invited for interaction and exposure to best practices for the students and faculty		
S21	Healthy Competition among different departments		
S22	Good Result in the University. College continuously produces rank holders and high percentage graduates		
S23	Consistently good performance in competitive examinations		
S24	Good Understanding & Coordination among management/Staff & Faculty		
S25	College has reward system for high performing students.		
S26	System of faculty appraisal by students exists		

S27	Close monitoring of student performance and system of communicating regularly with parents	
OPPORTUNITIES		CHALLENGES
O1	Tie up with foreign Universities will enhance the image of the College	C1 Mushrooming growth of engineering colleges in the city will increase competition in attracting good faculty and students.
O2	Additional Courses in PG, PhD and Medical could be started as per state industrial policy	C2 Foreign universities intrusion in the technical education sector
O3	Being close to industries in Hyderabad, projects should be obtained	C3 Lack of continuous electricity supply
O4	Skilled based programmes for community should be offered	C4 Non availability of highly qualified faculty
O5	Encash TEQIP III participation opportunity.	C6 Economic recession
O6	Use industry for offering tailor made continuing education programmes	C8 Infrastructure development - creation of toll bridge might affect student admission
O7	Obtain sponsored research and consultancy from industry and generate revenue	
O8	Training hub for industries (CEP)

Expectations

Management	<ul style="list-style-type: none">• Global Brand• Sustainability• Good Governance• Keep up Autonomous status• Societal Needy
Leadership Team	<ul style="list-style-type: none">• National ranking with in top 100• Competent Faculty• Revenue generation for sustainability• Industry – Institute Interaction• Skilled based education programmes• Bench marking through Accreditation of programs and institution (Like, NAAC, NBA, NIRF etc.,)• Centre of excellence & International MoUs
Faculty & Staff	<ul style="list-style-type: none">• Good academic & working ambience• Career growth ,Research facilities• Academic independence with accountability• Transparency and uniform processes• Motivational Schemes
Students	<ul style="list-style-type: none">• Good academic & research ambience• Support for co-curricular & Extracurricular activities• State of the art infrastructure• Experiential learning & Opportunity for talent exposure• International learning• Quality Placement, career guidance and entrepreneurial opportunities
Parents	<ul style="list-style-type: none">• Branding• Quality teaching- learning• Disciplined students• Good placements
Industry	<ul style="list-style-type: none">• Industry ready professionals with proper attitude• Strong fundamentals• Strong Industry-Institution interaction• Collaborative research, consultancy• Brand and accreditations of the institute
Society & Others	<ul style="list-style-type: none">• Graduates with Moral, Ethical and Responsible Citizenship• Social service activities by the institution• Skill development for needy• Resource centre for other institutions• Consultancy and Continuing education Programs

Strategic Goals

After brain storming the vision, mission, quality policy, core values, environmental factors and SWOC analysis arrived at the step to establish high level goals (HLG) which are also called Institution Strategic Goals (ISG)

1. Good Governance
2. Maintaining Autonomous Status
3. Leadership Development
4. Financial Management
5. Physical infrastructure
6. Teaching – Learning infrastructure
7. Library & information centre
8. Attraction, Development, Retention
9. Teaching, Learning and Evaluation
10. Industry- Institute relationships
11. Research, Development & Innovation
12. Quality assurance systems
13. Entrepreneurship
14. Placement, Internships & Career
15. Extra-curricular and co-curricular
16. Alumni engagement and interaction
17. Community Service and Extension
18. Global Initiatives

1. Good Governance

Governing Body	<ul style="list-style-type: none"> ▪ Merit based GB appointment ▪ Performance management of GB members through specific responsibilities ▪ Evaluation of institutions performance and bench marking ▪ Guiding and approving policy matters
Vision, Mission and Institution Goals	<ul style="list-style-type: none"> ▪ Vision, Mission development & their articulation ▪ Setting short term and long term goals ▪ Institutional Strategic development plan ▪ Institutional strategic goals setting
Transparency & Leadership	<ul style="list-style-type: none"> ▪ Transparency in Leadership & appointment of Key positions ▪ Service conduct rules and polices formulation, approval & implementation ▪ Grievance Redressal mechanism ▪ Leadership Development through decentralization ▪ Establishing E-Governance- MIS- Data analysis
Internal Quality Assurance Cell & Accreditation	<ul style="list-style-type: none"> ▪ Setting up of IQAC with internal & external members to audit processes ▪ Establishing internal audit committee for regulatory compliance ▪ Systems, checks and balances- Remedial measures.
Students Participation	<ul style="list-style-type: none"> ▪ Students nomination to Governing Body ▪ Their suggestions in various academic and student affairs

2. Strengthening Status

Vision & Budget allocation	<ul style="list-style-type: none"> • Discussion in Governing Body and approval for University status • Resource planning & budget approval
Preparation of UDP & pre-assessment	<ul style="list-style-type: none"> • Constitution and appointment of committee to prepare University Development Plan (UDP) • Formation of Academic Council, BoS and Liaison officer...etc) • Preparation for pre-assessment & assessment
Accreditation & Certifications	<ul style="list-style-type: none"> • Accreditation & Assessment cell • Inspections preparation & Approvals
Statutory Inspections	<ul style="list-style-type: none"> • Statutory inspections planning and preparation • Inspections facilitation & remedial measures • Provisional university approval status

PRINCIPAL
 Sri Indu College of Engineering and Technology
 (VIN): SHERIGUDA-501 540,
 Brahmipatnem(M), R.R.Dist.

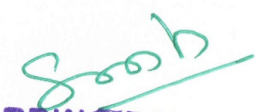

3. Leadership Development

Developing Ownership	<ul style="list-style-type: none"> ▪ Motivating through interactions ▪ Partnership incentive plans
Assessment & Identification	<ul style="list-style-type: none"> ▪ Expert committee to assess all existing leaders potential ▪ Find gaps and structure changing ▪ Identify positions for external
Decentralization	<ul style="list-style-type: none"> ▪ Decentralize the academic, administration and student related ▪ Prescribe duties , responsibilities and accountability ▪ Rotation of key posts to build leadership
Development & Job Rotation	<ul style="list-style-type: none"> ▪ Develop Leadership competencies ▪ Plan for Job rotation /enlargement /enrichment assignments ▪ Plan for new /crisis assignments
Retention Measures	<ul style="list-style-type: none"> ▪ Growth retention plans through Career advancement. ▪ Golden handcuffs through (monetary /welfare)

4. Financial Management

Budgeting	<ul style="list-style-type: none"> ▪ Department wise Budget planning of all heads of accounts ▪ Forecast & estimation of revenue (Both IRG and ERG) ▪ Forecast & estimation of expenditure ▪ Emergency plans ▪ Budget formulation & approval through Finance committee
Financial Governance (HoDs)	<ul style="list-style-type: none"> ▪ Planned expenditure management ▪ Procurement and Financial policies implementation ▪ Monthly Audit (internal /External) checks- balances ▪ Support through research, consultancy and training
Outflow Management & Growth plans	<ul style="list-style-type: none"> ▪ Monitoring expenses as per budget planning ▪ Predicting internal revenue generation ▪ Treasury (surplus funds) management ▪ Growth- Expansion plans

PRINCIPAL
 Sri Indu College of Engineering and Technology
 (M): SHERIGUDA-501 510,
 Ibrahimpatnam(M), R.R.Dist.

5. Physical Infrastructure

Green Campus (Keeping with the Vision & Mission)	<ul style="list-style-type: none"> ▪ Plantation, Rain water harvesting and green cover ▪ Energy harvesting & management ▪ Hygiene, solid waste management (zero plastic usage) ▪ Reuse of waste ▪ Efficient usage of recycled waste water
Academic infrastructure	<ul style="list-style-type: none"> ▪ Aesthetic Class rooms, Tutorials, Seminar halls ▪ State of the art Laboratory & equipment
Library	<ul style="list-style-type: none"> ▪ Library infrastructure up gradation ▪ Functional Furniture and fittings for e-learning
Residential Township	<ul style="list-style-type: none"> ▪ Staff quarters and township facilities ▪ Safety, Security management ▪ Water facility and health centre
Sports, Hostel & Canteen	<ul style="list-style-type: none"> ▪ Developing sports (indoor/outdoor) facilities ▪ Hobby clubs, Canteen & community centre ▪ Additional Hostels facility for boys & Girls within the campus ▪ International Hostel

6. Teaching- Learning Infrastructure

Smart Class rooms	<ul style="list-style-type: none"> ▪ Smart boards ▪ Multi-room instructional facility ▪ Multimedia and support equipment ▪ E-Learning facilities
Laboratory- R&D Equipment	<ul style="list-style-type: none"> ▪ R&D Laboratory and its maintenance ▪ Simulators ▪ Industry equipment (centres of competence) for consultancy
KE & ICT	<ul style="list-style-type: none"> ▪ Licensed softwares- Higher BW ▪ Hardware (Servers, Computers...etc) ▪ Pedagogy tools ▪ Online learning tools ▪ Evaluation & assessment tools ▪ Learning Management System ▪ ICT for 360 deg. Feedback.
Books & E-Learning	<ul style="list-style-type: none"> ▪ Books, Journals, Periodicals, Magazines ▪ Online access to E-media ▪ Departmental library books

PRINCIPAL
 Sri Indu College of Engineering and Technology
 (M): SHERIGUDA-501 510,
 Brahmapatnam(M), R.R.Dist.

7. Library & Information Centre

Infrastructure enhancement	<ul style="list-style-type: none"> ▪ Budget allocation ▪ Infrastructure (Buildings & Furniture) ▪ CCTV and Lockers facility
Removal of obsolescence in Books & Resources	<ul style="list-style-type: none"> ▪ Books, journals procurement, storage and retrieval ▪ Resources automation & Access (24X 7)
Digital & E-Library	<ul style="list-style-type: none"> ▪ Digitization of Library resources ▪ Establishing cloud based e-library & online access

8. Attraction, strengthening and retention of Faculty

Talent Hiring & Retention policy	<ul style="list-style-type: none"> ▪ Merit based hiring policy formulation & implementation ▪ Career advancement Schemes ▪ Scientific induction/ orientation of new talent ▪ Critical talent identification & retention measures
UGC /AICTE Scales, Rewards & Recognitions	<ul style="list-style-type: none"> ▪ UGC /AICTE scales implementation for all cadres / designations ▪ Additional cadres to be created for deserving staff ▪ Rewards – recognitions & incentives ▪ Welfare policy formulation & implementation
Conducive working environment	<ul style="list-style-type: none"> ▪ Best work facilities and infrastructure ▪ Role & responsibilities clarity and empowerment ▪ Online access to Library- journals 24X7 hours ▪ Township /quarters facility
Career growth & Development	<ul style="list-style-type: none"> <input type="checkbox"/> Sponsorship/ Deputation, sabbaticals for higher education & Exchange programmes <input type="checkbox"/> Sponsorship to participate in national /international conferences <input type="checkbox"/> Deputation to premier national /international universities/industry

PRINCIPAL
 Sri Indu College of Engineering and Technology
 (VII): SHERIGUDA-501 510,
 Brahmapatnam(M), R.R.Dist.

9. Teaching-Learning and Evaluation Process

Bench mark with Premier institutes	<ul style="list-style-type: none"> ▪ Constitute academic teams and visit premier institutions ▪ Customize & Implement best practices
Curriculum Design & Lesson plan	<ul style="list-style-type: none"> ▪ Design curriculum as per all graduate attributes and expectations of stake holders ▪ Develop lesson plan as per OBE & academic calendar ▪ Develop e-learning content ▪ Benchmark with industry requirements ▪ Use of LMS to support students
TNA and upgrading faculty & staff competence	<ul style="list-style-type: none"> ▪ Conduct Training Need Analysis (TNA) every two years ▪ Conduct / depute faculty and staff for competence development ▪ Support paper publications and presentations ▪ Provide opportunities for networking ▪ Train faculty to use LMS effectively
Knowledge Delivery & Outcome based education	<ul style="list-style-type: none"> ▪ Define outcomes of each teaching learning initiative ▪ Continuous Assessment and evaluation to measure outcomes ▪ Establish Research Culture ▪ Access to online learning ▪ Mentor on academic, career & higher educational opportunities
Evaluation & Assessment	<ul style="list-style-type: none"> ▪ Create proper feedback system ▪ Continuous progress assessment ▪ Question bank development & Term end examinations ▪ Credit transfers and performance development

10. Industry- Institute Relationships

Industry Data base & Intelligence	<ul style="list-style-type: none"> ▪ Strengthen placement, training and industry institute interaction cell ▪ Identify branch wise preferred industries & companies ▪ Identification of potential areas of research ▪ MoUs & NDA with potential industries/companies ▪ Professional bodies membership
Leverage Industry Resources	<ul style="list-style-type: none"> ▪ Invite industry experts for guest lecturers /talks/seminars ▪ Partner with industry for syllabus reviews/advisory roles ▪ Deputation of faculty to Industry on sabbatical ▪ Leverage for internships, research projects, consultancy & placements ▪ Scholarships
Leverage Institutional Resources for Industry	<ul style="list-style-type: none"> ▪ Training and talks by faculty ▪ Consultancy and testing to industry ▪ Starting of postgraduate programs for industry personal ▪ Enrolling industry personnel for Ph.D.
Setting up Centres of Excellence	<ul style="list-style-type: none"> ▪ Identify potential industries who can establish centres of excellence department wise ▪ Establish and operationalize centres of excellence ▪ Setting up of chairs in specific domains by industry

11. Research, Development and Innovation

R&D Infrastructure & Teams	<ul style="list-style-type: none"> ▪ Enhancing R&D laboratories in all departments ▪ Modernisation and removal of obsolescence of laboratories ▪ Dedicated R&D facilitation & documentation centre ▪ Competent technical staff for R&D labs ▪ Start new Journals with scopus indexing.
Establishing Centres of competence	<ul style="list-style-type: none"> ▪ Fund raising through Project proposals ▪ Apply for TEQIP/Government/ other funding ▪ Establishing centres of excellences ▪ Establishing Consultancy cell
MOU with premier institutes/ R&D labs	<ul style="list-style-type: none"> ▪ MoUs with higher learning institutions in India & abroad. ▪ Collaborations with IISC, IITs, TIFR, ISRO, DRDO, NAL, HAL, BEL...etc ▪ Multi & inter disciplinary research and product development
Incubation Centre /Product Development	<ul style="list-style-type: none"> ▪ Encourage “idea to product” pre-incubation activities ▪ Establishing incubation centres ▪ Focus on Product development ▪ Startup of maker Space (Fab Lab) – Product and development
Setting up of Patent cell	<ul style="list-style-type: none"> ▪ Patent filing, Scaling up & commercialization ▪ Starting of patent cell ▪ Appointment of search and Patent Attorney

12. Quality Assurance Systems

Establishing Quality Systems	<ul style="list-style-type: none"> ▪ Setting up bench marks & system flow ▪ Quality Policy steering committee ▪ Publishing Quality system design & culture ▪ Educating & Training of all employees
Internal Quality Assurance & Assessment cell	<ul style="list-style-type: none"> ▪ Setting up of IQAC team ▪ Periodic checks and guidance
Accreditation & Certifications	<ul style="list-style-type: none"> ▪ Internalise the process based on ▪ Choose accreditation/certification agency ▪ Audit and certifications
Audit Internal Controls	<ul style="list-style-type: none"> ▪ Establish audit process & audit teams ▪ Train internal auditor teams ▪ Audit and remedial measures
Continual improvement, Rewards & Recognitions	<ul style="list-style-type: none"> ▪ Setting up of Quality assurance cell ▪ Identifying achievements & best practices ▪ Quality circle competitions & rewards ▪ Annual competitions

PRINCIPAL
 Sri Indu College of Engineering and Technology

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

LONG TERM PLAN (5 YEARS)

To Provide Modern Infrastructure Facility

To Create Centers of Excellence

To have 60% of faculty with Ph.D qualification

To introduce new UG and PG programs and to enhance the intake of existing programs

To facilitate students to become entrepreneurs

To create incubation centres in collaboration with various agencies

To make use of emerging technologies for providing skill sets and additional self-learning

To collaborate with Foreign/National institutions of higher learning and research organizations.

To Establish collaborative Laboratories with the support of industry

SHORT TERM PLAN (2 YEARS)

To Strengthen the campus facilities and support system

To Enhance the output in Research and Consultancy

To NAAC Accreditation & NBA Accreditation for all eligible programs

To Development of new Curriculum

To Foster Creativity and innovation

To Introduce multidisciplinary courses and projects

To Improve Teaching-Learning process

About New Loyola Model Educational Society (NLMES)

The NEW LOYOLA Model Educational Society(NLMES) had taken its birth with the social objective of providing educational opportunities to the rural youth who had been migrating to the towns in pursuit of education. The concept gained momentum and NEW LOYOLA Model Educational Society(NLMES) was established and Registered on 23rd August, 1979 under Societies Act XXI of 1860 with the following objectives, incorporated in the memorandum of articles.

1. To establish, aid and maintain educational, cultural and other institutions to impart education, at all stages, for promotion of literature, arts and science and all other subjects for the diffusion of useful knowledge in Telangana.
2. To raise necessary funds to maintain educational institutions under its management and administer them.
3. To grant aid to deserving students for promotion of studies.
4. To arrange 'extension lectures' in one or more branches of knowledge.
5. To print and publish journals or magazines with articles contributing to the growth of knowledge, human understanding and culture.
6. To do all such other things as may be conducive to the development or incidental to attain the above objects.

The strength of the Society is that it is not a religious or charitable or social or a family trust. No individual had a controlling interest and the society did not bequeath large endowments that confer managing right or controlling interest on any group or individual. It is purely an educational society to which numerous people, organizations and individuals have donated, only to contribute to the cause of education than for a personal gain or aggrandizement.

The enthusiasm, spirit of service and the pursuit of objectives have been sustained for the last forty years by a succession of members. Power struggles to get hold of the society, crises of management, interference in the administration and dominance of individuals in the society's affairs were totally absent in its history. General Body Meetings, Most of the Executive Members are unanimously elected. Everyone had the same mission, promoting education, not himself.

Sri Indu College of Engineering & Technology

An Autonomous Institution under UGC

CERTIFIED COLLEGE

Quality of instruction through student-centered teaching, updating the teacher-capability and qualifications, exploiting the student talent, developing personality and citizenship in students are the guiding principles in running the institutions. Seminars, Workshops for teachers/students are regularly held to diffuse knowledge beyond the curriculum.

Financial assistance to the poor and needy students was liberally provided through scholarship endowments.

The educational scenario of the nation has been subjected to swift changes. It may not be an exaggeration to state that every passing day heralds a development, if not an upheaval. In every society, there have been attempts to organize the body of existing knowledge, to perceive the natural and also scientific phenomena not merely with awe and reverence but with inductive and deductive logic, reasoning and experimentation so as to understand various occurrences in an enlightened manner. It is to be noted that technological advancement has always been innovative and explorative. Some men of such mettle who have assimilated the essence of educational philosophy established an educational empire

Sri Indu College of Engineering and Technology is sponsored by the New Loyola Model Education Society, Vanasthalipuram was established in the year 2001. The Society proudly announces that it has firm standing in the field of education for the past 41 Years. The College is located in a serene atmosphere abutting the Hyderabad Nagarjunasagar road, facing main road just 15 Kms from L.B. Nagar. There is a bus facility for every 5 minutes besides college buses.

New Loyola Model Education Society has established many institutions right from KG to PG in the areas of Engineering and non Engineering under the chairmanship of Sri R.Venkat Rao. The College has commitment to impart Quality Education in the field of Engineering. The College offers B.Tech, M.Tech., MBA & MCA courses.

Our Vision is to evolve into a center of excellence in Science and Technology through creative and innovative practices in teaching & learning, towards promotion of academic achievement & research excellence to produce

globally accepted, competitive and world class professionals who are psychologically strong and emotionally balanced imbued with social consciousness and ethical values.

New Loyola Model Education Society had been formed in 1979 with a Vision for future to set up and promote such educational Institutions of excellence that would reorient general, technical and professional education with a holistic approach. Assimilating the advances made in various areas of activity and considering the educational needs of the region, many institutions dealing with various academic disciplines have been started.

Details of its Management including their Background

Message from Chairman

Sri. R.Venkat Rao garu

Chairman

It gives me joy unspeakable to affirm that Sri Indu group of institutions, having completed 39 years successfully, has grown into one of the best institutions in the one of the leading Groups in Hyderabad, Telangana. Our Institute is an Autonomous Institutions under UGC, Recognized under 2(f) and 12(B) of UGC Act 1956, approved by the All India Council of Technical Education (AICTE), NBA Accredited, and NAAC in pipeline and An ISO 9001: 2000 Certified College and Permanently Affiliated to JNTUH.

As everyone is aware of the fact that there is unprecedented advancement in the academic research and industry. Without an iota of doubt, it is to be admitted that the field of engineering and technology has undergone radical changes. That the sound engineering education is synonymous with a better standard of living has become a catchy adage of the day. Besides the acquisition of technical skills, the need of getting oneself familiarized with soft skills like communication skills, organizational skills, crisis management skills, public relations skills, etc., has gained appreciable momentum.

I am quite sure that Sri Indu is not only getting the students prepared for the potential job market but also instilling in them much needed enthusiasm even to work for the nation to meet the social aspirations of our country. I strongly believe that the engineers of today, by their innovation ideas, with their problem-solving attitude and of course, with the humanitarian bent of mind, can establish a better world where people of all nations may live in harmony and peace. By and large, I express my deep sense of commitment for the overall developments of the student community of my institute.

Permanently affiliated to JNT University, Hyderabad.

About Chairman

- A dedicated and dynamic personality.
- Pioneer to introduce novel Scholastic methods in the school and the hearts of parents and public.
- He is in Education field since 1979.
- Foresees a “Vision Ahead”. Always struggles to impart better education.
- Awardee by the Govt. of Andhra Pradesh in 1992
- Recipient of “Bharath Jyothi “Award by his excellency, the President of India, Sri Gnani Zail Singh in 1994.
- Chairman of V.V.Info Business Service (India) Ltd., Hyderabad.

Message from Secretary

R. Anup Chakravarthy garu
Secretary & Correspondent

It is my personal observation that the students are perhaps at the most difficult crossroads of their life after their intermediate examinations. The decision they make at this juncture is going to have a long lasting impact on their future life and career. A competent, qualified, experienced and responsible head of the institute can only operate with a vision towards development of an institution.

It is an much instrumental as the engine of train. Our well-equipped laboratories such as laboratories with the computers having high-end configuration, the internet facility, Wi-Fi enabled Campus state of the art library with national and international journals and magazines certainly create a congenial ambience for an ideal engineer in the making to grow.

I am really happy that despite slowdown of economy, Sri Indu has succeeded in bringing various good companies to its campus for placements. All in all, more than 589 students have been placed through campus placements till date during the academic year 2017-18.

Sri Indu Group believes in Bridging Gap between Industry & Research of the students who joined so as to make them apt for facing the challenges of industry and society.

I invite you to join Sri Indu and begin your journey to successful and secured future.

About Secretary

- The present Secretary & Correspondent of the Sri Indu Group of Educational Institutions.
- He is an young and energetic personality.
- Obtained his Masters in Electrical & Electronics Engineering from U.K.
- He has learnt managerial skills from his father Sri.R.Venkat Rao

Our Other Institutions

The NEW LOYOLA Model Educational Society(NLMES) during its 41 years of existence established the following institutions, all known for quality education in their category. The notable feature is that none of the institutions had ever been closed temporarily. There was never an instance when any of the institution had to challenge the action of the statutory bodies or seek redressal of grievances in a court of law.

VISION AND MISSION OF THE INSTITUTION

VISION of the Institute :

To be a premier Institution in Engineering & Technology and Management with competency, values and social consciousness.

MISSION of the Institute

- IM₁** Provide high quality academic programs, training activities and research facilities.
- IM₂** Promote continuous Industry-Institute interaction for employability, entrepreneurship, leadership and research aptitude among stakeholders.
- IM₃** Contribute to the economical and technological development of the region, state and nation.

Quality improvement strategies adopted by the institution to meet Vision and Mission are Curriculum Development

- ✂ Required inputs will be taken from various stake holders like companies that visit for placements, experts that visit the college on various occasions, alumni, etc. these inputs are discussed at length in BOS and finalized appropriately.
- ✂ A course end survey is conducted at the end of every course and necessary measures are taken. The results of mid exams are mapped with Course Outcomes and the achievement levels are indexed.
- ✂ Planned cycles of curriculum review.
- ✂ Linking faculty development programs to curriculum design delivery.
- ✂ Creating assessment plan and procedures to determine curriculum effectiveness.
- ✂ A frame work for optimising local, state and nation standards in curriculum.
- ✂ Monitoring curriculum delivery.

Teaching and Learning

- Lesson plan will be prepared in every course and instruction will be delivered adhering to the academic plan. Lesson diary is recorded in the class student attendance register. Instead of listening to the teacher exclusively, students and teachers interact equally.
- Empowering innovation, experimentation and creativity by teachers to effectively utilise new methods of ICTs.
- Designing and conducting bridge courses to help students understand and assimilate institute teaching learning practices.

Research and Development

- ❖ Periodical FDPs are organized to encourage in research work.
- ❖ Faculty members are encouraged and supported to publish papers and also present papers in conferences and journals with high impact factor through incentives like travel reimbursement, funding and awards.
- ❖ Modernising laboratories with equipments and tools needed for research and product development.
- ❖ Involving students in minor and major research projects.

Library, ICT and physical infrastructure / instrumentation

- ✂ The library has a collection of good number of books meeting the requirement of students and faculty. New titles and volumes of text books are added every year continuously, by allocating required budget to procure books and e-journals.
- ✂ Information and Communication Technology has been made an integral part of teaching learning process by converting some of the conventional class rooms into e-class rooms. These rooms have been equipped with LCD projectors, digital boards and audio systems.
- ✂ Faculty chambers are provided computers with internet facility.

Industry Interaction / Collaboration

The management and departments strive to enter into MoUs with the industries to provide summer internships & projects. Interaction with industry helps to provide industrial visits and research.

The Governing Body of the Sri Indu College of Engineering & Technology was held on 23/04/2022 at 11:30 hrs. in Chairman's Chamber and resolved the following:

Minutes of the 28th GOB Meeting held on 21.10.2021 have been conferred.

Cont'd....

Agenda Points for Discussion

1. To apply for Increase/Reduction in intake for courses in UG – B Tech as following from the academic Year 2022-2023.
2. Budget allocation for the purchase of Books, Lab equipments, required Software & necessary Infrastructure for Additional Increase in intake.
3. Fulfillment of Faculty Student Ratio (1:15) & Cadre Ratio to strengthen the Teaching Learning Process in order to cater the needs of Additional Increase in Intake.
4. To up skill the students quality.
5. Review of Results analysis
6. Internal Academic Audit.
7. Strategic Plan of the Departments & Action plan for the Academic Year 2022-23.

1. Apply for Increase/Reduction in intake for courses in UG – B Tech as following from the academic Year 2022-2023.

Resolution

1. It is resolved to apply for Increase/Reduction in intake for courses in UG – B Tech as following from the academic Year 2022-2023 : -

Increase in Intake

- | | | |
|--|---|-----------------|
| 1. Computer Science & Engineering (Data Science) | - | 60 to 120 seats |
| 2. Computer Science & Engineering (AI & ML) | - | 60 to 120 seats |
| 3. Computer Science & Engineering (Cyber Security) | - | 60 to 90 seats |
| 4. Artificial Intelligence (AI) and Data Science | - | 60 to 120 seats |

Reduction in Intake

- | | | |
|--|---|------------------|
| 1. Civil Engineering | - | 60 to 30 seats |
| 2. Mechanical Engineering | - | 60 to 30 seats |
| 3. Electronics & Communication Engineering | - | 240 to 120 seats |
| 4. Electrical and Electronics Engineering | - | 60 to 30 seats |

CERTIFIED COLLEGE

2. Budget allocation for the purchase of Books, Lab equipments, required Software & necessary Infrastructure for Additional Increase in intake : The following Estimated Budget proposals are discussed and recommended by the Finance Committee and ratified by the BOG as given below:

Items	Proposed Budget for the Academic Year 2022-23
Library Books and Journals	12,50,000.00
Laboratory Equipment	25,00,000.00
Required Software	5,00,000.00
Infrastructure	2,00,000.00
Faculty Training	3,00,000.00
Maintenance	10,00,000.00
Miscellaneous	5,00,000.00
Total	62,50,000.00

3. Fulfillment of Faculty Student Ratio (1:15) & Cadre Ratio to strengthen the Teaching Learning Process in order to cater the needs of Additional Increase in Intake.

Recognized under 2(f) and 12(B) of UGC Act 1956

NBA & NAAC Accredited, Approved by AICTE and

Permanently affiliated to JNTU University, Hyderabad.

4. **To up skill the students qualities** : To Strengthen the students learning capabilities, it is suggested by Committee Members to incorporate with various Virtual Laboratories and Best Practices offered by IITs and other reputed Universities. Further, towards imparting the skills, the Hybrid mode of Teaching Learning methods are being practiced to up skill the students qualities.
5. **Review of Results analysis** : The College has completed the process of evaluation and put forward for release of the Results of the 1st Semester IV, III & II B.Tech for the exams held during **Feb. / March - 2022**. The final results proceedings and its analysis are prepared and submitted to JNTUH for approval.
6. **Internal Academic Audit** : As discussed, the College IQAC is intensively taking care of Internal Academic Audit process to verify the Quality of Content delivery, Syllabus coverage, effective utilization of ICT Tools, Students Mentoring processes (Identification of Slow and Fast Learners) and to strengthen the Department's Academic activities.
7. **Strategic Plan of the Departments & Action plan for the Academic Year 2022-23** :

At the end of every Academic Year, IQAC is conducting regular review meetings for measuring the departments achievement and progress. After having the detailed discussion with all the HODs and Faculty Members, a specific, measurable & achievable plan of action will be defined for the next academic year.

(An Autonomous Institution under UGC, New Delhi)

Academic Council Meeting

Minutes of the **Academic Council Meeting** held at 3:30 pm on **6th October, 2021** in the Chambers of the Chairman, Sri Indu College of Engineering & Technology

Members Present:

Sri R Venkat Rao, Chairman, Sri Indu College of Engineering & Technology – Patron

Sl. No.	Name of the Member & Designation	
1	Dr. G. Suresh, Principal, SICET	Chair Person
2	Dr. A. Govardhan, Prof. of CSE, JNTUH CEH	JNTUH Nominee
3	Dr. K. Vijaya Kumar Reddy, Prof. of ME, JNTUH CEH	JNTUH Nominee
4	Dr. R. Markandeya, Prof. of Metallurgical Engg., JNTUH, CEM	JNTUH Nominee
5	Dr. A. Ramakrishna Rao, DAE, SICET	Member
6	Dr. P. Mallesham, HOD, ME, SICET	Member
7	Dr. A. Nagamalleswara Rao, HOD, EEE, SICET	Member
8	Prof. K. Ashok Babu, HOD, ECE, SICET	Member
9	Dr. S.R. Mugunthan, Professor, CSE, SICET	Member
10	Prof. D. Rajendra Babu, HOD, Civil, SICET	Member
11	Dr. P. Balasubrahmanyam, CE, HOD, Physics, SICET	Member
12	Prof. A. Laxmikanth, ACE, IT, SICET	Member
13	Dr. Dashrath Ram Yadav, Scientist G, DRDO, Hyd.	Member
14	Mr. B.S.S. Prasad, Advocate, Hyderabad	Member

The members discussed and approved the following items:

Item No: 1:

TO FINALISE THE CMM & PC FOR THE CANDIDATES OF THE B.TECH CANDIDATES OF BR16 REGULATION, 2016-2020 & 2017-2021 BATCH LABELED AND CLASSIFIED UNDER A) GRACE MARKS B) SUBJECT ELIMINATION/ CREDIT RELAXATION.

Description : We wish to bring to the notice that JNTUH has given in Circular No. **EB/375/2021** and dated **25-08-2021** for A) Grace Marks B) Subject Elimination / Credit Relaxation. We wish to bring to your kind notice that A) Grace Marks B) Subject Elimination / Credit Relaxation are not included in our SICET Rules and Regulations of BR16. (A copy of BR16 - Rules and Regulation is enclosed for your perusal) In this connection the Hon'ble members of the Academic Council are requested to give permission to adopt the above circular in Toto on the same lines that are permitted for JNTUH Colleges for finalizing the results of Sri Indu College of Engineering & Technology (Autonomous). Further it is submitted to the committee that course structure and regulations are followed as per the JNTUH guidelines in toto.

Resolution : The members have approved the final CMM, PC for the candidates of the B.Tech candidates of BR16 Regulation, 2016-2020 & 2017-2021 batch labeled and classified under A) Grace Marks B) Subject Elimination / Credit Relaxation as per the JNTUH Circular No. **EB/375/2021** and dated **25-08-2021**. (BR16 Regulation Attached)

Item No: 2:

TO FINALISE THE CMM & PC FOR THE CANDIDATES OF THE M.TECH. / MBA CANDIDATES OF MR18 & MR20 REGULATIONS.

Resolution : The members have approved the final CMM, PC for the Candidates of the M.Tech. / MBA candidates of MR18 & MR20 Regulations as per JNTUH Norms - (MR18 Regulation Attached)

Item No: 3:

CONDUCT OF REMEDIAL MID TEST – APPROVAL OF THE ACADEMIC COUNCIL.

Description :As per JNTUH Circular No. EB/367/2020 Dated 27-01-2021, it is approved to conduct Remedial Mid Test in all the Semesters for such of those candidates who have missed or absent to take the Mid Exams on Medical Ground and other reasons to be approved in the College Autonomous Examination Committee. For the first time, during the Academic Year 2020-21 we have received representations to conduct RMT for I/IV Second Semester. Hence we request you to please extend the facility of conducting Remedial Mid Test to Sri Indu College of Engineering & Technology (Autonomous). Recommendation constituted by Autonomous Examination committee and analysed case by case with request made by the students.

Resolution :The members have approved to extend the facility of Remedial Mid Test to Sri Indu College of Engineering & Technology (Autonomous)

Item No: 4:

ACADEMIC PERFORMANCE & RESULT ANALYSIS OF THE STUDENTS

Description : The student's Academic Performance for batches 2015-2019, 2016-2020, 2017-2021 are placed for your perusal. (copies enclosed). This item is placed before the Academic Council for approval.

Item No: 5:

BR20 REGULATIONS SYLLABUS FINALIZATION.

Description : Due to COVID situation, We are constrained to conduct virtual BOS meetings in all the Departments including New Branches like AI&ML, IOT, DS, CS & CSIT. The Members of BOS in all branches are finalised as per JNTUH Norms. The list of member of BOS in all branches is enclosed for your perusal.

However we have followed all the Rules and Regulations by inviting all the Members of BOS including Subject Experts from the Industry, Subject Experts from Outside the College and JNTUH Nominees. We have obtained their approval in writing after the conduct of meeting by sending the HOD personally along with BOS resolution copies.

Resolution : The members have approved the final BR20 Regulations Syllabus Finalized by BOS of all the Departments.

Item No: 6:

COVID-19 PRECAUTIONS – SUGGESTIONS, IF ANY, FROM THE ACADEMIC COUNCIL.

Description : The College has been strictly following the COVID-19 Rules and Regulations circulated by the State Govt. of Telangana from Time to Time. We have been insisting the Students and Staff to follow the protocol very strictly without any deviations. While conducting the Classwork as well as Examinations, we are following the stipulations suggested by the Telangana Council of Higher Education (TSCHE) like 1. Wearing Mask 2. Classroom Sanitization 3. Insisting on Social Distancing etc., without any deviations.

Item No: 7:

ONE TIME CHANCE OF CONDUCTING SPECIAL SUPPLEMENTARY EXAMINATION FOR THE CANDIDATES WHO HAVE COMPLETED THEIR CLASSWORK (Double the Duration of the Course) AND WHO HAVE AVAILED TO YEARS EXTRA TIME TO CLEAR BACKLOG SUBJECTS AS PER UNIVERSITY CIRCULAR NO. EB/OLE/918 DATED : 25-02-2021.

Description : We wish to bring to the notice that JNTUH has given in Circular No. **EB/OLE/918** and dated **25-02-2021** for Adopting One Time Chance of conducting Special Supplementary Examination for the candidates who have completed their classwork (double the duration of the course) and who have availed two years extra time to clear backlog subjects.

Hon'ble members of the Academic Council are requested to give permission to adopt the above circular in Toto for Sri Indu College of Engineering & Technology (Autonomous).

Resolution : Permission may be accorded to give the notification as per JNTUH circular and based on the students registration further consideration will be made.

Any other Item

Item No: 8:

INSTITUTIONAL BEST PRACTICES

Description : 1) Hand-out System : All the Departments are preparing Subject-wise Hand-outs in advance before commencement of classes and the same is circulated to all the students on day one class for effective progress of regular academics. The Hand-out material includes Vision, Mission of the Department, All subjects syllabus copy, COs- POs mapping, Lesson plan of all the subjects, Question Banks, Model Yester year Question Papers. This practice will give prior knowledge on the subjects for better understanding by the students.

2) Internal Academic Audit and Review System in ensure the effectiveness of Teaching Learning Processes :

The IQAC-Academic Audit Cell is formed for ensuring quality teaching-learning process for the academic year 2021-2022

Purpose:

To promote self-reflection/ self-improvement measures among all departments being audited.

To conduct quality checks on different activities undertaken in all departments/ Students activity of the institution to meet expected outcomes.

To promote adoption of best practices and innovative methods for quality teaching-learning process.

Audit Team:

S. No	Audit Team	Designation
1	Dr.A.RamakrishnaRao	Director (Academic & Planning)
2	Prof. K.AshokBabu	MR- Convener
3	Dr.P.Mallesham	Director (Mech.)
4	Dr.N.C.Sendhilkumar	IQAC Coordinator
5	Dr.G.Suresh	Principal

Audit Process:

Each Department will prepare a Self-Evaluation Report and submit it electronically to IQAC.

The Audit team will visit and conduct evaluation through check of documents and interaction with faculties and students.

The audit report will be prepared and will be shared to the department for corrective measures.

Non Confirmation Report (NCR) will be issued by the IQAC for authentication.

- 3) **DIGITAL POSTER PRESENTATION BY STUDENTS** :To cultivate out of boxthinking, such as inter-disciplinary thinking, synthesizing knowledge of different disciplines and to cope with complexity among students. To ensure the knowledge acquiring among the students community.To make them understand the emerging concepts from known concepts. To stimulate in-depth learning of the concepts and understanding of various topics.

The Context :This event is to provide an opportunity for the students to share their knowledge with the peer group members. The digital poster is prepared in advance with desired technical framework to share the knowledge on inter-disciplinary fields. This activity will lead to encourage the students to participate in symposia, technical presentation.

The Practice:The schedule is prepared and given to the faculty members to prepare and present the acquired. This presentation is recorded for review and template for the other participants.

Evidence of Success:Outcome of this practice enables the students to Participate in technical presentation, Conferences, Project Expo, Participate in skill oriented competitions

4. **ICT Based Demonstrative Mode** :This mode is conducted for the students for deeper understanding of the subjects with scheme implementations with the support of Modern Tools Descriptions.

FUNCTIONS & RESPONSIBILITIES:

- To make recommendations for the Vision, Mission statements and PEOs for the Institute and the Program
- To monitor the academic activity with reference to adherence to academic calendar, syllabus completion, attendance of students, results of each semester etc and give recommendations accordingly
- To evaluate the contribution of various beyond syllabus activities conducted for each semester
- To mentor the Program Assessment Committee and assist in planning of academic activities to meet the expectations of the Vision, Mission and PEOs
- Monitoring the programs of internal reviews of learning and teaching
- Advise on priorities, directions, and new frontiers for education, research, and outreach.
- Suggest strategies that might be employed to achieve the College's goals.
- Offer guidance to the College on existing and proposed academic programs and research.
- Propose ways to maintain strong relations with the community and to establish effective institutional partnership.
- Help in sustaining and enhancing the national reputation of the College
- Provide feedback to the College on the status of alumni in the job market.
- Recommend ways to improve and develop the training, and skills programs offered by the college.
- Provide a connection to potential internships/training opportunities for students, employment opportunities for graduates, and to potential research and service opportunities for the faculty.

Gender Sensitivity

Gender sensitivity and gender sensitization is accomplished through amalgamation of theory and practice. There are many platforms for hands-on experiences related to gender sensitivity which enable students to interface with real life situations such as field work, community outreach, and gender sensitization activities under Women Advisory Committee (WAC).

The WAC (Women Advisory Committee) was constituted and has been functioning in formal sense since 2002. It is reconstituted as WAC & ICC (Women Advisory Committee and Internal Complaints Committee) from 2017. The cell aims to enable Women faculty and girl students to explore their imminent potential in all aspects, providing a congenial working environment for them.

The events such as Quiz, Miss-Ethnic, Role-Play and Elocution Competitions on Women Empowerment and Great Women Personalities are conducted. The programme on "Gender Sensitization and Social Responsibility" was conducted. Around 10 programmes like "Awareness on Sexual Harassment at Work Place", "Theme: Laws related to Women", "Cervical Cancer Awareness", "An Orientation on Behavior and Discipline of Girl Students", "Violence against women-Safeguards-awareness of women laws" were conducted in last five years.

Human Values and Professional Ethics

A course of one credit on human values "Professional Ethics and Human Values" is offered as Subject / open elective to all the students to take at least once during the programme of study. IN view of Social development activities like working in NGOs, organizing blood donation camps, health check-up camps, hygiene and health workshops, environment awareness camps, river cleanliness drive, workshops on social issues, public health, gender issues etc. All the activities of are monitored by faculty in-charge at each institution/campus.

As an integral part of student engagement in social activities during their programme of study, college also mandates all the students to enroll as NSS/NCC Volunteers. It aims at inculcating values, ethics and socially responsible qualities. Students organize street plays, awareness campaigns, debates etc. Human values activities by students are being conducted since inception.

Function of the Committee

- This committee is constituted as per the guidelines issued by JNTUH as per its hand book. It's main functions are to see that none of the candidates involved indulge any sort of malpractices in the college during and while appearing for any type of examinations.
- In order to achieve the aim the main areas of thrust will be on Preparation of seating plan of the examinees.
- Displaying the seating at all prominent places inside and outside the college entrance and on the notice boards of the class rooms and examination halls.
- Ensuring entry for only those students in possession of the Identity cards and Examination hall tickets.
- Making sure that the identity cards as well as the Hall tickets are checked by even the invigilators before handing over the student examination booklets.
- Making sure that none of the students carry and hold any cell phones and other unauthorized material in to the examination hall.
- Ensure that the examinees do not indulge in any type of discussion and cross talk inside the examination hall.
- That they use only the authorized examination related aides /tools and not any other item.
- That the Committee members accompany the Flying Squads of University as when such visits take place.
- The flying squads will catch the culprits and immediately bring the same to the notice of the Superintendent of examinations.
- Take his instructions / orders and initiate action accordingly.
- Withdraw the answer booklets of the students and seek further orders of the Principal / Examination Superintendent for further disposal.
- Prepare necessary reports and returns and submit to the concerned authorities.
- As far as the functions of the Evaluation committee are concerned the primary one will be
- To go through the various procedures are followed and measures being adopted to check and arrest Malpractices

The complaints may range from use of unparliamentary language, passing unwanted comments, making indecent statements, passing remarks about one's character / behavior, making indecent gestures, passing and making jokes about one's efficiency in public, and trying to befriend a lady / female member with a malafide intentions, being harsh to a female member after knowing about her weaknesses / drawbacks and trying to take undue advantage of the situation etc and may many more which could be brought under the Heading HARASSMENT (Physically and Mentally)
- They shall initially go through the complaint.
- Call for the complainant and have a clear dialogue about the complaint, it's source, time of happening of the incidents, details of the witnesses around and further consequences if any.
- They shall carry out an impartial analysis of the complaint complainant's own behavioral pattern in and outside the college, her background, her peer group members, others, her performance in the college her antecedents.
- After coming to the conclusion that prima facie the complainant has some substance and deserves to be redressed, as a next step they shall summon the person against whom the complaint has been made whether Male or Female.
- Inform her/him about the existence complaint against her/him
- Try to know full details of the case from him /her.
- Obtain a written report / explanation
- Reduce all the deliberations to writing.
- Call for any other person / witnesses to gain further insight in to the incident

- Listen to them also about the complainant and the person against whom the complaint has been made.
- Reduce every bit of deliberation to writing.
- And after a patient hearing and after taking in to consideration all the facts arrive at a conclusion as to whether prima facie a case exists and the complaint stands.
- Write findings and recommend action to be taken.
- If the issue can be sorted out by counseling both the parties the committee shall be wise enough to do so rather than blowing the issue out of proportion.
- In all these deliberations and proceedings, the members shall maintain a calm and quiet composure and behave in an unbiased and impartial manner.
- It may be ensured that at no stage the particulars of the persons involved are made public which may amount to further humiliation of the parties involved.

Following are the Counselors/Mentors for 2021-22

Department of ELECTRONICS AND COMMUNICATION ENGINEERING

a) Mentors List- Class Wise

Every Year will have 6 mentors, each for every 16 students. The below is the List of Mentors for ECE Department.

S. No	Class	Name of the Faculty mentor	Designation	Students Roll Numbers	No .of Students
1	II - A,B	K. RAMMOHAN RAO	Associate Professor	20D41A0401-20D41A0416	16
		B. DEEPIKA RATHOD	Associate Professor	20D41A0417-20D41A0432	16
		P SWETHA	Assistant Professor	20D41A0433-20D41A0448	16
		K THRIVENI	Assistant Professor	20D41A0449-20D41A0464	16
2	II-B,C	K. JAILSINGH	Assistant Professor	20D41A0465-20D41A0480	16
		R LIKHITHA	Assistant Professor	20D41A0481-20D41A0496	16
		B HEMAVATHI	Assistant Professor	20D41A0497-20D41A04B2	16
		K SRAVANI	Assistant Professor	20D41A04B3-20D41A04C8	16
3	II - C,D	G. RAJKUMAR	Assistant Professor	20D41A04C9-20D41A04E4	16
		B. NEERAJA	Associate Professor	20D41A04E5-20D41A04G0	16
		R KALPANA	Assistant Professor	20D41A04G1-20D41A04H6	16
		P. SRINIVAS	Assistant Professor	20D41A04H7-20D41A04K2	16
4	II -D	D BHARATHI	Assistant Professor	20D41A04K3-20D41A04L8	16
		D. THIRUMALA REDDY	Assistant Professor	20D41A04L9-20D41A04N4	16
		T NAGAVENI	Assistant Professor	20D41A04N5-20D41A04P1 + 18D41A0409	8
		A VENUGOPAL	Assistant Professor	21D45A0401-21D45A0416	16
		PRAKASH	Assistant Professor	21D45A0417-21D45A0433	17

ACTION TAKEN REPORT ON STAKEHOLDERS FEEDBACK

April 2022

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

ACADEMIC YEAR 2021-22

ACTION TAKEN REPORT ON STAKEHOLDERS FEEDBACK

Consolidated Feedback

S. No	Name of the Programme	Suggestions by the Alumni Members
1	Mechanical Engineering	<ol style="list-style-type: none">1. Need more skill oriented subjects, practicals and value added courses2. Identifying the requirements of industry needs, As per the requirement suggested to frame the syllabus.3. Learning Advanced tools related to mechanical is mandatory.4. More industrial visits and internships for students will help them to get aware on recent technology.
2	Civil Engineering	<ol style="list-style-type: none">1. Involving students to develop their own designs for building constructions, Roads, Dams etc.,2. Create opportunity for prepare and implementing their project plan in real world.3. Encourage students to gain more technical skills during their course of period.4. Most important one is communication skill. So that they can easily interact with their clients and explain their plan.
3	Electrical and Electronics Engineering	<ol style="list-style-type: none">1. Students must be trained with both software and Simulation tools like Matlab, Auto desk etc2. Include the Design, develop and Testing of Electrical equipment in practical classes.3. Give importance to placement relevant activities and also initiate self-employment opportunities.
4	Electronics and Communication Engineering	<ol style="list-style-type: none">1. Creating Awareness about core companies and specific training to get through into it.2. Plan to conduct Gate coaching class inside the campus3. As wider scopes are there for ECE, train the students by finding their suitability.4. Give more practical exposure to the students.

		5. Arrange more Industrial visits and provide internship opportunities.
6	Information Technology	<ol style="list-style-type: none"> 1. More modernized Lab facilities with various latest software upgradation required. 2. Industry institute interconnection must be strengthened in various modes. 3. In curriculum design or upgradation add more emerging courses as subjects. 4. More events need to be organized.

S. No	Name of the Programme	Suggested by the Employers
1	Mechanical Engineering	<ol style="list-style-type: none"> 1. Increase the number of field visits and internships need be arranged. 2. Conduct more workshops and Hands on training. 3. Conduct classes for verbal and non-verbal communication. 4. Motivate students to do their own design and development. 5. Motivate students to participate in Hacathon, Ideathon, for getting exposure on outside world.
2	Civil Engineering	<ol style="list-style-type: none"> 1. More practical oriented knowledge to be imparted in lab sessions. 2. Industrial visits and internships must be made mandatory from 3rd year onwards. 3. Give career guidance and self employable trainings. 4. Involve students in core competencies related events. 5. Skill oriented development must be focused for all students.
3	Electrical and Electronics Engineering	<ol style="list-style-type: none"> 1. Training session need to be organized for simulation tools, which are needed for design and testing the electrical equipments. 2. Give importance to placement relevant

		<p>activities.</p> <ol style="list-style-type: none"> 3. Mostly focus on create the importance and value of core company jobs. 4. Motivate the students to actively take part in creating new project ideas and develop for implementation. 5. Through MOU's , have strong bond between industry and institute in conducting various events and trainings.
4	Electronics and Communication Engineering	<ol style="list-style-type: none"> 1. Industry Institute Interaction should be more. 2. Arrange more expert lecture. 3. Upgrade knowledge on Python Programming 4. Need more focus on internships, industrial visits and industrial projects. 5. Establish more MOUs 6. Communication skills to be improved 7. More software skills to be imparted 8. Self-learning platforms are to be incorporated 9. Demonstrative mode and experimental mode of classes to be conducted. 10. Industry relevant electives can be opted. 11. Technical fitness are to be ensured. 12. Research Laboratories need to be strengthened.
5	Computer Science and Engineering	<ol style="list-style-type: none"> 1. Latest Programming skills like Python, C, C++ need to be trained by everyone. 2. Involve students to participate in various events like coding contest, Ideathon, Hackathon etc. 3. Not only the recent one but also the basic programming knowledge also required. 4. Create centre of excellence. Give opportunity for certification courses inside the campus. 5. Give importance to placement relevant activities

		<ol style="list-style-type: none"> 6. Arrange more workshops by inviting industry experts. 7. Provide research lab for app developers, code developers etc with required facilities. 8. For industry readiness make sure students are with required skills sets and proper training.
6	Information Technology	<ol style="list-style-type: none"> 1. Programming skills are more important. 2. Self Employability skills are to be imparted. 3. Strong exposure is required on Python, C, C++ and also basic programming skills. 4. Both verbal and non – verbal communication oriented training session must be organized. 5. Arrange more workshops by inviting industry experts.

S. No	Name of the Programme	Suggestions from Parents
1	Mechanical Engineering	<ol style="list-style-type: none"> 1. Good Placements and Trainings required. 2. Involve students in co-curricular and extra-curricular activities. 3. Increase Canteen facilities 4. Transport facilities, request more RTC buses during college timings.
2	Civil Engineering	<ol style="list-style-type: none"> 1. Need Placement in reputed industries and Organization. 2. Canteen facilities need to increase. 3. Required RTC buses during college timings 4. Industrial visits from III year onwards.
3	Electrical and Electronics Engineering	<ol style="list-style-type: none"> 1. Need placements 2. Career Guidance program 3. Impart more practical knowledge
4	Electronics and Communication Engineering	<ol style="list-style-type: none"> 1. Need Placements in reputed industry. 2. Create Outside world exposure by involving students in various activities. 3. More Facilities needed for practical classes with additional lab facilities.
5	Computer Science and Engineering	<ol style="list-style-type: none"> 1. Good placements with high packages. 2. More certification courses required to

		<p>conduct internally by using industrial experts.</p> <p>3. Involve students to participate in external competitions.</p>
6	Information Technology	<p>1. Placements with good package needed</p> <p>2. Academic support and involvement</p> <p>3. Lab facilities are to be enhanced</p>

S. No	Feedback from Outgoing Students	Action Taken
1	Please provide the internet facilities in all the academic building	High speed Internet connections through WIFI are provided in all the blocks.
2	Improve interaction with students	Class room interaction by subject handlers and HoD are done in regular intervals. It was conducted separately also in the various mode like mentoring, motivational class, class committee meetings etc.,
3	Hostel amenities can be improved. Hostel facilities should be improved.	As per the students expectation the changes have been made to meet their comfortness, still aiming to bring standards.
4	Improve placement interaction with students and improve placement	Placement cell was taken up initiative to provide multiple offers, good package companies, to all the students. Regarding this more CRT programmes, Pre-placement talk by HR's, Placement orientation programmes are organized often. The Regular communication to students have been made through mail to students, students WhatsApp group, department notice board, Head's of department etc.,
5	New industry related tools can be given to the students to bridge the requirements	Our institution also very keen on providing various trainings in software tools used in industries. Lab facilities also provided to meet such standards.

6	Give the aware on importance of soft skills for the students.	We are organizing various training programmes through placements and departments to create awareness and industry readiness to our students.
7	Encourage the student for entrepreneurial activities. Support for startups	In this academic year so many events organized for awareness on entrepreneurship, And also S-Hub, P-Hub and innovation council activities will continue to support innovative startups
8	Develop more sports facilities and conduct more extra-curricular activities	A well established indoor and outdoor stadium are inside the campus. Interested students are utilizing after college working hours to practice and participate in extracurricular activities.
9	Arrange more industrial visit	Industrial visits have been organized by each department in this academic year for III year and IV year students.
10	We are requesting corporate driven internship programmes.	Many number of internship programmes were recommended for the students and they participated.
11	Conduct co-curricular activities for the students from the department	In this academic year More events organized like Technical symposium, Coding contest, Ideathon etc.,
12	Activity oriented classes are required	As a part of teaching learning process, faculties are instructed to follow activity based teaching, and also ICT enabled activities were introduced
13	Support for higher studies globally	As many students were concerned in doing higher studies, in this academic year more awareness programs were organized.
14	Technical training programmes are invited	Departments have taken initiative in Conducting seminars/ workshops/

		webinars/ experts talk etc., and also mandated for every semester.

Sri Indu

College of Engineering & Technology

UGC Autonomous Institution

Recognized under 2(f) & 12(B) of UGC Act 1956,
NAAC, Approved by AICTE &
Permanently Affiliated to JNTUH

NAAC

NATIONAL ASSESSMENT AND
ACCREDITATION COUNCIL

SICET INNOVATION STARTUP POLICY

INSTITUTION'S INNOVATION COUNCIL

(Ministry of Education Initiative)

INSTITUTION VISION

To be a premier Institution in Engineering & Technology and Management with competency, values and social consciousness.

INSTITUTION MISSION

IM₁ Provide high quality academic programs, training activities and research facilities.

IM₂ Promote Continuous Industry-Institute interaction for employability, Entrepreneurship, leadership and research aptitude among stakeholders.

IM₃ Contribute to the economical and technological development of the region, state and nation.

Objectives

To cater the needs of young student entrepreneurs with innovative ideas of social relevance and there by introducing a culture of entrepreneurship inside campus which will strengthen our education system and there by promoting the national economic and social growth.

Short Term Goals

- To help student groups to prototype their ideas.
- To improve innovation, creative and design thinking among student community.
- Incubation facility for faculty driven start-up and student/Alumni start-up.
- Organize FDP, seminars and workshops, distinguish talks for students, Faculty and Alumni and promote entrepreneurial culture.

Long Term Goals

- Associate with DST, CII, MSME and other academic institutions for transferring world class facility.
- Improve quality of research work among students and to attain patent which can be commercially used in production
- Provide a platform for students to develop innovative products with global recognition and generate business opportunities.
- Generate revenues through consultancy work and student start-ups.
- Spread awareness to students and faculty regarding IPR related activities.
- Strategic partnership linkage with
- Entrepreneurship Development Institute of India(EDII),
- National Innovation Foundation (NIF) of India to submit ideas and apply for schemes
- Procure fund from AICTE for Entrepreneurship Development Cell

Committee for SICET National Innovation and Start up Policy

List of Coordinators	Designation	Role
Dr. P. Mallesham	Director (Mechanical)	Chairperson
Dr. Sampath Korra	Associate Professor/CSE	NISP Coordinator
Dr.N.C. Sendhilkumar	Professor/ECE	Member
Dr. Naga Malleshwar	Professor/EEE	Member
Dr.P.Ramesh	Associate Professor/ECE	Member
Prof. Abdul Khaja Pasha	Assistant Professor/ECE	Member
Prof.E.Parusha Ramu	Assistant Professor/ECE	Member
Deekshith Saganti	Student	Member
Siva Pranam Tunguturi	Student	Member
Nannuri Ruchika Reddy	Student	Member
Dr.I.SATYANARAYANA	External	Member
G.Bhaskar	External	Member

Introduction

SICET Innovation, Incubation, Entrepreneurship & Startups, is set up to promote innovation and entrepreneurship among the Faculty, Staff, Students at Sri Indu College of Engineering and Technology. To accomplish its goal, SICET innovation startup cell runs and manages a innovata schemes and policies. This policy will also facilitate Intellectual Property ownership management, technology licensing and institutional Startup policy, thus enabling creation of a robust innovation and Start up ecosystem across the institution.

1. Strategies and Governance

- A. Entrepreneurship promotion development will be one of the major dimensions of our strategies. To facilitate development of an entrepreneurial ecosystem in the SICET and nearby area, specific objective and associated performance indicator will be periodically defined for assessment.
- B. Implementation of entrepreneurial vision in SICET will be achieved through mission statements rather than stringent control system. The entrepreneurial agenda will be responsibility of the Chairperson & Coordinator to bring in required commitment and well understood by the Top Management. However, promoting entrepreneurship requires a different type of mind set as compared to other academic activities.

- C. Resource mobilization plan will be worked out at the institution level for supporting innovation, pre-incubation, incubation infrastructure and facilities. A sustainable financial strategy will be defined in order to reduce the organizational constraints to work on the entrepreneurial agenda.
- i. Investment in the entrepreneurial activities will be a part of the institutional financial strategy. Minimum 1% fund of the total annual budget of the institution will be allocated for funding and supporting innovation and startups related activities through creation of separate 'Innovation fund'.
 - ii. The strategy will also involve raising funds from diverse external funding sources through government (state and central) such as DST, DBT, MHRD, AICTE, TDB, TIFAC, DSIR, CSIR, BIRAC, NSTEDB, NRDC, Startup India, Invest India, MeitY, MSDE, MSME, etc. and non- government sources.
 - iii. To support technology incubators, institution will approach private and corporate sectors to generate funds, under Corporate Social Responsibility (CSR) activities.
 - iv. We will actively engage alumni network for promoting Innovation & Entrepreneurship.
- D. For expediting the decision making, hierarchical barriers will be minimized through empowering the SICET Council team and individual autonomy and ownership of initiatives will be promoted.
- E. Importance of innovation and entrepreneurial plan will be known across the institution and will be promoted and highlighted at Academic Calendar programs such as conferences, convocations, workshops, etc. Action plan will be formulated at institution level, having well-defined short-term and long-term goals.
- F. Development of entrepreneurship culture should not be limited within the boundaries of the institution.
- i. SICET will be the driving force in developing entrepreneurship culture in its vicinity (regional, social and community level). This shall include giving opportunity for regional startups, provision to extend facilities for outsiders and active involvement of the institution in defining strategic direction for local development.
 - ii. Strategic international partnerships should be developed using bilateral and multilateral channels with international innovation clusters and other relevant organizations. Moreover, international exchange programs, internships, engaging the international faculties in innovation and entrepreneurship will also be promoted.

2. Startups Enabling SICET Infrastructure

Pre-incubation and incubation facilities for nurturing innovations and startups will be created. Incubation and Innovation can be organically interlinked and effort will be to link Innovation to Enterprises to Financial Success.

- A. Our institution will create Centre of Innovation, Incubation, Entrepreneurship and Startup under which Centre of Innovation, Technology Business Incubator and Student Innovation and Entrepreneurship Club will be working by mobilizing resources from internal and external sources.
- B. Pre-Incubation/Incubation facility will be accessible 24x7 to students, staff and faculty of all disciplines and departments across the institution including startup from vicinity.
- C. Technology Business Incubator (TBI) will offer mentoring and other relevant services through Pre-incubation/Incubation process in-return for fees, equity sharing and (or) zero payment basis. The modalities regarding Equity Sharing in Startups supported through TBI will depend upon the nature of services offered.

3. Nurturing Innovations and Start ups

- A. SICET will establish processes and mechanisms for easy creation and nurturing of Start-ups/enterprises by students, staff, faculty, alumni and potential start up applicants even from outside the institutions.
- B. Technology Business Incubator will define their processes and will ensure to achieve the following:
 - i. Incubation support: Pre-incubation & Incubation facility to start ups by students, staff and faculty for mutually acceptable time-frame.
 - ii. SICET may allow their students / staff to work on their innovative projects and setting up start-ups (including Social Start-ups) or work as intern / part-time in start-ups (incubated in any recognized Incubators) while studying / working with due approval of competent authority. Student Entrepreneurs may earn credits for working on innovative prototypes/Business Models.
 - iii. SICET will develop clear guidelines to formalize this mechanism. Student inventors may also be allowed to opt for start-up in place of their mini project/ major project, seminars, summer trainings. The area in which student wants to initiate a start-up may be interdisciplinary or multidisciplinary. However, the student must describe how they will separate and clearly distinguish their ongoing research activities as a student from the work being conducted at the start up.
- C. Students who are under incubation, but are pursuing some entrepreneurial ventures while studying will be allowed to use their address in the institute to register their company with due permission from the Director and principal.

- D. Students entrepreneurs will be allowed to sit for the examination, even if their attendance is less than the minimum permissible percentage, with due permission from Director and principal.
- E. SICET will allow their students to take a semester/year break (or even more depending upon the decision of review committee constituted by the institute) to work on their start-ups and re-join academics to complete the course. Student entrepreneurs may earn academic credits for their efforts while creating an enterprise.
- F. SICET will facilitate the startup activities/ technology development by allowing students/ faculty/ staff to use infrastructure and facilities, as per the choice of the potential entrepreneur in the following manners:
- i. Short-term/ six-month/ one-year part-time entrepreneurship training.
 - ii. Mentorship support on regular basis.
 - iii. Facilitation in a variety of areas including technology development, ideation, creativity, design thinking, fund raising, financial management, cash-flow management, new venture planning, business development, product development, social entrepreneurship, product costing, marketing, brand-development, human resource management as well as law and regulations impacting a business.
 - iv. SICET may also link the startups to other seed-fund providers / angel funds/ venture funds or itself may set up seed-fund once the incubation activities mature. Further, necessary incentive in terms of resources, infrastructure, finance, time and support for students and faculties will be provided as per need basis.
- G. In return of the services and facilities, Technology Business Incubator may take 2% to 9.5% equity/ stake in the startup/ company, based on brand used, faculty contribution, support provided and use of institute's IPR (a limit of 9.5% is suggested so that institute has no legal liability arising out of startup. The institute will normally take much lower equity share, unless its full-time faculty/ staff have substantial shares). Other factors for consideration should be space, infrastructure, mentorship support, seed funds, support for accounts, legal, patents etc.
- For staff and faculty, institute can take no-more than 20% of shares that staff / faculty takes while drawing full salary from the institute; however, this share will be within the 9.5% cap of company shares, listed above.
 - No restriction on shares that faculty / staff can take, as long as they do not spend more than 20% of office time on the startup in advisory or consultative role and do not compromise with their existing academic and administrative work / duties. In case the faculty/ staff holds the executive or managerial position for more than three months in a startup, then they will go on sabbatical/ leave without pay/ earned leave.

- In case of compulsory equity model, Startup may be given a cooling period of 3 months to use incubation services on rental basis to take a final decision based on satisfaction of services offered by the TBI.

4. Ownership Rights for Technologies Developed

- A. When facilities / funds are used substantially or when IPR is developed as a part of curriculum/ academic activity, IPR is to be jointly owned by inventors and the institution.
- i. Inventors and institution could together license the product / IPR to any commercial organization, with inventors having the primary say. License fees could be either / or a mix of
 1. Upfront fees or one-time technology transfer fees
 2. Royalty as a percentage of sale-price
 3. Shares in the company licensing the product
 - ii. If one or more of the inventors wish to incubate a company and license the product to this company, the royalties would be no more than 4% of sale price, preferably 1 to 2%, unless it is pure software product. If it is shares in the company, shares will again be 1% to 4%. For a pure software product licensing, there may be a revenue sharing to be mutually decided between the Incubation centre and the incubated company.
- B. On the other hand, if product/ IPR is developed by innovators not using any facilities, outside office hours (for staff and faculty) or not as a part of curriculum by student, then product/ IPR will be entirely owned by inventors in proportion to the contributions made by them. In this case, inventors can decide to license the technology to third parties or use the technology the way they deem fit.
- C. If there is a dispute in ownership, a minimum five membered committee consisting of two faculty members (having developed sufficient IPR and translated to commercialization), two of the institution's industry experts / alumni (having experience in technology commercialization) and one legal advisor with experience in IPR, will examine the issue after meeting the inventors and help them settle this, hopefully to everybody's satisfaction. The institution can use alumni/ faculty of other institutes as members, if they cannot find sufficiently experienced alumni / faculty of their own.
- D. SICET Centre of Innovation or Technology Business Incubator will only be a coordinator and facilitator for providing services to faculty, staff and students. They will have no say on how the invention is carried out, how it is patented or how it is to be licensed however in specific case, clarifications can be sought. When institution is paying for patent filing, institute will constitute a committee which can examine whether

the IPR is worth patenting. The committee should consist of faculty who have experience and excelled in technology translation. If inventors are using their own funds or non-institutional funds, then they alone should have a say in patenting.

- E. SICET decision-making body with respect to incubation / IPR / technology-licensing will consist of faculty and experts who have excelled in technology translation. Interdisciplinary research and publication on startup and entrepreneurship will be promoted.

5. Organizational Capacity, Human Resources and Incentives

- A. The institution will recruit staff that have a strong innovation and entrepreneurial/ industrial experience, behaviour and attitude. This will help in fostering the Innovation and entrepreneurial culture.
- i. Some of the relevant faculty members with prior exposure and interest should be deputed for training to promote innovation and entrepreneurial.
 - ii. To achieve better engagement of staff in entrepreneurial activities, institution policy on career development of staff should be developed with constant upskilling.
- B. Faculty and departments of the SICET will work in coherence and cross-departmental linkages will be strengthened through shared faculty, cross-faculty teaching and research in order to gain maximum utilization of internal resources and knowledge.
- C. Periodically some external subject matter experts such as guest lecturers or alumni can be engaged for strategic advice and bringing in skills which are not available internally.
- D. Faculty and staff will be encouraged to do courses on innovation, entrepreneurship management and venture development.
- E. The reward system for the staff may include sabbaticals, office and lab space for entrepreneurial activities, reduced teaching loads, awards, trainings, etc.
- F. The recognition of the stakeholders may include offering use of facilities and services, strategy for shared risk, as guest teachers, fellowships, associateships, etc.
- G. A performance matrix will be developed and used for evaluation of annual performance.

6. Creating Innovation Pipeline and Pathways for Entrepreneurs

- A. To ensure exposure of maximum students to innovation and pre incubation activities at their early stage and to support the pathway from ideation to innovation to market, mechanisms will be devised.
- i. Spreading awareness among students, faculty and staff about the value of entrepreneurship and its role in career development or employability will be a part of the entrepreneurial agenda.

- ii. Students/ staff will be taught that innovation (technology, process or business innovation) is a mechanism to solve the problems of the society and consumers. Entrepreneurs will innovate with focus on the market niche.
 - iii. Students will be encouraged to develop entrepreneurial mindset through experiential learning by exposing them to training in cognitive skills (e.g. design thinking, critical thinking, etc.), by inviting first generation local entrepreneurs or experts to address young minds. Initiatives like idea and innovation competitions, hackathons, workshops, bootcamps, seminars, conferences, exhibitions, mentoring by academic and industry personnel, throwing real life challenges, awards and recognition will be routinely organized.
 - iv. To prepare the students for creating the start up through the education, integration of education activities with enterprise-related activities will be done.
- B. SICET will link their start-ups and companies with wider entrepreneurial ecosystem and by providing support to students who show potential, in pre-startup phase. Connecting student entrepreneurs with real life entrepreneurs will help the students in understanding real challenges which may be faced by them while going through the innovation funnel and will increase the probability of success.
- C. The institution will establish Institution's Innovation Councils (IICs) as per the guidelines of MHRD's Innovation Cell and allocate appropriate budget for its activities. IICs should guide institutions in conducting various activities related to innovation, startup and entrepreneurship development. Collective and concentrated efforts should be undertaken to identify, scout, acknowledge, support and reward proven student ideas and innovations and to further facilitate their entrepreneurial journey
- D. For strengthening the innovation funnel of the SICET, access to financing must be opened for the potential entrepreneurs.
- i. Networking events must be organized to create a platform for the budding entrepreneurs to meet investors and pitch their ideas.
 - ii. Provide business incubation facilities: premises at subsidized cost. Laboratories, research facilities, IT services, training, mentoring, etc. will be accessible to the new startups.
 - iii. A culture needs to be promoted to understand that money is not FREE and is risk capital. The entrepreneur must utilize these funds and return. While funding is taking risk on the entrepreneur, it is an obligation of the entrepreneur to make every effort possible to prove that the funding agency did right in funding him/ her.

7. Norms for Faculty Startups

- A. For better coordination of the entrepreneurial activities, norms for faculty to do startups will be created. Only those technologies will be taken for faculty startups which originate from within the institution.
 - i. Role of faculty may vary from being an owner/ direct promoter, mentor, consultant or as on-board member of the startup.
 - ii. The institution will work on developing a policy on 'conflict of interests' to ensure that the regular duties of the faculty don't suffer owing to his/her involvement in the startup activities.
 - iii. Faculty startup may consist of faculty members alone or with students or with faculty of other institutes or with alumni or with other entrepreneurs.
- B. In case the faculty/ staff holds the executive or managerial position for more than three months in a startup, they will go on sabbatical/ leave without pay/ utilize existing leave.
- C. Faculty must clearly separate and distinguish on-going research at the institution from the work conducted at the startup/ company.
- D. In case of selection of a faculty start up by an outside national or international accelerator, a maximum leave (as sabbatical/ existing leave/ unpaid leave/ casual leave/ earned leave) of one semester/ year (or even more depending upon the decision of review committee constituted) may be permitted to the faculty.
- E. Faculty must not accept gifts from the startup.

8. Pedagogy and Learning Interventions for Entrepreneurship Development

- A. Diversified approach should be adopted to produce desirable learning outcomes, which will include cross disciplinary learning using mentors, labs, case studies, games, etc. in place of traditional lecture-based delivery.
 - i. Student clubs/ bodies/ departments will be created for organizing competitions, boot camps, workshops, awards, etc. These bodies will be involved in institution's strategy planning to ensure enhancement of the student's thinking and responding ability.
 - ii. SICET will start annual 'INNOVATION & ENTREPRENEURSHIP AWARD' to recognize outstanding ideas, successful enterprises and contributors for promoting innovation and enterprises ecosystem within the institute.

- iii. For creating awareness among the students, the teaching methods will include case studies on business failure and real-life experience reports by startups.
 - iv. Innovation champions will be nominated from within the students/ faculty/ staff for each department/ stream of study.
- B. Entrepreneurship education will be imparted to students at curricular/ co-curricular/ extracurricular level through elective/ short term or long-term courses on innovation, entrepreneurship and venture development. Validated learning outcomes will be made available to the students.
- i. Integration of expertise of the external stakeholders will be done in the entrepreneurship education to evolve a culture of collaboration and engagement with external environment.
 - ii. In the beginning of every academic year, institution will conduct an induction program about the importance of Innovation and Entrepreneurship, so that freshly inducted students are made aware about the entrepreneurial agenda of the institution and available support systems. Curriculum for the entrepreneurship education will be continuously updated based on entrepreneurship research outcomes. This will also include case studies on failures.
 - iii. Industry linkages will be leveraged for conducting research and survey on trends in technology, research, innovation, and market intelligence.
 - iv. Sensitization of students will be done for their understanding on expected learning outcomes.
 - v. Student innovators, startups, experts must be engaged in the dialogue process while developing the strategy so that it becomes need based.
 - vi. Customized teaching and training materials will be developed for startups.
 - vii. It must be noted that not everyone can become an entrepreneur. The entrepreneur is a leader, who would convert an innovation successfully into a product, others may join the leader and work for the startup. It is

important to understand that entrepreneurship is about risk taking. One

must carefully evaluate whether a student is capable and willing to take risk.

- C. Pedagogical changes need to be done to ensure that maximum number of student projects and innovations are based around real life challenges. Learning interventions developed by the institution for inculcating entrepreneurial culture will be constantly reviewed and updated.

9. Collaboration, Co-creation, Business Relationships and Knowledge Exchange

- A. Stakeholder engagement will be given prime importance in the entrepreneurial agenda of the institution. SICET will find potential partners, resource organizations, micro, small and medium sized enterprises (MSMEs), social enterprises, schools, alumni, professional bodies and entrepreneurs to support entrepreneurship and co-design the programs.

- i. To encourage co-creation, bi-directional flow/ exchange of knowledge and people will be ensured between institutes/ organizations such as incubators, software technology parks of India and science parks, etc.
- ii. Institution will organize networking events for better engagement of collaborators and will open up the opportunities for staff, faculty and students to allow constant flow of ideas and knowledge through meetings, workshops, space for collaboration and lectures etc.

- B. SICET will develop policy and guidelines for forming and managing the relationships with external stakeholders including private industries.

- C. Knowledge exchange through collaboration and partnership will be made and will provide support mechanisms and guidance for creating, managing and coordinating these relationships.

- i. Through formal and informal mechanisms such as internships, teaching and research exchange programmes, clubs, social gatherings, etc., faculty, staff and students will be given the opportunities to connect with their external environment.

- ii. Single Point of Contact (SPOC) mechanism will be created in the institution for the students, faculty, collaborators, partners and other

stakeholders to ensure access to information.

- iii. Mechanisms will be devised by the institution to ensure maximum exploitation of entrepreneurial opportunities with industrial and commercial collaborators.
- iv. Knowledge management will be done by the institution through development of innovation knowledge platform using in-house Information & Communication Technology (ICT) capabilities.

10. Entrepreneurial Impact Assessment

- A. Impact assessment of SICET entrepreneurial initiatives such as pre- incubation, incubation, entrepreneurship education will be performed regularly using well defined evaluation parameters.
 - i. Monitoring and evaluation of knowledge exchange initiatives, engagement of all departments and faculty in the entrepreneurial teaching and learning will be assessed.
 - ii. Number of start-ups created, support system provided at the institution level and satisfaction of participants, new business relationships created by the institution will be recorded and used for impact assessment.
 - iii. Impact will also be measured for the support system provided by the institution to the student entrepreneurs, faculty and staff for pre-incubation, incubation, IPR protection, industry linkages, exposure to entrepreneurial ecosystem, etc.
- B. Formulation of strategy and impact assessment will go hand in hand. The information on impact of the activities will be actively used while developing and reviewing the entrepreneurial strategy.
- C. Impact assessment for measuring the success will be in terms of sustainable social, financial and technological impact in the market. For innovations at pre-commercial stage, development of sustainable enterprise model is critical. Commercial success is the only measure in long run.

IIC Institutes should guide student innovation on the following Thrust Areas:

1. Healthcare & Biomedical devices.
2. Agriculture & Rural Development.
3. Smart Vehicles/ Electric vehicle/ Electric vehicle motor and battery technology.
4. Food Processing.
5. Robotics and Drones.
6. Waste management.
7. Clean & Potable water.
8. Renewable and affordable Energy.
9. IoT based technologies (e.g. Security & Surveillance systems etc.)
10. ICT, cyber-physical systems, Blockchain, Cognitive computing, Cloud computing, AI & ML.

National Education Policy (NEP) 2020

Compilation of best practices adopted by the Institute to implement National Education Policy (NEP) 2020

A number of initiatives have been taken by the Institution on the Action Plan organized under 5 different themes.

- 1) Learner Centric Education**
- 2) Digital/ online Learning & Credit Transfer system**
- 3) Academic research and Internationalization**
- 4) Industry Institute Collaboration**
- 5) Indian Knowledge Systems**

The New Education Policy (NEP) has also provided a clear direction for imparting IKS in the higher education curriculum. This helps the learner to know and understand their own systems and traditions which are imperative for any real development and progress. Also it helps the learner to think independently and originally with Indian frameworks and models for solving the problems of present day.

The motivation is to equip with the knowledge and understanding related to:

1. Indian Knowledge Systems: Origin, Evolution and Ontological Approach
2. Indian Knowledge Approaches- Time, Language, Environment, Management
3. Sciences of Life and Mind
4. Self-Exploration and Self-Knowledge for Personal Effectiveness

Our Initiatives:

1. Participated in awareness programmes conducted by Ministry of Education (MoE)
2. Initiated club activities (Language Club, Art Club, Innovata Club, Spoken Tutorial Club, S-Hub) with the objectivity of IKS and functionaries of the club.
3. Offering online courses in regional languages.

4. Conducting Yoga day celebrations and Monthly second and fourth Saturday's yoga classes are being offered to students and faculty members.

5. Life skill management programmes are also offers to the students.

Multidisciplinary / interdisciplinary

In Today's technological world of globalization, skills play more important role in real-life than mere knowledge. Multidisciplinary and Holistic Approach in the institution aims to develop following skills and overall personality building among students.

Critical ability: With multiple discipline knowledge, a student will become able to think beyond the horizon of single discipline and can think about the logical connections between different ideas.

Self-governance: With the choice of their own subjects, students will become able to set their priorities and knowledge landscape for a disciplined learning.

Problem Solving: Quick and Effective solution to a problem, is the skill that the employers searching in the current time. The knowledge of different subjects in multidisciplinary approach will develop the logical and analysis skills in students to handle difficult situations.

Communication: Knowledge is the confidence and an effective communication is the result of wide knowledge. With multidisciplinary and holistic learning students will be able to share ideas, express their feelings and contribute to national progress.

Our institution offers flexible and innovative curricula that includes credit-based courses and projects in the areas of community engagement and service, environmental education, and value-based towards the attainment of a holistic and multidisciplinary and interdisciplinary education. Incubation center and innovate clubs were set up in the Institution level to enhance the interdisciplinary research culture and more efforts will be put for bridging industry-academic gaps for innovation and technology advancements.

The detailed curriculum course structure provides scope for constitution of india, gender sensitization, Intellectual property rights, open elective subjects which includes inter-disciplinary subjects in the field of outside the parent discipline/branch of engineering and also industry training/ internship/ industry oriented mini-projects/skill development courses etc.

Academic bank of credits (ABC):

Academic Bank of Credits (ABC) is an effective virtual/digital storehouse that contains the complete details of the credits earned by individual students throughout their learning journey. It will enable students to open their accounts and give multiple options for entering and leaving colleges. There will be “multiple exits” & “multiple entries” points during the higher education tenure & credits will be transferred through the ABC seamlessly.

ABC can be considered as an authentic reference to check the credit record of any student at any given point in time. Thus, the concept of ABC is fuel to boost the efficiency of faculty and help students hold a multi-disciplinary educational approach. The idea is to make students “skillful professionals” and help their overall growth.

Functions of Academic Bank of Credit (ABC)

The Academic Bank will be accountable for opening, closing, and validating the academic accounts of students.

It will carry out tasks such as credit accumulation, credit verification, credit transfer/redemption of students.

The courses include online and distance mode courses offered by the government and institutes.

The validity of these academic credits earned by students will be up to seven years and students can redeem these credits.

The credits can be redeemed and students can seek admission directly in the second year at any university.

The validity will be up to seven years, hence, students will have to rejoin within seven years.

Importance of Academic Bank of Credit (ABC)

Increases the student's freedom in choosing their courses and academics.

Enables the student to drop out in any year and then exchange the credits earned so far with a certificate/diploma if they are eligible.

They can redeem the credits and rejoin the same or any other institute in the future and continue their education.

Types of Courses

Online & offline – both types of courses are included in the scheme. Some of the important ones include National Schemes such as–

NPTEL

SWAYAM

V-LAB

Spoken Tutorial

Thus, the ABC will cover almost all types of courses including distance learning courses to help students of every possible stream.

Impact of ABC

The inter-disciplinary & multi disciplinary approach is the need of the hour. With the Academic Credit Bank, HEIs will be able to help students learn subjects of their choice and become “skill-oriented” graduates.

Creating a student-centric learning ecosystem

Innovative techniques of teaching

Implement best practices for choice-based learning

Develop skills along with academic merit

Prepare students to be future-ready

Credit Transfer System of MOOC Against Open Elective And Professional Electives

The credit transfers of MOOC (Offered by SWAYAM/NPTEL / COURSERA etc.) against Open Elective (**3-I, 3-II**) and Professional Elective (**4-I, 4-II**). These rules shall be applicable from Academic Year 2020-2021.

1. The student shall be required to submit an **Application form/UNDERTAKING** for final approval for credit transfer of MOOC against open elective along with the photocopy of MOOC completion certificate to chairperson through HOD before the allotment of open elective (**3-I, 3-II**) and professional electives (**4-I, 4-II**) to the UG/PG students.
2. Only those registered MOOC courses are allowed for Credit Transfer which have credits more than or equal to the credits assigned to Open Elective course or the MOOC course should be of minimum **4/8/12** weeks duration. The student can also choose to register and complete more than one MOOC of same or different subject areas. However, the total number of weeks of all such individual courses should be more than or equal to 4/8/12 and should either belong to SWAYAM-NPTEL OR otherwise COURSERA. However, the candidates have to submit MOOC certificate/certificates to acquire the total number of credits offered against the elective subject.

Credit Equivalence		
S. No.	Course Duration	Credit Equivalence for Transfer of Credits
UG / PG		
1	4 Weeks	1 Credit
2	8 Weeks	2 Credits
3	12 Weeks	3 Credits

3. While transferring the credit from MOOC against open elective or professional elective, the student can opt following combinations of MOOC with the approval of coordinator and head of the department.

I) for **3 credits:** a) 12 Weeks **(1)** (or)

b) 8 Weeks **(1)** + 4 Weeks **(1)** (or)

c) 4 Weeks **(1)** + 4 Weeks **(1)** + 4 Weeks **(1)**

II) for **2 Credits:** b) 8 Weeks **(1)** (or)

c) 4 Weeks **(1)** + 4 Weeks **(1)**

4. Credit transfer shall not be allowed, if the contents and topic of the MOOC which is identical (20% overlapping is permissible) to any of the courses including Open Elective courses offered by any department for UG/PG students. It is the responsibility of the HOD to verify and recommend the courses requested by students is satisfying criteria 2.

5. Scores of the MOOC courses completed by the students on permitted platforms satisfying all above conditions are valid till **2** years. Only such MOOC courses/Scores will be considered for credit transfer.

6. If the MOOC course in which the student is interested does not fall in the parent discipline of the student and belongs to other Engineering disciplines existing at Basic Sciences/Humanities/Management, the Departmental coordinator will seek opinion of concerned HoD to verify the matching of content of MOOC with that of Open Elective courses/Professional Elective courses offered.

7. If the above mentioned conditions are fulfilled, the Departmental Interdisciplinary coordinator will recommend the case to coordinator, Interdisciplinary Courses for final approval and accordingly notify to the students. After getting approval from HoD, the

student may register for the MOOC course he/she can be allowed for and complete the same as per the requirements for credit transfer.

8. The coordinator, Interdisciplinary Courses, will consolidate the lists from all departments and submit the same for final approval. Chairperson will submit the list to Principal / Chairman. the final list will be forwarded to the Controller of Examination for further action.

9. The department/institution is not responsible for the registration of online MOOC. The candidates have to pay for registration of such courses.

10. Alternatively for online MOOC courses, the candidates have a choice to opt a subject from open/professional electives. The credit grade point mapping framework could be awarded based on the score as per the table 1.

Table 1 Grade point Mapping

Range of Score	Grade point	Grade
≥90	10	O
80 to 89	9	A+
70 to 79	8	A
60 to 69	7	B+
50 to 59	6	B
40 to 49	5	C
0 to 39	0	F

Outcomes:

Branch wise Staff and Students received MOOC certificates

Skill development:

Skill Development is the process of identification of the skills gap in onboard students and providing skilling training & employment benefits to them. Skill development programs

aim to acknowledge the ability of the students and extend their support by serving them with the proper guidance, infrastructure, opportunities, and encouragement that help them achieve their career ambitions. Education and skills are essential for everyone, and they both walk hand in hand in everyone's career journey. Therefore, SICET is continuously making efforts to provide skill development to the students from first year onwards with our skilling partners.

The benefits of Skill Development include increased employability skills, improved performance, improved accuracy & quality, improved communication, complies with rules & regulations, improved recruitment & career opportunities, and development.

Our Skilling partners are:

S. No	Professional Bodies/ Academics/MoU with Industries	Recognition Status
1	TASK	Active
2	Edify Educational Services Pvt. Ltd	Active
3	IMARTICUS Learning Pvt Ltd	Active
4	Surya Tech Solutions	Active
5	Global Vision Consultancy	Active
6	Kodnest Technology	Active
7	Netalla Innovations Private Limited	Active
8	BYTE XL India Private Limited	Active
9	Yash Technologies Private Limited	Active
10	Coding Ninjas	Active
11	Talent Serve India Private Limited	Active
12	Verzeo	Active
13	SAP India Pvt Ltd	Active
14	Eleation	Active
15	VDL Auto Products	Active
16	JERS Industries	Active
17	Amazee Global Venture Inc.	Active
18	MANAC	Active
19	TLC Group	Active

Through our MOU partners we train the students on various platforms, modern tools, emerging technologies and industry specific skillsets.

Also, we are making the students and faculty to enroll in AICTE upskilling schemes like.,

- Kaushal Augmentation and Restructuring Mission of AICTE (KARMA)
- AICTE - Youth Undertaking Visit for Acquiring Knowledge (YUVAK)
- Smart India Hackathon
- AICTE [Internships in India](#)
- AICTE Training and Learning (ATAL) Academy
- AICTE Students Learning Assessment PARAKH
- AICTE-[National Education Alliance for Technology \(NEAT\)](#)
- AICTE-SWAYAM-NOC

During the academic year 2021-22 the college has taken an initiative on conducting various skill enhancement programmes are:

1. Resume Building
2. Communication skills
3. Personality development Courses
4. CRT Programme
5. Advance JAVA
6. Python Programming
7. Sketch with IOT Applications
8. Programming in C, C++
9. Machine Learning Services
10. Aneka 4.0
11. CNC Programming and Machining
12. Drone Development

And many more.

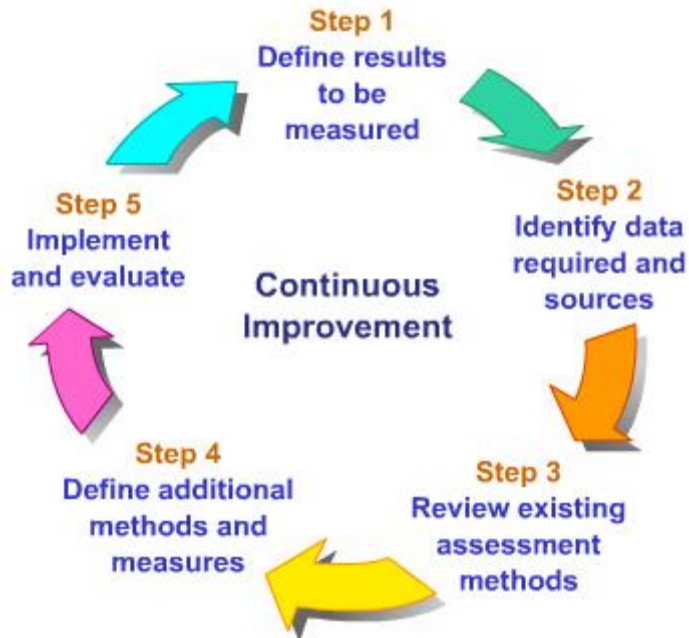

Appropriate integration of Indian Knowledge system

programs are learning units, which can be a few hours of self/classroom learning activity, a one-semester course, or a formal program of four years. the term Outcome-Based Education (OBE) to shift the focus from what is taught to what is learned. OBE approaches education by making decisions about the curriculum and instruction that are driven by the exit learning outcomes that the students should display at the end of a program or a course. OBE gives priority to ends, purposes, learning, accomplishments, and results. The learning outcomes at the end of a course/activity in a program are identified by the concerned PAC. The course outcomes (COs) are best written by following a structure identified in the framework of Revised Bloom's taxonomy.

In OBE the key to the alignment is that the components in the teaching system, especially the teaching methods used and the assessment tasks are aligned to the learning activities assumed in the intended outcomes.

1. Defining Curriculum Objectives and Intended Learning Outcomes.
2. Designing Assessment Tasks.
3. Selecting Teaching and Learning Activities.
4. Reviewing your Program-level Outcomes.
5. Writing Intended Learning Outcomes.
6. Choosing an Appropriate Outcome-based Assessment Tool and Method

Assessment Process:

process for defining the Vision and Mission of the Department and PEOs of the program

The Vision and Mission Statements of the department was defined by involving the stakeholders inlines of the institutional Mission & Vision statements. The following key components were reviewed and their competency indicators are also incorporated for drafting for defining department vision, mission and PEO statements.

- Quality Education
- Professional Career
- Higher Education
- Innovation and Creativity
- Lifelong Learning.
- Industry needy and Societal Conciouness

The blockdiagram ratifies the top down approach for the development of Department vision, mission and PEOs and the detailed articulation process is involed to finalize the statements of the program.

The New Education Policy (NEP) has also provided a clear direction for imparting IKS in the higher education curriculum. This helps the learner to know and understand their own systems and traditions which are imperative for any real development and progress. Also it helps the learner to think independently and originally with Indian frameworks and models for solving the problems of present day.

The motivation is to equip with the knowledge and understanding related to:

5. Indian Knowledge Systems: Origin, Evolution and Ontological Approach
6. Indian Knowledge Approaches- Time, Language, Environment, Management
7. Sciences of Life and Mind
8. Self-Exploration and Self-Knowledge for Personal Effectiveness

Our Initiatives:

1. Participated in awareness programmes conducted by Ministry of Education (MoE)
2. Initiated club activities (Language Club, Art Club, Innovata Club, Spoken Tutorial Club, S-Hub) with the objectivity of IKS and functionalities of the club.
3. Offering online courses in regional languages.
4. Conducting Yoga day celebrations and Monthly second and fourth Saturday's yoga classes are being offered to students and faculty members.
5. Life skill management programmes are also offered to the students

Distance education/online education

Online Mode of education providing flexible learning opportunities and way for creative teaching-learning and empowers student-centered education by overcoming separation of teacher and learner using the internet, e-Learning Materials and full-fledged programme delivery through the internet using technology assisted mechanisms and resources. Our institution offers value added and skill development courses through online mode apart from regular curriculum, also shares e-learning materials. The various types of online courses are recommended to students through mentors. Some of the important ones include National Schemes such as–

- NPTEL
- SWAYAM
- V-LAB
- Spoken Tutorial
- Infosys Campus Connect
- Company specific training etc.,
- NITTTR
- IIRS
- ATAL Academy

The main advantages of online modes are

- Convenient learning mode
- Better interaction
- Effective pedagogy
- Web-proctored exams
- Networking opportunities

E-Resources

The library provides IP enabled access to a large number of full texts on line journal databases from the various publishers.

- E-
 - Journals, 1.
 - J-Gate
 - 2. DELNET
 - 3. e-Shodh Sindhu N-List
 - 4. Open Source E journals
- E-Books
 - 1. Sri Indu Ebook Management Software
 - 2. e-ShodhSindhu N-List
- MOOCs
- NPTEL
- DSpace Institutional digital library Software
- SONET Video Lectures
- Institutional Membership of Indian National Digital Library (NDL)
