Report on the Student Attributes Facilitated by the Institution

Sri Indu College of Engineering and Technology is taking continuous effort for facilitating students for achieving professionalism, transparency, and efficiency in all its curricular, co-curricular, and extra-curricular activities. The vision of the college is to mould the younger generations in to a professionally competent and socially responsible citizen. To maintain the highest academic standards, the college has been upholding the ideals and moral values to create enlightened, empowered, and socially committed students.

Following student attributes are facilitated by the college:

- Excellence: The College promotes excellence as a quality among the students in all their activities and inspires them to strive for the best.
- Discipline and Punctuality: The college maintains a Code of Conduct for students to develop among them discipline, punctuality, behavioural decorum and professional ethics.
- Integrity: Integrity is the quality of being honest in all things, to all people, and at all times.
The College takes efforts to nurture this quality among students both in the personal and social dimensions.
- Dignity: Students of the college are trained to participate, coordinate and take up responsibilities of their own in every curricular and co-curricular activities and uplift the dignity of students by developing an individuality and integrated personality to meet the expectations of professional and social world.
- Inclusiveness: The College invites everyone to enjoy the essence of knowledge from the same fountain by promoting inclusiveness among students encouraging fellow feeling, compassion and sensitiveness towards their friends and peers by engaging them in NSS units, Empowerment Cell and outreach programs.
- Sustainable Living: Students are encouraged to understand the values of conservation of natural resources and promote green initiatives and thereby involve in care for nature to

Sri Indu College of Engineering and Technology has helped me a lot in many ways. It has organized many more technical events, workshops, career guidance programmes, mock test, GD and Pre-Placement talk to understand the technology revolutions. The college has brought number of companies to campus for placement that helped me in building a foundation of my career. Thanks to all my respected teachers and other supporting members.
