ACCREDITATION COUNCIL

POLICY DOCUMENT (DIVYANGJAN)

SRI INDU COLLEGE OF ENGINEERING AND TECHNOLOGY

POLICY DOCUMENT (DIVYANGJAN)

Objectives

- To minimize the hurdles faced by divyangjan students/faculty/staff
- To provide guidelines for establishing and monitoring of facilities related to divyangjan people

Scope

In order to develop awareness in the higher education system and also to provide necessary guidance and counselling to differently-abled persons, it is expected that the Institute:

- Facilitates admission of differently-abled persons in various courses;
- Provides guidance and counselling to differently abled individuals
- Creates awareness about the needs of differently abled persons, and other general issues concerning their learning
- Assists differently-abled graduates to gain successful employment in the public as well as private sectors.

The Major Functions of the Enabling Unit Will Be as Follows:

- To provide counselling to differently - abled students on the types of courses they could study at the higher education institutions.
- To ensure admission of as many differently-abled students as possible through the open quota and also through the reservation meant for them.
- To gather orders dealing with fee concessions, examination procedures, reservation, policies, etc., pertaining to differently-abled persons.

- To assess the educational needs of differently abled persons enrolled in the higher education institutes to determine the types of assistive devices to be procured.
- To conduct awareness programmes for teachers of the institute about the approaches to teaching, evaluation procedures, etc., which they should address in the case of differently-abled students.
- To study the aptitude of differently-abled students and assist them in getting appropriate employment when desired by them after their studies.
- To celebrate important days pertaining to disability such as the World Disabled Day, White Cane Day, etc., in the institute and also in the neighborhood in order to create awareness about the capabilities of differently-abled persons.
- To ensure maintenance of special assistive devices procured by the higher education institute under the schemes and encourage differently-abled persons to use them for enriching their learning experiences.
- To prepare annual reports with case histories of differently-abled persons who are benefited by the various schemes sanctioned to the higher education institute.

Providing Access to Differently-abled persons:

It has been felt that differently-abled persons need special arrangements in the environment for their mobility and independent functioning. It is also a fact that many institutes have architectural barriers that disabled persons find difficult for their day-to-day functioning. The college is expected to address accessibility related issues as per the stipulations of the Persons with Disabilities Act 1995, and ensure that all existing structures as well as future construction projects in their campuses are made disabled friendly. The institutes should create special facilities such as ramps, rails and special toilets, and make other necessary changes to suit the special needs of differently-abled persons. The

construction plans should clearly address the accessibility issues pertaining to disability. Guidelines on accessibility laid out by the office of the Chief Commissioner of Disabilities.

Providing Special Equipment to augment Educational Services for Differently Aabled Persons

Differently-abled persons require special aids and appliances for their daily functioning. These aids are available through various schemes of the Ministry of Social Justice and Empowerment. In addition to the procurement of assistive devices through these schemes, the higher education institute may also need special learning and assessment devices to help differently-abled students enrolled for higher education. In addition, visually challenged students need Readers. Availability of devices such as computers with screen reading software, low-vision aids, scanners, mobility devices, etc., in the institute would enrich the educational experiences of differently-abled persons. Therefore, college is encouraged to procure such devices and provide facility of Readers for visually challenged students.

Construction and making the environment disability friendly

The screenshot shows the official website of the Office of Chief Commissioner for Persons with Disabilities. The page is in Hindi and features a prominent banner with the slogan "खुद बचें, अपनों को बचाएं!" (Protect yourself, protect your loved ones!). Below the banner, there is a navigation menu and a "What's New" section. The "What's New" section highlights a "List of identified jobs for Persons with Disabilities - 2021". The footer contains sections for "SUCCESS STORIES", "Accessibility Statement", "Acts/Guideline", and "OUR ACHIEVEMENTS".

The Disabilities act

Website For Details : [Acts | Department of Empowerment of Persons with Disabilities | MSJE | Government of India \(disabilityaffairs.gov.in\)](#)

The screenshot shows the website for the Department of Empowerment of Persons with Disabilities (Divyangjan), Government of India. The page is titled "Home > Acts". It lists three acts administered by the department: 1. The Rights of Persons with Disabilities Act, 2016; 2. The National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act, 1999; and 3. Rehabilitation Council of India Act, 1992. The main heading is "The Rights of Persons with Disabilities (RPwD) Act, 2016". Below this, it states that the RPwD Act, 2016 was enacted on 28.12.2016 and came into force on 19.04.2017. The salient features of the Act are listed: i. Responsibility has been cast upon the appropriate governments to take effective measures to ensure that the persons with disabilities enjoy their rights equally with others; ii. Disability has been defined based on an evolving and dynamic concept; iii. The Act covers the following specified disabilities: 1. Physical Disability. The website also features a navigation menu with options like Home, Services, About Us, Policy / Acts / Rules, Schemes, Publication, Tender / Procurement, RTI, and Contact Us. A sidebar on the left contains links for Meet the Minister, Whats New, CCPD Hearing & Recommendations, Vigilance, Events / Gallery, National Awards, Public Grievance, Circulars / Notifications, and NGO Online Applications. The page also includes a search bar, a free number (1800 599 0019), and various accessibility and utility icons.

Welcome to our site

The Department of Empowerment of Persons with Disabilities in the Ministry of Social Justice & Empowerment facilitates empowerment of the persons with disabilities, who as per Census 2011 are 2.68 crore and are 2.21 percent of the total population of the Country. These include persons with Visual, Hearing, Speech & Locomotive disability, Mental Retardation, Mental Illness, Multiple Disability and any other disabilities.

Interact with PM

This is an interactive platform for communities of persons with disabilities who are engaged in the process of collective learning in a shared domain. This will help the groups of people to share a concern, learning and information related to the domain of their interest. Disability wise communities can actively interact on this platform in the interest of their welfare and rehabilitation".

FACILITIES AND SUPPORT

INSTITUTION'S SUPPORT TOWARDS THE DISABLED PEOPLE

Physical infrastructure including buildings, furniture, facilities and services in the building/campus are barrier free. No person shall be discriminated on the ground of disability. Right to equality and right to confidentiality of information are protected. Appropriate assistive tools are provided to sort out their problems in learning.

Sri Indu College of Engineering and Technology took up on itself the responsibility of enriching the society through promotion of education, literature and culture. The premier status of the institution is made possible by sticking to our core-principles of student-focus, Human Resource Development and emphasis on total quality.

The College's humanitarian policy, balances professional as well as ethical values by setting a secured and friendly environment to the differently abled individuals, conveying that people with disabilities are not objects of charity but have the same rights and dignity like any other individuals.

It is proactive, in providing equal opportunities to the disabled, for both access and accommodation at the institute. It sets an environment that the disabled persons feel the right to equal access to education, freedom from torture and the right to Live with peers in the academic Community.

- 1. Braille Blaster:** Braille Blaster relies on Liblouis, a well-known open source braille translator, for translating text and mathematics to braille. Braille Blaster takes advantage of the rich markup contained in NIMAS (National Instructional Materials Accessibility Standard) files to automate basic formatting and gives you tools to make advanced tasks quicker and easier. Primarily designed for editing text books that meet the specifications published by the Braille Authority of North America, the purpose of Braille Blaster is to help braille producers ensure that every student has their braille text books on the first day of class.

The development of Braille Blaster and modifications to Liblouis are part of the REAL plan (Resources with Enhanced Accessibility for Learning). The REAL plan is an ongoing initiative of the American printing house for the blind to improve the conversion and delivery of Braille and other accessible formats to students who are blind.
- 2. Non Visual Desktop Access (NVDA):** It is a free, open source, globally accessible screen reader for the blind and vision impaired. This software is designed by the blind for the blind. This software provides access to technology no matter the language, location or financial situation believing that every blind or vision impaired person deserves the right to freely and easily access a computer.
- 3. Live Transcribe:** It is an accessibility app designed for the deaf and hard of hearing and usable by anyone. Using Google's state of the art automatic speech recognition technology, Live Transcribe performs real time transcription of speech and sound to text on the screen, so that deaf person can participate more easily in conversations going in the world around him.
- 4. Sound Amplifier:** It is an app on Android device with wired headphones to filter, augment, and amplify the sounds in our environment. This app helps to
